

NOTICE AND DISCLAIMER

The Crook County Court is the governing body of Crook County and holds public meetings (generally on the first and third Wednesday of each month) to deliberate upon matters of County concern. As part of its efforts to keep the public apprised of its activities, the Crook County Court has published this PDF file. This file contains the material to be presented before the County Court for its next scheduled regular meeting.

Please note that while County staff members make a dedicated effort to keep this file up to date, documents and content maybe added, removed or changed between when this file is posted online and when the County Court meeting is held. The material contained herein maybe changed at any time, with or without notice.

CROOK COUNTY MAKES NO WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING ANY WARRENTY OF MERCHANTABILITY, ACCURACY, FITNESS FOR A PARTICULAR PURPOSE OR FOR ANY OTHER MATTER. THE COUNTY IS NOT RESPONSIBLE FOR POSSIBLE ERRORS, OMMISSIONS, MISUSE OR MISINTERPERTATION.

Please also note that this file does not contain any materials scheduled to be discussed at an executive session or material the access to which maybe restricted under the terms of Oregon law.

If you are interested in obtaining additional coples of any of the documents contained herein, they maybe obtained by completing a Crook County Public Records Request form. Request forms are available on the County's website.

**CROOK COUNTY COURT MINUTES
OF JUNE 21, 2022 WORK SESSION
Open Portion**

Be It Remembered that the Crook County Court met in a regularly scheduled Work Session on June 21, 2022, at 9:00 a.m. in the Administration Conference room located at 203 NE Court Street, Prineville, Oregon 97754.

Court Members Present: Judge Seth Crawford and Commissioner Jerry Brummer

Absentees: Commissioner Brian Barney

Others Present in Person or Via WebEx: Legal Counsel Eric Blaine; Legal Counsel John Eisler; Paralegal Lindsay Azevedo; Director Kim Barber; Director Dodge Kerr; Manager Levi Roberts; Susan Baker; Joe Dear; and Christina Haron.

WORK SESSION

The meeting was **called to order at 9:00 a.m.**

The Court opened the floor for public comment. There were no comments.

At 9:04am the Court read into Executive Session under the following statute(s): ORS 192.660(2)(e) For the purpose of conducting deliberations with persons designated by the governing body to negotiate real property transactions; and ORS 192.660(2)(h) Consulting with Counsel concerning the legal rights and duties of a public body with regard to current litigation or litigation likely to be filled.

EXECUTIVE SESSION

At the conclusion of the Executive Session, the County Court convened back into Open Session, inviting members of the public into the meeting room.

MOTION to direct staff as discussed in the executive session. Motion seconded. No further discussion. Motion carried 3-0.

Agenda Item #1, Republic Proposed Fee Increases: Republic has been working with Commissioner Brummer to address some of the recent challenges. Republic is seeking a 9% increase to account for the 8% increase in costs from last year. The increase would cover the rise in fuel costs and provide employees with competitive wages. There is a high demand for CDL drivers and Republic needs to be more competitive to attract and retain drivers. The last increase for fuel costs resulted in an elevator adjustment to allow for the rise and fall of fuel prices. Commissioner Brummer stated that the 9% increase being requested would keep Republic within their allotted annual increase range and the elevator adjustment is not necessary for that reason. An order will be drafted and presented to the Court at the July 6th meeting. Republic will send a 30-day notice to customers regarding the price increase once the order has been adopted.

Agenda Item #2, Accounts Payable Regrade: The Finance Department has been reviewing job descriptions and found that Laura Fladung's job description does not accurately reflect her workload. More tasks have been added to Laura's position, including grant and insurance work. Her position now involves accountant type work rather than an account tech. The position is currently at a pay grade of 115 and would be more appropriate at a 120. No retro pay is being requested. The Court approved the request and Director Kim Barber will prepare the paperwork for signature at the July 6th meeting with an effective date of July 1.

Agenda Item #2, Training Funds Request: Jack Colpitt is a GIS employee who is currently enrolled in a GIS-related program at Oregon State University. Manager Levi Roberts requested to use training funds to offset Jack's balance. The estimated cost is approximately \$500 per quarter. Judge Crawford reiterated the stipulation that a minimum GPA is required but did not expect that to be an issue since Jack has a 4.0 GPA at the moment. Levi and Director Kim Barber will work together to complete and process the paperwork. The amount of requested funds falls within the Manager's threshold and will not require the Court's signature.

There being no further business before the Court, the meeting was **adjourned at 9:55am.**

Respectfully submitted,

Lindsay Azevedo

**CROOK COUNTY COURT MINUTES
OF AUGUST 2, 2022 WORK SESSION
Open Portion**

Be It Remembered that the Crook County Court met in a regularly scheduled Work Session on August 2, 2022, at 9:00 a.m. in the Administration Conference room located at 203 NE Court Street, Prineville, Oregon 97754.

Court Members Present: Judge Seth Crawford and Commissioner Jerry Brummer

Absentees: Commissioner Brian Barney

Others Present in Person or Via WebEx: Legal Counsels Eric Blaine and John Eisler; Administration Executive Assistant Amy Albert; Legal Assistant Lindsay Azevedo; Director Kim Barber; Director Will VanVactor; Director Dodge Kerr and Mike Ervine.

WORK SESSION

The meeting was **called to order at 9:00 a.m.**

Public Comment: No Comment

Agenda Item #1, Updating Crook County Investment Policy: Finance Director Dodge Kerr presented the Court with an updated investment policy. The main changes are the Treasurer will be able to delegate authority to one additional employee, the max maturity date will increase from 3 years to 5 ¼ years and there will be changes in the investment advisor language. Legal will prepare an Order for the August 17th Court meeting.

At 9:05 a.m. the Court read into Executive Session under the following statute(s): ORS 192.660(2)(h) Consulting with Counsel concerning the legal rights and duties of a public body with regard to current litigation or litigation likely to be filed.

EXECUTIVE SESSION

At the conclusion of the Executive Session, the County Court convened back into Open Session, inviting members of the public into the meeting room.

There being no further business before the Court, the meeting was **adjourned at 9:17 a.m.**

Respectfully submitted,

Amy Albert

**CROOK COUNTY COURT MINUTES
OF AUGUST 9, 2022 WORK SESSION
Open Portion**

Be It Remembered that the Crook County Court met in a regularly scheduled Work Session on August 9, 2022, at 9:00 a.m. in the Administration Conference room located at 203 NE Court Street, Prineville, Oregon 97754.

Court Members Present: Judge Seth Crawford and Commissioner Jerry Brummer

Absentees: Commissioner Brian Barney

Others Present in Person or Via WebEx: Legal Counsels Eric Blaine and John Eisler; Administration Executive Assistant Amy Albert; Road Master Bob O'Neal and Director Will VanVactor.

WORK SESSION

Public Hearing: None

The meeting was **called to order at 9:00 a.m.**

Agenda Item #1, Community Development Update: Community Development Director Will VanVactor provided the Court with a brief update. While applications are down from this time last year, they are at still at a historic high.

Agenda Item #2, Bike Signs on Juniper Canyon and Davis Loop: Road Master Bob O'Neal received a request for bike signs to be installed along Juniper Canyon. Before any decisions are made Legal will research the matter. Judge Crawford will be available to speak with the individual making the request.

EXECUTIVE SESSION

None Scheduled

There being no further business before the Court, the meeting was **adjourned at 9:12 a.m.**

Respectfully submitted,

Amy Albert

**CROOK COUNTY COURT MINUTES
OF AUGUST 3, 2022 REGULAR MEETING
Open Portion**

Be It Remembered that the Crook County Court met in a Regular Court meeting on August 3, 2022, at 9:00 a.m. in the County meeting room located at 320 NE Court Street, Prineville, Oregon 97754.

Court Members Present: Judge Seth Crawford, Commissioner Jerry Brummer and Commissioner Brian Barney

Absentees: None

Others Present in Person or Via WebEx: Legal Counsels Eric Blaine and John Eisler; Administration Executive Assistants Amy Albert; Legal Assistant Lindsay Azevedo; Manager Brent Bybee; Director Will VanVactor; Shop Supervisor James Staniford; Accountant Kathy Puckett; Supervisor Corey Lopez; Director Joe Viola; Director Dodge Kerr; Accounting Manager Christina Haron; Planner Katie McDonald; Road Master Bob O'Neal and members of the public.

REGULAR SESSION

The meeting was **called to order at 9:00 a.m.**

Public Comment: None

MOTION to approve the Consent Agenda as presented. Motion seconded. No discussion. Motion carried 3-0.

Appearances / Item #7: Nick Kralhj from WHA attended the Court meeting to review the County's 401K. Mr. Kralhj provided a brief market overview, investments offered and demographic information relating to Crook County. The next review will be in February of 2023.

MOTION to place the two references funds on a watchlist but not remove them from the County's portfolio. Motion seconded. No further discussion. Motion carried 3-0.

Appearances / Item #8: David Brandt of Housing Works attended today's meeting with two members of the Housing Works Board, Barbara Punch and Laura Cooper. Mr. Brandt discussed the programs offered throughout Central Oregon, specifically Crook County.

Appearances / Item #9: Community Development received a social gathering application for a PBR Challenge Series at the O'Neil Arena. There are a few items within the draft application which will need to be completed before receiving approval. The company listed on the insurance paperwork is not registered in the State of Oregon and Crook County is not listed. A deposit of \$5,000 will need to be submitted in advance of the event. A public hearing was opened. Mac Even from the O'Neil Arena outlined the

steps that have been taken for the event and assured the Court the items the County needs to approve the application would be completed. The public hearing was closed.

MOTION to delegate staff the authority to approve the application subject to the issuance of acceptable insurance, the \$5,000 deposit, and the completion of the application. Motion seconded. No further discussion. Motion carried 3-0.

Discussion item #10: The County Court continued the Brasada Ranch Phase 15 hearing from July 20th. The hearing began with Judge Crawford reading the process and procedures that were to be followed. A public hearing was opened, and Brent Bybee provided a staff report, discussing the three newest documents submitted to the County. Neither Laura Cooper nor Michael Peterkin wished to provide testimony. The County Court stated that the Planning Commission put a lot of time and research into their discussion, and they were in agreement.

MOTION to approve application, approve findings and decisions of the Planning Committee as the decision of the County Court. Motion seconded. No further discussion. Motion carried 3-0.

Discussion item #11: Road Master Bob O'Neal appeared before the Court in March with bids for a new shop roof. The contract was awarded to Always Dry Roofing; however, the materials will not be available until next year. After seeking new bids, the lowest bidder is Hanon Roofing. The contract with Always Dry Roofing will be voided.

MOTION to award the contract to Hamon Roofing as the lowest bidder. Motion seconded. No further discussion. Motion carried 3-0.

Discussion item #12: The County received five bids for a new HVAC system for the library. Cascade Heating was selected as the lowest bidder.

MOTION to award the contract to Cascade Heating as the lowest responsive bidder and sign the contract outside of Court. Motion seconded. No further discussion. Motion carried 3-0.

Discussion item #13: County Counsel stated Ordinance 331 is based on a sample Ordinance from the League of Oregon Cities, providing Crook County residence the opportunity to opt out of Measure 109. Ordinance 332, while similar to Ordinance 331, provides a statement that Crook County voters previously voted down the measure. County Court passed a motion to allow the reading of Ordinance 331 by title only. A public hearing was opened. Mike Ervin stated he was in favor of Ordinance 332. Tori Kurtz and Mandy Puckett from Clear Alliance spoke to drug and alcohol statistics in Crook County and Oregon. They recommended the measure be sent to the votes. The public hearing was closed. County Court passed a motion to allow the reading of Ordinance 332 by title only. A public hearing was opened. With no additional comments the public hearing was closed. Ordinance 332 will be on the August 17th agenda for a second reading.

MOTION to read Ordinance 331 by title only. Motion seconded. No further discussion. Motion carried 3-0.

MOTION to read Ordinance 332 by title only. Motion seconded. No further discussion. Motion carried 3-0.

EXECUTIVE SESSION

None Scheduled

There being no further business before the Court, the meeting was **adjourned at 11 a.m.**

Respectfully submitted,

Amy Albert

**AMENDMENT 6
To Goods and Services Contract**

This Amendment 6 modifies that certain Goods and Services Contract (hereinafter "the Contract") by and between Crook County, a political subdivision of the State of Oregon ("County") and Miller Oil, Inc., an Oregon corporation ("Contractor"), collectively referred to as "the Parties."

RECITALS

- A. **WHEREAS**, the Contract between the Parties describes the delivery and payment for unleaded fuel at the County Landfill; and
- B. **WHEREAS**, by its terms the Contract is set to expire on August 31, 2022, unless sooner terminated according to its provisions; and
- C. **WHEREAS**, the Parties wish to modify the Contract as described in this Amendment 6.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the sufficiency of which are acknowledged, the Parties agree as follows:

1. Adoption of Recitals: The above recitals are incorporated in and made a part of this Amendment 6 as contract terms and not mere recitals.
2. Duration Extended: The duration of the Contract is extended to August 31, 2023, unless sooner terminated according to its provisions.
3. Affidavit of Tax Compliance: Contractor states that the information contained on the Affidavit of Tax Compliance, included as an Exhibit to the Contract, continues to be true and correct.
4. Counterparts: This Amendment 6 may be executed in one or more counterparts, including electronically transmitted counterparts, which when taken together, shall constitute one in the same original. Facsimiles and electronic transmittals of the signed document shall be binding as though they were an original of such signed document.
5. Contract Reaffirmed: Except as provided in this Amendment 6, the provisions of the Contract remain in full force and effect.

This Amendment is effective the 1st day of September 2022.

MEMO

TO: Crook County Court

FROM: County Counsel

DATE: August 4, 2022

RE: Landfill Surface Emission Monitoring
Our File No.: Landfill 99(A)

Enclosed is a proposal (the "SEM Proposal") by PBS Engineering and Environmental Inc. (PBS) for surface emissions monitoring at the landfill for the third and fourth quarters of 2022. This proposal would be conducted under the terms and conditions of our standing professional services agreement with PBS.

The SEM Proposal is necessary to comply with the new DEQ landfill gas emissions rules at OAR 430-239. For the first year, the landfill must demonstrate emissions levels under the rules' threshold for four consecutive quarters in order to qualify for less stringent rules.

This SEM Proposal covers the full scope of work for DEQ emission compliance for the third and fourth quarters of this year. The charge for each separate set of monitoring and reporting is \$10,550, for a total cost of \$21,100.

Please let me know if you have any questions.

Please place this memo and the attached document(s) on the Wednesday, August 17, 2022 County Court Agenda as a CONSENT ITEM, for approval and signatures.

Approved this 17th day of August 2022.

CROOK COUNTY COURT

Seth Crawford
County Judge

County Commissioner

Brian Barney
County Commissioner

July 25, 2022

Mr. Jeff Merwin, Manager
Crook County Landfill
300 East Third Street
Prineville, Oregon 97754

Re: Proposal to Conduct Surface Emission Monitoring
Third and Fourth Quarter 2022 Events
Crook County Landfill, Permit No. 74

Via e-mail: jeff.merwin@co.crook.or.us

Dear Mr. Merwin:

Per your request, PBS Engineering and Environmental (PBS) is submitting this scope of work to conduct quarterly Surface Emission Monitoring (SEM) event at Crook County Landfill (CCLF) per the requirements of Oregon DEQ's newly adopted air quality regulations concerning methane emissions from landfills (OAR 340-239). This work will be conducted under the terms of the current professional services contract between PBS and Crook County (4th Amendment to contract dated 5/16/2018).

Background

Governor Kate Brown signed Executive Order 20-04 on March 10, 2020, directing certain state agencies to take specific actions to reduce greenhouse gas emissions and mitigate impacts of climate change. In October 2021, the Environmental Quality Commission adopted new rules (OAR 340-239) to regulate landfill gas emissions. The rules require many landfills in Oregon to obtain an air quality permit, submit data on landfill characteristics, and potentially monitor and/or control landfill gas emissions. Based on the waste-in-place volume and calculated methane generation rates, the County is required to obtain an air quality permit and conduct quarterly SEM reports, documenting that all results are below the threshold for requiring a Gas Collection and Control System (GCCS) as specified in OAR 340-239-0110. The initial quarterly SEM event conducted in June 2022, resulted in a few exceedances that were sufficiently remediated and re-monitored to verify compliance with the emission limits.

The County operates CCLF in accordance with Oregon DEQ Solid Waste Disposal Permit #74 but until now was not required to operate any GCCS or obtain an air quality permit. Quarterly SEM is required for a minimum of the first year to demonstrate compliance with the emission limits. After four quarters of demonstrating compliance with the emission limits, CCLF can request a reduction in the SEM frequency. This proposal includes services and costs to complete SEM for the two remaining quarters of 2022.

Scope of Work

Preparation for Field Monitoring:

- Identify new areas of the landfill that will be included in the monitoring from the last event
- Utilize the existing sampling grid and sampling point pathways used.
- Verify control points across the landfill footprint.
- Set up path-lines using field GPS equipment
- Set up a field weather station on site to record wind conditions during sampling period.

Conduct Surface Emission Monitoring:

- Prepare site field equipment for collecting methane concentrations on 25 ft spacing (approximately 15,000 sample points).

- Collect methane measurements in excess of 100 ppm along path-lines every 25 feet and record location coordinates of each point.
- Verify all measurements above 200 ppm are repeatable and identified in the field.
- Collect average wind speed data every 5 minutes during the monitoring period.
- Provide daily map of exceedances to County staff for remedial action
- Re-monitor remediated areas within 10 days of initial field exceedance
- Conduct 30-day re-monitor of remediated areas to verify compliance with allowable surface emission limit

Reporting Surface Emission Concentrations:

- Provide a summary report of procedures and protocols used to conduct SEM
- Download collected data daily and provide map with all emissions exceeding 200 ppm
- Provide reports, weather data and methane concentration/location information to County for their records

Schedule to Perform Work

Upon approval, PBS will immediately schedule the work coordinating with Landfill personnel. It is anticipated that the work will be scheduled for the first week of September. During field days, figures will be completed and made available for County review within one day of completing field monitoring to enable corrective actions and possible re-monitoring of exceedance locations within the 10-day period specified. A final report will be prepared within two weeks of completion of field work.

Assumptions

PBS assumes the following:

- The County will provide a marked-up map showing the areas of the landfill that should not be included in the SEM due to active operations or other safety concerns.
- County personnel will assist PBS by marking exceedance locations real-time in the field during the monitoring event if the County wishes to have that information.
- The surface areas to be monitored can be accessed by foot utilizing standard Level D safety precautions.

Fee for Services

The maximum consideration for this work is **\$21,100**. If the amount estimated to be paid exceeds this amount, the County and PBS shall first agree to a change order to this amount.

Perform Quarterly Field SEM Monitoring and Reporting

Project Manager	\$ 1,250
Field Scientist	7,200
Administrative Support	300
Reimbursable Equipment	<u>1,800</u>

IN THE COUNTY COURT OF THE STATE OF OREGON
FOR THE COUNTY OF CROOK

IN THE MATTER OF ADOPTING A)	
REVISED INVESTMENT POLICY)	
FOR INVESTMENTS BY CROOK)	ORDER NO. 2022-38
COUNTY)	

WHEREAS, Crook County is responsible for making certain investments, which activity necessarily includes some degree of risk and volatility; and

WHEREAS, in order to establish a prudent, responsible, and functional method for managing such investments, it is useful to establish a formal written policy.

NOW, THEREFORE, the Crook County Court adopts the recitals above as its Findings of Fact, and ORDERS and DIRECTS, based upon the above recitals, that:

SECTION ONE: This Order supersedes and replaces Order 2013-52, the prior version of the County's investment policy.

SECTION TWO: The policy attached hereto as Exhibit A is adopted as the County's Investment Policy, and County officials are directed to act in accordance with its provisions.

1. Purpose

This Investment Policy defines the parameters within which funds are to be invested by the Crook County Treasurer. This policy formalizes the framework, pursuant to ORS 294.135, for Crook County's investment activities to ensure effective and judicious management within the scope of this policy.

2. Governing Authority

Crook County's investment program shall be operated in conformance with Oregon Revised Statutes and applicable federal law. Specifically, this investment policy is written in conformance with ORS 294.035; 294.040; 294.052; 294.135; 294.145 and 294.810. All funds within the scope of this policy are subject to regulations established by the state of Oregon. Any revisions or extensions of these sections of the ORS shall be assumed to be part of this Investment Policy immediately upon being enacted.

3. Scope

This policy applies to activities Crook County with regard to investing the financial assets of General Fund operating funds, Capital Project Funds, Road Funds, Treasurer's Trust Funds and all other budgeted county funds in the custody of the County Treasurer. Investments of employees' retirement funds, deferred compensation plans and other funds are not covered by this policy. The amount of funds falling within the scope of this policy over the next three years is expected to range between \$50 million and \$100 million.

4. General Objectives

A. Preservation of Invested Capital

Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The goal is to mitigate credit risk and interest rate risk.

B. Liquidity

The investment portfolio shall remain sufficiently liquid to meet all reasonably anticipated operating requirements. Furthermore, the portfolio should consist largely of securities with active secondary or resale markets. A portion of the portfolio also may be placed in the Oregon Short Term Fund which offers next-day liquidity. Where possible and prudent, the portfolio should be structured so that investments mature concurrent with anticipated demands.

C. Return

The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into

consideration the safety and liquidity needs of the portfolio. Although return consists of both principal return (gains and losses due to market value fluctuations) and income return (yield), this policy discourages active trading and turnover of investments. Investments should generally be held to maturity.

5. Standards of Care

A. Prudence

The standard of prudence to be used by investment officials shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security’s credit risk or market price changes, provided deviations from expectations are reported and appropriate action is taken to control adverse developments within a timely fashion as defined in this policy. The “prudent person” standard states:

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

B. Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. Disclosure shall be made to the governing body. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of The County. Officers and employees shall, at all times, comply with the State of Oregon Government Standards and Practices code of ethics set forth in ORS Chapter 244.

C. Delegation of Authority and Responsibilities

i. Governing Body

The Crook County Court will retain ultimate fiduciary responsibility for invested funds. The governing body will receive reports, pursuant to, and with sufficient detail to comply with ORS 294.085 and 294.155.

ii. Delegation of Authority

Authority to manage investments within the scope of this policy and operate the investment program in accordance with established written procedures and internal controls is granted to the Crook County Treasurer, or his/her designee (hereinafter referred to as Investment Officer), and derived from the following: ORS 294.035 to 294.053, 294.125 to 294.145, and 294.810.

No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Investment Officer. The Investment Officer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

All participants in the investment process shall seek to act responsibly as custodians of the public trust. No officer or designee may engage in an investment transaction except as provided under the terms of this policy and supporting procedures.

iii. Investment Committee

The County Court may seek to establish an investment committee to provide guidance to the Investment Officer(s) and monitor investment policy compliance.

iv. Investment Advisor

The Treasurer may engage the services of one or more external investment advisors or investment managers to assist in the management of the County investment portfolio in a manner consistent with this investment policy. Investment advisors or investment managers may be engaged in accordance with County hiring or contracting rules, including, if applicable, as a personal services contract. If The County engages an investment advisor or investment manager to provide investment management services, the advisor or manager is authorized to transact with its direct dealer relationships on behalf of The County.

6. Transaction Counterparties

A. Broker/Dealers

The Investment Officer shall determine which broker/dealer firms and registered representatives are authorized for the purposes of investing funds within the scope of this investment policy. A list will be maintained of approved broker/dealer firms and affiliated registered representatives.

The following minimum criteria must be met prior to authorizing investment transactions. The Investment Officer may impose more stringent criteria.

i. Broker/Dealer firms must meet the following minimum criteria:

- a. Be registered with the Securities and Exchange Commission (SEC)
 - b. Be registered with the Financial Industry Regulatory Authority (FINRA)
 - c. Provide most recent audited financials
 - d. Provide FINRA Focus Report filings
- ii. Approved broker/dealer employees who execute transactions with The County must meet the following minimum criteria:
 - a. Be a registered representative with the Financial Industry Regulatory Authority (FINRA);
 - b. Be licensed by the state of Oregon;
 - c. Provide certification (in writing) of having read, understood, and agreed to comply with the most current version of this investment policy.
- iii. The Investment Officer may want to establish policy for engaging broker/dealer firms and registered representatives that are more restrictive than stated in this policy. Additional requisites or due diligence items may include:
 - a. Positive references from at least three other local government clients.
 - b. As part of the periodic due diligence review, inquiries with other local government clients with regard to their recent experiences with broker/dealer firms or registered representatives and any change in relationship status.
 - c. Requirement that approved registered representatives provide notification within 30 days of any formal investigations or disciplinary actions initiated by federal or state regulators.
 - d. Requirement that prospective registered representatives have an established history of advising local governments with similar amounts of assets under management.
- iv. Periodic (at least annual) review of all authorized broker/dealers and their respective authorized registered representatives will be conducted by the Investment Officer. Factors to consider would be:
 - a. Pending investigations by securities regulators
 - b. Significant changes in net capital
 - c. Pending customer arbitration cases
 - d. Regulatory enforcement actions
- v. The Investment Officer shall maintain and review annually a list of all authorized financial institutions and broker/dealers that are approved to transact with The County for investment purposes.

The Investment Officer or designee may utilize the investment advisor's approved broker/dealer list in lieu of The County's own approved list. The advisor must submit the approved list to The County annually and provide updates throughout the year as they occur. The advisor must maintain

documentation of appropriate license and professional credentials of broker/dealers on the list. The annual investment advisor broker/dealer review procedures should include:

- a. FINRA Certification check
 - Firm Profile
 - Firm History
 - Firm Operations
 - Disclosures of Arbitration Awards, Disciplinary and Regulatory Events
 - State Registration Verification
- b. Financial review of acceptable FINRA capital requirements or letter of credit for clearing settlements.

The advisors must provide The County with any changes to the list prior to transacting on behalf of The County.

The advisor may be authorized through the contracted agreement to open accounts on behalf of The County with the broker/dealers on the approved list. The County will receive documentation directly from the brokers for account verification and regulatory requirements.

B. Investment Advisors

A list will be maintained of approved advisors selected by conducting a process of due diligence.

- i. The following items are required for all approved Investment Advisors:
 - a. The investment advisor firm must be registered with the Securities and Exchange Commission (SEC) or licensed by the state of Oregon (Note: Investment advisor firms with assets under management > \$100 million must be registered with the SEC, otherwise the firm must be licensed by the state of Oregon).
 - b. All investment advisor firm representatives conducting investment transactions on behalf of The County must be registered representatives with FINRA.
 - c. All investment advisor firm representatives conducting investment transactions on behalf of The County must be licensed by the state of Oregon.
 - d. Certification, by all of the advisor representatives conducting investment transactions on behalf of this entity, of having read, understood and agreed to comply with this investment policy.
- ii. A periodic (at least annual) review of all authorized investment advisors under contract will be conducted by the Treasurer to determine their continued eligibility within the portfolio guidelines. The investment Advisor must notify

The County immediately if any of the following issues arise while serving under a The County contract:

- a. Pending investigations by securities regulators.
- b. Significant changes in net capital.
- c. Pending customer arbitration cases.
- d. Regulatory enforcement actions.

C. Depositories

All financial institutions who desire to become depositories must be qualified Oregon Depositories pursuant to ORS Chapter 295.

D. Competitive Transactions

- i. The Investment Officer shall obtain and document competitive bid information on all investments purchased or sold in the secondary market. Competitive bids or offers should be obtained, when possible, from at least three separate brokers/financial institutions or through the use of a nationally recognized trading platform.
- ii. In the instance of a security for which there is no readily available competitive bid or offering on the same specific issue, then the Investment Officer shall document quotations for comparable or alternative securities.
- iii. When purchasing original issue instrumentality securities, no competitive offerings will be required as all dealers in the selling group offer those securities as the same original issue price. However, the Investment Officer is encouraged to document quotations on comparable securities.
- iv. If an investment advisor provides investment management services, the advisor must retain documentation of competitive pricing execution on each transaction and provide upon request.

7. Administration and Operations

A. Delivery vs. Payment

All trades of marketable securities will be executed (cleared and settled) by delivery vs. payment (DVP) to ensure that securities are deposited in The County safekeeping institution prior to the release of funds.

B. Third-Party Safekeeping

Securities will be held by an independent third-party safekeeping institution selected by The County. All securities will be evidenced by safekeeping receipts in Crook County name. Upon request, the safekeeping institution shall make available a copy of its Statement on Standards for Attestation Engagements

(SSAE) No. 16. The County will have online access through the safekeeping bank for verification of the account holdings and transactions. The County may hold bank deposits or certificates of deposits at banks qualified under ORS.295.

C. Internal Controls

The Treasurer is responsible for establishing and maintaining an adequate internal control structure designed to reasonably assure that invested funds are invested within the parameters of this Investment policy and, protected from loss, theft or misuse. Specifics for the internal controls shall be documented in writing. The established control structure shall be reviewed and updated periodically by the County Court.

The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management. The internal controls shall address the following points at a minimum:

- i. Compliance with investment policy constraints and requirements
- ii. Control of collusion
- iii. Segregation of duties and separation of responsibilities for trade execution, accounting, and record keeping
- iv. Custodial safekeeping
- v. Avoidance of physical delivery of securities wherever possible and address control requirements for physical delivery where necessary
- vi. Clear delegation of authority
- vii. Confirmation of transactions for investments and wire transfers in written or digitally verifiable electronic form
- viii. Dual authorizations of wire and automated clearing house (ACH) transfers
- ix. Staff training
- x. Review, maintenance and monitoring of security procedures both manual and automated
- xi. Timely reconciliation of custodial reports
- xii. Appropriate security for online transactions and access to bank accounts and bank data

An external auditor shall provide an annual independent review to assure compliance with Oregon state law and Crook County policies and procedures.

D. Accounting Method

The County shall comply with all required legal provisions and Generally Accepted Accounting Principles (GAAP). The accounting principles are those contained in the pronouncements of authoritative bodies including but not necessarily limited to, the Governmental Accounting Standards Board (GASB); the American Institute of Certified Public Accountants (AICPA); and the Financial Accounting Standards Board (FASB).

Pooling of Funds: Except for cash in certain restricted and special funds, The County will consolidate balances from all funds to maximize investment earnings. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

8. Authorized and Suitable Investments

A. Permitted Investments

All investments of The County shall be made in accordance with Oregon Revised Statutes: ORS 294.035 (Investment of surplus funds of political subdivisions; approved investments), ORS 294.040 (Restriction on investments under ORS 294.035), ORS 294.135 (Investment maturity dates), ORS 294.145 (Prohibited conduct for custodial officer), and ORS 294.805 to 294.895 (Local Government Investment Pool). If additional types of securities are considered for investment, per Oregon state statute they will not be eligible for investment until this Policy has been amended and the amended version adopted by the County Court. Minimum credit ratings and percentage limitations apply to the time of purchase.

The following lists allowable investment types:

US Treasury Obligations: Direct obligations of the United States Treasury whose payment is guaranteed by the United States. [ORS Section 294.035(3)(a)]

US Agency Obligations: Federal agency and instrumentalities of the United States or enterprises sponsored by the United States Government (GSE) and whose payment is guaranteed by the United States, the agencies and instrumentalities of the United States or enterprises sponsored by the United States Government. [ORS Section 294.035(3)(a)]

Municipal Debt: Lawfully issued debt obligations of the States of Oregon, California, Idaho and Washington and political subdivisions of those states if the obligations have a long-term rating on the settlement date of AA- or better by S&P or Aa3 or better by Moody's or equivalent rating by any nationally recognized statistical rating organization, or are rated on the settlement date in the highest category for short-term municipal debt by a nationally recognized statistical rating organization. [ORS Section 294.035(3)(c)]

Corporate Indebtedness: Corporate indebtedness subject to a valid registration statement on file with the Securities and Exchange Commission or issued under

the authority of section 3(a)(2) or 3(a)(3) of the Securities Act of 1933. Corporate indebtedness must be rated on the settlement date AA- or better by S&P or Aa3 or better by Moody's or equivalent rating by any nationally recognized statistical rating organization. [ORS Section 294.035(3)(i)]

Commercial Paper: Corporate indebtedness subject to a valid registration statement on file with the Securities and Exchange Commission or issued under the authority of section 3(a)(2) or 3(a)(3) of the Securities Act of 1933, as amended. Commercial Paper must be rated A1 by Standard and Poor's or P1 by Moody's or equivalent rating by any nationally recognized statistical rating organization. Issuer constraints for commercial paper combined with corporate notes will be limited by statute to 5% of market value per issuer. [ORS Section 294.035(3)(i)]

Certificates of Deposit: Certificates of deposit in insured institutions as defined in ORS 706.008, in credit unions as defined in ORS Section 723.006 or in federal credit unions, if the institution or credit union maintains a head office or a branch in this state [ORS Section 294.035(3)(d)].

Bank Time Deposit/Savings Accounts: Time deposit open accounts or savings accounts in insured institutions as defined in ORS Section 706.008, in credit unions as defined in ORS Section 723.006 or in federal credit unions, if the institution or credit union maintains a head office or a branch in this state [ORS Section 294.035(3)(d)(e)].

Bankers' Acceptances: A short-term credit investment created by a non-financial firm and guaranteed by a qualified financial institution whose short-term letter of credit rating is rated in the highest category without any refinement or gradation by one or more nationally recognized statistical rating organization. For the purposes of this paragraph, "qualified financial institution" means: (i) A financial institution that is located and licensed to do banking business in the State of Oregon; or (ii) A financial institution that is wholly owned by a financial holding company or a bank holding company that owns a financial institution that is located and licensed to do banking business in the State of Oregon. [ORS 294.035(3)(h)]

Local Government Investment Pool: State Treasurer's local short-term investment fund up to the statutory limit per ORS Section 294.810.

B. Collateralization

Time deposit open accounts, Certificates of Deposit and savings accounts shall be collateralized through the state collateral pool for any excess over the amount insured by an agency of the United States government in accordance with ORS 295.018. All depositories must be on the State of Oregon's qualified list. Additional collateral requirements may be required if the Treasurer deems increased collateral is beneficial to the protection of the monies under The County's management.

C. Approval of Permitted Investments

If additional types of securities are considered for investment, per Oregon state statute they will not be eligible for investment until this Policy has been amended and the amended version adopted by Crook County.

D. Prohibited Investments

- i. The County shall not invest in “144A” private placement securities, this includes commercial paper privately placed under section 4(a)(2) of the Securities Act of 1933.
- ii. The County shall not lend securities nor directly participate in a securities lending or reverse repurchase program.
- iii. The County shall not purchase mortgage-backed securities.
- iv. The County shall not purchase, per ORS 294.040, any bonds of issuers listed in ORS 294.035(3)(a) to (c) that have a prior default history.
- v. No commitment to buy or sell securities may be made more than 14 days prior to the anticipated settlement date.

9. Investment Parameters

A. Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. Credit risk will be mitigated by the following guidelines:

- i. **Diversification:** It is the policy of The County to diversify its investments. Where appropriate, exposures will be limited by security type; maturity; issuance, issuer, and security type, Allowed security types and Investment exposure limitations are detailed in the table below.
- ii. **Credit Ratings:** Investments must have a rating from at least one of the following nationally recognized statistical ratings organizations (NRSRO): Moody’s Investors Service; Standard & Poor’s; and Fitch Ratings Service as detailed in the table below. Ratings used to apply the guidelines below should be investment level ratings and not issuer level ratings.
- iii. The minimum weighted average credit rating of the portfolio’s rated investments shall be AA-/Aa3/AA- by Standard & Poor’s; Moody’s Investors Service; and Fitch Ratings Service respectively.
- iv. **Diversification and Credit Exposure Constraints:** The following table limits exposures among investments permitted by this policy.

Total Portfolio Diversification Constraints

Issue Type	Maximum % Holdings	Maximum % per Issuer	Ratings S&P, Moody's, or Equivalent NRSRO	Maximum Maturity
US Treasury Obligations	100%	None	N/A	5.25 years
US Agency Obligations	100%	35%	N/A	5.25 years
Municipal Bonds (OR, CA, ID, WA)	25%	5%	AA- / Aa3 Short Term*	5.25 years
Corporate Bonds	35%**	5%***	AA- / Aa3	5.25 years
Commercial Paper			A1 / P1	270 days
Bank Time Deposits/Savings Accounts	20%	20%	Oregon Public Depository	N/A
Certificates of Deposit	10%	5%	Oregon Public Depository	5.25 years
Banker's Acceptance	10%	5%	A1 / P1	180 days
Oregon Short Term Fund	Maximum allowed per ORS 294.810	None	N/A	N/A

*Short Term Ratings: Moody's - P1/MIG1/VMIG1, S&P - A-1/P-1, Fitch - F-1

**35% maximum combined corporate and commercial paper per ORS.

***Issuer constraints apply to the combined issues in corporate and commercial paper holdings.

B. Determining a Security's Rating

A single rating will be determined for each investment by utilizing the lowest security level rating available for the security from Standard and Poor's, Moody's Investor Services and Fitch Ratings respectively.

C. Investment Maturity

- i. Where feasible and prudent, investment maturities should be matched with expected cash outflows to mitigate risk.
- ii. The County will not directly invest in securities maturing more than 5.25 years* from the date of purchase.
- iii. The maximum weighted maturity of the total portfolio shall not exceed 2.50 years. This maximum is established to limit the portfolio to excessive price change exposure.
- iv. Liquidity funds will be held in the State Pool or in money market instruments maturing one year and shorter.

- v. Core funds will be defined as the funds in excess of liquidity requirements. The investments in this portion of the portfolio will have maturities between one day and 5.25 years and will be only invested in higher quality and liquid securities.

Total Portfolio Maturity Constraints:

Maturity Constraints	Minimum % of Total Portfolio
Under 30 days	10%
Under 1 year	25%
Under 5.25 years	100%
Maturity Constraints	Maximum of Total Portfolio in Years
Weighted Average Maturity	2.5
Security Structure Constraint	Maximum % of Total Portfolio
Callable Securities	25%

*Exception to 5.25-year maturity maximum: Reserve or Capital Improvement Project monies may be invested in securities exceeding 5.25 years if the maturities of such investments are made to coincide as nearly as practicable with the expected use of the funds.

10. Authority to Invest for Other Entities

The Crook County Treasurer shall not serve as the custodian for the investment of funds on behalf of any other jurisdiction, agency, district or entity, except where required by statute. In such cases, the governing body of said other jurisdiction, agency, district or other entity shall annually furnish to the Crook County Treasurer, a written order authorizing the Crook County Treasurer to invest the funds pursuant to Oregon Revised Statutes and in conformance with the Investment Policy and further indemnifying and holding Crook County harmless from and against any and all claims, liabilities, demands, actions or damages incurred in connection with, or in any way relating to, such investment. Such order shall be spread upon the minutes or journal of the governing body. The governing body of said other jurisdiction, agency, district or entity shall furnish a copy of the minutes upon which the order has been spread along with the signed, written order authorizing investing.

11. Investment of Proceeds from Debt Issuance

Investments of bond proceeds are restricted under bond covenants that may be more restrictive than the investment parameters included in this policy. The investments will be made in a manner to match cash flow expectations based on managed disbursement schedules.

Liquidity for bond proceeds will be managed through the OSTF Pool or Bank deposit balances.

Funds from bond proceeds and amounts held in a bond payment reserve or proceeds fund may be invested pursuant to ORS 294.052. Investments of bond proceeds are typically not invested for resale and maturity matched with expected outflows.

Information will be maintained for arbitrage rebate calculations.

12. Investment of Reserve or Capital Improvements

Pursuant to ORS 294.135(1)(b), reserve or capital Improvement project monies may be invested in securities with a maturity of 5.25 years at the maximum when the funds in question are being accumulated for an anticipated use that will occur more than 18 months after the funds are invested, then, upon the approval of the governing body of the county, municipality, school district or other political subdivision, the maturity of the investment or investments made with the funds may occur when the funds are expected to be used. Reserve or Capital Improvement Project monies may be invested in securities exceeding 5.25 years if the maturities of such investments are made to coincide as nearly as practicable with the expected use of the funds.

13. Guideline Measurement and Adherence

A. Guideline Measurement

Guideline measurements will use market value of investments.

B. Guideline Compliance

- i. If the portfolio falls outside of compliance with adopted investment policy guidelines or is being managed inconsistently with this policy, the Investment Officer shall bring the portfolio back into compliance in a prudent manner and as soon as prudently feasible.
- ii. Violations of portfolio guidelines as a result of transactions; actions to bring the portfolio back into compliance and; reasoning for actions taken to bring the portfolio back into compliance shall be documented and reported to the County Court.
- iii. Due to fluctuations in the aggregate surplus funds balance, maximum percentages for a particular issuer or investment type may be exceeded at a point in time. Securities need not be liquidated to realign the portfolio; however, consideration should be given to this matter when future purchases are made to ensure that appropriate diversification is maintained.

14. Reporting and Disclosure

A. Compliance

The Investment Officer shall prepare a report at least quarterly that allows the County Court to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report should be provided to the investment oversight body. The report will include, at a minimum, the following:

- i. A listing of all investments held during the reporting period showing: par/face value; accounting book value; market value; type of investment; issuer; credit ratings; and yield to maturity (yield to worst if callable).
- ii. Average maturity of the portfolio at period-end
- iii. Maturity distribution of the portfolio at period-end
- iv. Average portfolio credit quality of the portfolio at period-end
- v. Average weighted yield to maturity (yield to worst if callable investments are allowed) of the portfolio
- vi. Distribution by type of investment
- vii. Transactions since last report
- viii. Violations of portfolio guidelines or non-compliance issues that occurred during the prior period or that are outstanding. This report should also note actions (taken or planned) to bring the portfolio back into compliance.

B. Performance Standards/Evaluation

- i. The County yields will be compared to the OST Pool rates.
- ii. The portfolio will be invested into a predetermined structure that will be measured against a selected benchmark portfolio. The structure will be based upon a chosen minimum and maximum effective duration and will have the objective to achieve market rates of returns over long investment horizons. The purpose of the benchmark is to appropriately manage the risk in the portfolio given interest rate cycles. The core portfolio is expected to provide similar returns to the benchmark over interest rate cycles but may underperform or outperform in certain periods. The portfolio will be positioned to first protect principal and then achieve market rates of return. The benchmark used will be a 0-3 year or 0-5 year standard market index and comparisons will be calculated monthly and reported quarterly.
- iii. When comparing the performance of The County's portfolio, all fees and expenses involved with managing the portfolio shall be included in the computation of the portfolio's rate of return.
- iv. The mark to market pricing will be calculated monthly and be provided in a monthly report.

C. Audits

Management shall establish an annual process of independent review by the external auditor to assure compliance with internal controls. Such audit will include tests deemed appropriate by the auditor.

D. Reporting Requirements

The Investment Officer will retain and provide quarterly investment reports to the County Court in a similar manner as outlined in ORS 208.090. The reports also will be available upon request. Securities holdings and cash balances held in the investment portfolio will be provided on the reports.

The minimum quarterly reporting requirements for total portfolio are as follows:

- Earnings Yield
- Holdings Report (including mark to market)
- Transactions Report
- Weighted Average Maturity or Duration
- Compliance Report

15. Policy Maintenance and Considerations

A. Review

The investment policy shall be reviewed at least annually to ensure its consistency with the overall objectives of preservation of principal, liquidity and return, and its relevance to current law and financial and economic trends.

The annual report should also serve as a venue to suggest policies and improvements to the investment program, and shall include an investment plan for the coming year.

B. Exemptions

Any investment held prior to the adoption of this policy shall be exempted from the requirements of this policy. At maturity or liquidation, such monies shall be reinvested as provided by this policy.

C. Policy Adoption and Amendments

This Investment Policy and any modifications to this policy must be formally approved in writing by the Crook County Court. Regardless of whether this policy is submitted to the OSTF Board for comment, this policy shall be re-submitted not less than annually to the County Court for approval.

Glossary of Terms

Accrued Interest: The interest accumulated on a security since the issue date or since the last coupon payment. The buyer of the security pays the market price plus accrued interest.

Agency Securities: See “Federal Agency Securities.”

Bankers’ Acceptance (BA’s): A draft or bill of exchange drawn upon and accepted by a bank. Frequently used to finance shipping of international goods. Used as a short-term credit instrument, bankers’ acceptances are traded at a discount from face value as a month market instrument in the secondary market on the basis of the credit quality of the guaranteeing bank.

Basis Point: A basis point is a unit of measure used in finance to describe the percentage change in the value or rate of a financial instrument. One basis point is equivalent to 0.01% (1/100th of a percent) or 0.0001 in decimal form. In most cases, it refers to changes in interest rates and bond yields.

Benchmark: A market index used as a comparative basis for measuring the performance of an investment portfolio. A performance benchmark should represent a close correlation to investment guidelines, risk tolerance and duration of the actual portfolio’s investments.

Bond: An interest-bearing security issued by a corporation, government, governmental agency, or other body. It is a form of debt with an interest rate, maturity, and face value, and it is usually secured by specific assets. Most bonds have a maturity of greater than one year and in general, pay interest semiannually.

Broker/Dealer: A person or firm transacting securities business with customers. A “broker” acts as an agent between buyers and sellers, and receives a commission for these services. A “dealer” buys and sells financial assets from its own portfolio. A dealer takes risk by owning an inventory of securities, whereas a broker merely matches up buyers and sellers.

Call: An option to buy a specific asset at a certain price within a certain period of time.

Callable: A bond or preferred stock that may be redeemed by the issuer before maturity for a call price specified at the time of issuance.

Call Date: The date before maturity on which a bond may be redeemed at the option of the issuer.

Certificate of Deposit (CD): Bank obligation issued by a financial institution generally offering a fixed rate of return (coupon) for a specified period of time (maturity).

Collateral: Securities or other property that a borrower pledges as security for the repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

Commercial Paper: Short-term, unsecured, negotiable promissory notes issued by a company or financial institution. Issued at a discount and matures at par or face value. Usually a maximum maturity of 270 days, and given a short-term debt rating by one or more NRSROs.

Core Fund: Core funds are defined as operating fund balance which exceeds THE COUNTY's daily liquidity needs. Core funds are invested out the yield curve to diversify maturity structure in the overall portfolio. Having longer term investments in a portfolio will stabilize the overall portfolio interest earnings over interest rate cycles.

Corporate Note: A debt instrument issued by a corporation with a maturity of greater than one year and less than ten years.

Coupon Rate: The annual rate of interest that the issuer of a bond promises to pay to the holder of the bond.

Current Maturity: The amount of time left until an obligation matures. For example, a one-year bill issued nine months ago has a current maturity of three months.

Current Yield: The coupon payments on a security as a percentage of the security's market price. In many instances the price should be gross of accrued interest, particularly on instruments where no coupon is left to be paid until maturity.

CUSIP: A CUSIP number identifies securities. CUSIP stands for Committee on Uniform Security Identification Procedures, which was established under the auspices of the American Bankers Association to develop a uniform method of identifying municipal, U.S. government, and corporate securities.

Delivery Versus Payment (DVP): Settlement procedure in which securities are delivered versus payment of cash, but only after cash has been received. Most security transactions, including those through the Fed Securities Wire system and DTC, are done DVP as a protection for both the buyer and seller of securities.

Depository Trust Company (DTC): A firm through which members can use a computer to arrange for securities to be delivered to other members without physical delivery of certificates. A member of the Federal Reserve System and owned mostly by the New York Stock Exchange, the Depository Trust Company uses computerized debit and credit entries. Most corporate securities, commercial paper, CDs and BAs clear through DTC.

Discount Notes: Short term debt obligations issued by Federal Agencies at a discount. Discount notes mature at par and can range in maturity from overnight to one year. Discount Notes typically have very large primary (new issue) and secondary markets.

Federal Agency Security: A debt instrument issued by one of the federal agencies. Federal agencies are considered second in credit quality and liquidity only to U.S. Treasuries.

Federal Agency: Government sponsored/owned entity created by the U.S. Congress, generally for the purpose of acting as a financial intermediary by borrowing in the

marketplace and directing proceeds to specific areas of the economy considered to otherwise have restricted access to credit markets.

Federal Farm Credit Bank (FFCB): A Government Sponsored Enterprise (GSE) system that is a network of cooperatively owned lending institutions that provide credit services to farmers, agricultural cooperatives and rural utilities. The FFCBs act as financial intermediaries that borrow money in the capital markets and use the proceeds to make loans and provide other assistance to farmers and farm-affiliated businesses. FFCB debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. Financial system and agricultural industry. Also issues notes under its “designated note” program.

Federal Home Loan Bank System (FHLB): A Government Sponsored Enterprise (GSE) system, consisting of wholesale banks (currently twelve district banks) owned by their member banks, which provides correspondent banking services and credit to various financial institutions, financed by the issuance of securities. The principal purpose of the FHLB is to add liquidity to the mortgage markets. Although FHLB does not directly fund mortgages, it provides a stable supply of credit to thrift institutions that make new mortgage loans. FHLB debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. financial system and housing market. Frequent issuer of discount notes, agency notes and callable agency securities. Also issues notes under its “global note” and “TAP” programs.

Federal Home Loan Mortgage Corporation (FHLMC or "Freddie Mac"): One of the large Federal Agencies. A government sponsored public corporation (GSE) that provides stability and assistance to the secondary market for home mortgages by purchasing first mortgages and participation interests financed by the sale of debt and guaranteed mortgage backed securities. FHLMC debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. financial system and housing market. Frequent issuer of discount notes, agency notes, callable agency securities and MBS. Also issues notes under its “reference note” program.

Federal National Mortgage Association (FNMA or "Fannie Mae"): One of the large Federal Agencies. A government sponsored public corporation (GSE) that provides liquidity to the residential mortgage market by purchasing mortgage loans from lenders, financed by the issuance of debt securities and MBS (pools of mortgages packaged together as a security). FNMA debt is not an obligation of, nor is it guaranteed by the U.S. government, although it is considered to have minimal credit risk due to its importance to the U.S. financial system and housing market. Frequent issuer of discount notes, agency notes, callable agency securities and MBS. Also issues notes under its “benchmark note” program.

Federal Reserve Bank: One of the 12 distinct banks of the Federal Reserve System.

Federal Reserve System (the Fed): The independent central bank system of the United States that establishes and conducts the nation's monetary policy. This is accomplished in three major ways: (1) raising or lowering bank reserve requirements, (2) raising or lowering the target Fed Funds Rate and Discount Rate, and (3) in open market operations by buying and selling government securities. The Federal Reserve System is

made up of twelve Federal Reserve District Banks, their branches, and many national and state banks throughout the nation. It is headed by the seven member Board of Governors known as the “Federal Reserve Board” and headed by its Chairman.

General Obligation Bonds (GOs): Bonds secured by the pledge of the municipal issuer’s full faith and credit, which usually includes unlimited taxing power.

Government Bonds: Securities issued by the federal government; they are obligations of the U.S. Treasury. Also known as “governments.”

Government Sponsored Enterprise (GSE): Privately owned entity subject to federal regulation and supervision, created by the U.S. Congress to reduce the cost of capital for certain borrowing sectors of the economy such as students, farmers, and homeowners. GSEs carry the implicit backing of the U.S. Government, but they are not direct obligations of the U.S. Government. For this reason, these securities will offer a yield premium over Treasuries. Some consider GSEs to be stealth recipients of corporate welfare. Examples of GSEs include: FHLB, FHLMC, FNMA and FFCB.

Interest: Compensation paid or to be paid for the use of money. The rate of interest is generally expressed as an annual percentage.

Interest Rate: The interest payable each year on borrowed funds, expressed as a percentage of the principal.

Investment Advisor: A company that provides professional advice managing portfolios, investment recommendations and/or research in exchange for a management fee.

Investment Portfolio: A collection of securities held by a bank, individual, institution, or government agency for investment purposes.

Investment Securities: Securities purchased for an investment portfolio, as opposed to those purchased for resale to customers.

Liquidity: The ease at which a security can be bought or sold (converted to cash) in the market. A large number of buyers and sellers and a high volume of trading activity are important components of liquidity.

Liquidity Component: A percentage of the total portfolio that is dedicated to providing liquidity needs for the County.

Mark to Market: Adjustment of an account or portfolio to reflect actual market price rather than book price, purchase price or some other valuation.

Municipals: Securities, usually bonds, issued by a state or its agencies. The interest on “munis” is usually exempt from federal income taxes and state and local income taxes in the state of issuance. Municipal securities may or may not be backed by the issuing agency’s taxation powers.

NRSRO: A “Nationally Recognized Statistical Rating Organization.” A designated rating organization that the SEC has deemed a strong national presence in the U.S. NRSROs provide credit ratings on corporate and bank debt issues. Only ratings of a NRSRO may

be used for the regulatory purposes of rating such as Moody's, S&P, Fitch and Duff & Phelps.

Par Value: The value of a security expressed as a specific dollar amount marked on the face of the security, or the amount of money due at maturity. Par value should not be confused with market value.

Prudent Person Standard: Standard that requires that when investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee will act with care, skill, prudence, and diligence under the circumstances the prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the entity.

Rate of Return: Amount of income received from an investment, expressed as a percentage of the amount invested.

State of Oregon Local Government Investment Pool (OSTF – Oregon Short Term Fund): The OSTF is organized pursuant to ORS 294.805 through 294.895. Participation in the Pool will not exceed the maximum limit annually set by ORS 294.810.

Total Return: Investment performance measured over a period of time that includes coupon interest, interest on interest, and both realized and unrealized gains or losses. Total return includes, therefore, any market value appreciation/depreciation on investments held at period end.

Treasury Bill (T-Bill): An obligation of the U.S. government with a maturity of one year or less. T-bills bear no interest but are sold at a discount.

Treasury Bonds and Notes: Obligations of the U.S. government that bear interest. Notes have maturities of one to ten years; bonds have longer maturities.

Yield: The annual rate of return on an investment, expressed as a percentage of the investment. Income yield is obtained by dividing the current dollar income by the current market price for the security. Net yield, or yield to maturity, is the current income yield minus any premium above par or plus any discount from par in the purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity of the bond.

Yield to Maturity: The average annual yield on a security, assuming it is held to maturity; equals to the rate at which all principal and interest payments would be discounted to produce a present value equal to the purchase price of the bond.

MEMO

TO: Crook County Court

FROM: County Counsel

DATE: August 10, 2022

RE: IGA with City for Airport Management
Our File No.: Airport 33

Enclosed is Amendment 3 to Intergovernmental Agreement between Crook County and the City of Prineville (Amendment 3). For years, the County and City have worked together to operate the local airport. The property is owned by County and managed by City via this IGA.

This Amendment 3 is a simple extension of the status quo until December 31, 2022. The parties have been in discussions for some time regarding the optimal relationship for the long-term vitality of the airport. Those discussions are ongoing, however the IGA had lapsed. This Amendment 3 reinstates the contractual relationship until the parties are able to negotiate a path forward.

Let me know if you have any questions.

Please place this memo and the attached document(s) on the Wednesday, August 17, 2022 County Court Agenda as a CONSENT ITEM, for approval and signatures.

**AMENDMENT 3 TO
INTERGOVERNMENTAL AGREEMENT BETWEEN
CROOK COUNTY AND THE CITY OF PRINEVILLE**

This Amendment 3 to Intergovernmental Agreement between Crook County and the City of Prineville (Amendment 3) is made and entered into the date last signed below and effective July 1, 2021, by and between the City of Prineville, a municipal corporation in the State of Oregon, hereinafter referred to as "City," and Crook County, a political subdivision of the State of Oregon, hereinafter referred to as "County."

WITNESSETH

WHEREAS, the parties hereto executed Intergovernmental Agreement between Crook County and the City of Prineville effective September 23, 2011 (Agreement), for City to provide services with respect to management of the Crook County/Prineville Airport (Airport); and

WHEREAS, the Agreement has been modified and extended pursuant to Intergovernmental Agreement Extension with Respect to Management of the Crook County/Prineville Airport and Amendment 2 to Intergovernmental Agreement for Management of the Crook County/Prineville Airport; and

WHEREAS, the Agreement, as modified, terminates on June 30, 2021; and

WHEREAS, the parties hereto desire to extend the term of the Agreement.

AMENDMENT TERMS

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, the parties agree as follows:

1. Extended Term.

The term of the Agreement shall be extended through December 31, 2022, unless sooner terminated in accordance with Section 2 of the Agreement.

2. Reaffirmation of Intergovernmental Agreement.

Except as modified by this Amendment 3, all terms and conditions of the Agreement and any prior amendments are reaffirmed and remain unmodified and in full force and effect.

///

3. Counterparts.

This Amendment 3 may be executed in one or more counterparts, including electronically transmitted counterparts, which when taken together, shall constitute one in the same original. Facsimiles and electronic transmittals of signed documents shall be binding as though they were an original as such signed document.

The parties have executed this Amendment 3 as of the dates below, effective July 1, 2021, and agree that this Amendment 3 shall be attached to the Agreement.

COUNTY COURT FINAL DECISION

Appeal NO. 217-22-000993-PLNG,

Appealing Planning Commission Decision 217-22-000451-PLNG

August 17, 2022

I. FINAL DECISION

Pursuant to its approved motion made on August 3, 2022, the County Court hereby rejects Appellant's appeal and affirms the Planning Commission's approval. Based on the record before the County Court on this appeal, which is incorporated herein by reference, the Court adopts as its final decision, the Planning Commission's decision dated May 24, 2022, including all findings and conditions of approval. A copy of that decision is attached hereto and shall be considered the County Court's final decision in this matter.

Appeal of this decision shall be to the Oregon Land Use Board of Appeals ("LUBA") in accordance with ORS 197.380 and must be filed with LUBA no later than 21 days from the date this decision was final, which is the date this decision was reduced to writing and signed.

III. REQUEST & PROCEDURAL HISTORY:

Brasada Ranch Development LLC (the Applicant) requested approval from Crook County for the 15th Phase of development within the Brasada Ranch destination resort. Phase 15 is the eleventh single family

residential phase and includes 50 lots.

The subject property was included in the destination resort overlay through a mapping process that was completed in 2002. Crook County subsequently approved a Development Plan and Final Development Plan for the property in 2004 (C-CU-DES-001-03). This process is described in detail in the Applicant's burden of proof statement and amended burden of proof statement. Phase 1 of Brasada Ranch was approved in December 2004. Phase 2, the original overnight/cabin development, was approved in September 2005. Phases 3 – 14 followed. Phase 12 was approved in spring 2019 as a non-residential phase for resort operations and utilities. Three phases include overnight lodging, and the remaining phases include single family home development.

On March 9th, 2022, a Planning Commission hearing was held for tentative plan approval of the Phase 15 of Brasada Ranch (Record 217-21-001013-PLNG). The Planning Commission approved the tentative plan with amended findings and conditions, which were incorporated into the decision, and notice of the decision was sent on March 17, 2022. The appeal deadline was identified as March 29, 2022, 4:00 p.m.

The Appellant submitted its appeal application (referred to herein as "Notice of Appeal") on March 29, 2022, prior to the 4:00 p.m. deadline (Record 217-22-000451-PLNG). The Appellant's grounds for appeal related to trails within the proposed subdivision phase and compliance with the required overnight lodging unit ratio. The appeal hearing was then scheduled before the Crook County Court on April 28, 2022, and notice of the appeal hearing was sent in accordance with CCC 18.172.110. Prior to the hearing before the Crook County Court, the owner submitted a response to the Appellant's appeal on April 25, 2022.

At the Crook County Court hearing on April 28, 2022, staff presented the facts of the application, addressed the Appellant's grounds for appeal, and responded to the Applicant's response that was submitted prior to the hearing. Based in part on the Applicant's response, which included a new trails exhibit map depicting the removal of some trails that were originally proposed in the 15th subdivision phase, the County Court decided to remand the application to the Planning Commission for consideration of the new evidence and to address the issues raised by the Appellant in its Notice of Appeal.

In accordance with CCC 18.172.120, remands from the County Court are limited solely to the issues identified in the remand order from the appellate body. On May 9 & 10, 2022, the Applicant submitted additional information addressing the grounds for appeal, of which included an updated trail map to be utilized for the decision and a map illustrating the location and number of overnight lodging units (Exhibits 2 & 3). The evidence submitted also included data regarding the last two years of rental history for the overnight lodging units. The Appellant then submitted additional testimony towards their grounds for appeal on May 11, 2022 (Exhibit 4). The exhibit highlighted their grounds for appeal further, primarily addressing trails and overnight lodging units.

The remand hearing was held on May 11, 2022, where additional evidence directed towards the appeal, and additional testimony was provided by the Applicant and the Appellant. In consideration the evidence submitted and additional testimony provided, the Planning Commission moved to incorporate amended findings into the original decision with edits, and approve the proposed subdivision phase.

The Appellants then appealed the decision a second time (Record 217-22-000993-PLNG), to the Crook County Court, based on similar grounds for appeal as the first appeal. In review of the Appellants grounds for appeal, and considering the Planning Commission decision rendered through Appeal Record 217-22-000451-PLNG, the County Court rejected the Appellant's appeal and affirmed the Planning Commission's approval. The County Court voted to adopt as its final decision, the Planning Commission's decision dated May 24, 2022, including all findings and conditions of approval.

V. CONCLUSIONS OF LAW

Based on the decision rendered by the Crook County Court at the August 3, 2022 hearing, the Planning Commission decision dated May 24, 2022 attached herein can be referenced with regard to the courts conclusions of law.

VI. CONCLUSION

Based upon the findings of fact and conclusions of law, the Crook County Court rejects the Appellants appeal and affirms the Planning Commission's approval. The County Court adopts as its final decision, the Planning Commission's decision dated May 24, 2022, including all findings and conditions of approval.

REQUEST: Brasada Ranch Development LLC (the Applicant) requested approval from Crook County for the 15th Phase of development within the Brasada Ranch destination resort. Phase 15 is the eleventh single family residential phase and includes 50 lots.

I. PROCEDURAL BACKGROUND

The subject property was included in the destination resort overlay through a mapping process that was completed in 2002. Crook County subsequently approved a Development Plan and Final Development Plan for the property in 2004 (C-CU-DES-001-03). This process is described in detail in the Applicant's burden of proof statement and amended burden of proof statement. Phase 1 of Brasada Ranch was approved in December 2004. Phase 2, the original overnight/cabin development, was approved in September 2005. Phases 3 – 14 followed. Phase 12 was approved in spring 2019 as a non-residential phase for resort operations and utilities. Three phases include overnight lodging, and the remaining phases include single family home development.

On March 9th, 2022, a Planning Commission hearing was held for tentative plan approval of the Phase 15 of Brasada Ranch. The Planning Commission approved the tentative plan with amended findings and conditions, which were incorporated into the decision, and notice of the decision was sent on March 17, 2022. The appeal deadline was identified as March 29, 2022, 4:00 p.m.

The Appellant submitted its appeal application (referred to herein as “Notice of Appeal”) on March 29, 2022, prior to the 4:00 p.m. deadline. The Appellant’s grounds for appeal relate to trails within the proposed subdivision phase and compliance with the required overnight lodging unit ratio. The Appellant’s Notice of Appeal is included as Attachment B. The appeal hearing was then scheduled before the Crook County Court on April 28, 2022, and notice of the appeal hearing was sent in accordance with CCC 18.172.110.

Prior to the appeal hearing, Staff compiled a memo for the Crook County Court addressing the Appellant’s grounds for appeal. This memo was made available to the Court on April 21, 2022 and is included as Attachment C. Prior to the hearing before the Crook County Court, the owner submitted a response to the Appellant’s appeal on April 25, 2022.

At the Crook County Court hearing on April 28, 2022, staff presented the facts of the application, addressed the Appellant’s grounds for appeal, and responded to the Applicant’s response that was submitted prior to the hearing. Based in part on the Applicant’s response, which included a new trails exhibit map depicting the removal of some trails that were originally proposed in the 15th subdivision phase, the County Court decided to remand the application to the Planning Commission for consideration of the new evidence and to address the issues raised by the Appellant in its Notice of Appeal.

In accordance with CCC 18.172.120, remands from the County Court are limited solely to the issues identified in the remand order from the appellate body. On May 9 & 10, 2022, the Applicant submitted additional information addressing the grounds for appeal, of which included an updated trail map to be utilized for the decision and a map illustrating the location and number of overnight lodging units (Exhibits 2 & 3). The evidence submitted also included data regarding the last two years of rental history for the overnight lodging units. The Appellant then submitted additional testimony towards their grounds for appeal on May 11, 2022 (Exhibit 4). The exhibit highlighted their grounds for appeal further, primarily addressing trails and overnight lodging units.

The remand hearing was held on May 11, 2022, where additional evidence directed towards the appeal, and additional testimony was provided by the Applicant and the Appellant. In consideration the evidence submitted and additional testimony provided, the Planning Commission moved to incorporate amended findings into the original decision with edits, and approve the proposed subdivision phase.

II. PROCESS ON APPEAL

Crook County Code 18.172.120(3) states that a remand hearing shall be limited solely to the issues identified in the remand order from the appellate body. The remand hearing shall also be limited to new evidence and testimony regarding the issues raised by the Appellant. Participants at the remand hearing were limited to Crook County staff, the applicant and the appellant(s) from the prior appeal. The hearings body did elect to allow members of the Appellant group to testify.

The four issues raised on appeal by the Appellant are as follows:

1. The Appellant states that the applicant has not met the condition of approval from the final development plan.
2. The Appellant states that easements are required to be depicted on the final plat, and that additional information to be submitted with the final plat include specific information concerning the width and location of sidewalks.
3. The Appellant objects to a finding regarding the interior resort trail system.
4. The Appellant objects to findings and a description of applicable legal precedent regarding overnight lodging units.

The Planning Commission reviewed the evidence submitted, and rendered a decision to approve the application, adopting the amended findings with edits, to be incorporated into the original staff report for 217-21-001013-PLNG. Although the decision is being incorporated into the original staff report, only the criteria issues identified in the remand order from the appellate body are subject to appeal.

IV. FINDINGS OF FACT

C-CU-DES-001-03 Final Development Plan for Brasada Ranch Destination Resort

Conditions of Approval

15. The applicant shall provide a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development.

FINDING: Staff initially only addressed the final development plan within the conditions of approval stating that the proposed phase must comply with the conditions of approval required from that decision.

In the Appellant's Notice of Appeal and throughout all hearings, they have stated that the Applicant has not met the condition of approval from the final development plan, specifically Condition #15 which is

quoted above. They cite Condition #15 and reaffirm that a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development shall be provided. Much of their evidence links to past phases where the resort has developed trails within the open space of the resort after the subdivision phase has been developed and homes built. The Appellant states that the trails will have a significant impact on homes near the path, stating that the path is commercial in nature and will only serve the commercial center of the resort and the guest rental cabins. Members of the appellant party during the Planning Commission Hearing on May 11, 2022, provided testimony stating that had they known trails would be near their home, they would have purchased properties in other areas of the resort. The Appellant is concerned that the general public would be allowed on the trails going near their home. The Appellant group also stated that they purchased their property under the impression that nothing would be constructed within the open space near their property, and that owners have gone through pain and suffering through the placement of the trails in previous phases. Testimony was also provided stating that the craziness of Sunriver, and the mentality of bachelorette parties, would be walking into the natural open space on the trails surrounding the properties. They state that the open space is a private natural space that should not support that.

In response to the Appellant group's arguments, the Applicant submitted testimony stating that:

- Condition No.15 governs only the conceptual trail system proposed by the Applicant in Exhibit A of the original Development Plan (included herein as Exhibit 1). Nothing in the Approval nor Condition No.15 states that the Applicant may not provide additional trails to the Brasada Ranch Community.
- The Applicant does not need to show every possible trail in the subdivision plats as the County Code does not require land use approvals to install trails. So long as the Applicant, or Association for that matter, has a legal right to construct a trail, no land use approval is necessary. For example, within Brasada Ranch, in addition to the undeveloped lands, there are multiple platted Common Areas that, per the Declaration, "the Association owns for the common use and enjoyment of the Owners."

Staff agrees with the first statement, in that condition 15 does not require trails within all of the proposed phases, only that an applicant provide a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development. Staff interprets Condition 15 as requiring an applicant to provide the stated information regarding trails prior to preliminary plat approval; not that the trails must be depicted on the approved preliminary plat. The Planning Commission agreed with that interpretation and believes the Applicant has demonstrated compliance with this provision by providing the additional information regarding Phase 15 trails in its response to the Notice of Appeal.

Staff does not entirely agree with the second statement, however. The Applicant is correct that generally the Crook County Code does not require land use approval for trails. However, for destination resorts, the Planning Commission does have limited review authority. In accordance with CCC 18.116.040(12), alterations and nonresidential uses within the 100-year flood plain and also alterations and all uses on slopes exceeding 25 percent are allowed only if the Applicant submits and the planning commission approves a geotechnical report that demonstrates adequate soil stability and implements mitigation measures designed to mitigate adverse environmental effects. Moreover, subsection (c) of that section specifically lists "trails" as a use that would require a geotechnical report if proposed within a 100-year flood plain or on a slope exceeding 25%. Findings addressing the updated trail map submitted can be found in the finding for CCC 18.116.040(12).

In light of the Appellant's testimony, staff reminded the attendees at the hearing of the true nature and origin of destination resorts. Staff cited Oregon Statewide Planning Goal 8 – Recreation and stated that destination resorts are not intended to permit large amounts of residential that are only utilized by single individuals. They are for the benefit of the county and of the state. Staff also cited the definitions for Open Space, as defined in CCC 18.116.030:

“Open space” means any land that is retained in a substantially natural condition, or is improved for outdoor recreational uses such as golf courses, playing fields, hiking or nature trails or equestrian or bicycle paths, or is specifically required to be protected by a conservation easement. Open spaces may include ponds, lands protected as important natural features, lands preserved for farm or forest use, required landscaped areas and lands used as buffers. Open space does not include residential lots or yards, streets or parking areas.

In analyzing Condition #15, the Appellant's testimony, and the Applicant's testimony, the Planning Commission chose to adopt amended findings to be incorporated into the original decision with edits. Their decision reflects the staff analysis above stating that if trails are proposed when a subdivision phase is submitted for review, a detailed depiction of the final location, surfacing, and size of all trails within a phase shall be provided prior to preliminary plat (tentative plan) approval for each phase of resort development. As it relates to Phase 15, the Applicant submitted an updated map with their proposal depicting the location, surfacing, and size of the trails. The Applicant's testimony during the hearing spoke to the fact that the trails on the updated map are not within any of the lots proposed for Phase 15, and are surrounding Phase 15 in the common areas, with one trail going through a common area on the western side of the phase (See Exhibit 3). The evidence the Appellant submitted about trail issues in previous phases does not link to any issues with the currently proposed Phase 15. Any issues with previous phases should be addressed through an alternative review procedure, rather than appealing the currently proposed subdivision phase. The Applicant has submitted a map depicting the final location, surfacing, and size of all trails within the phase, which was provided prior to tentative plan approval. The Appellant's grounds for appeal in regard to trail depiction is denied, and the Planning Commission finds, for the reason stated herein, that Applicant's tentative plan application for Phase 15 complies with Condition #15 from the final development plan for the destination resort.

Crook County Code

Title 17 Subdivisions

Chapter 17.12 General Requirements and Subdivision Review Committee

17.12.010 Scope of regulation.

Before a plat of any subdivision or the map of any partition may be made and recorded, the person proposing the subdivision or the partition or his authorized agent or representative shall make an application in writing to the county for approval of the proposed subdivision or the proposed partition in accordance with the requirements and procedures established by this title.

17.12.020 Minimum standards.

No proposed subdivision or partition shall be approved unless said subdivision or partition complies with the comprehensive plan for the county, the applicable zoning, and the requirements and standards set forth in this title and Chapter 92 ORS.

FINDING: The owner of the subject property is FNF NV Brasada, LLC, and their agent is Adam Conway with DOWL Engineering. On December 14, 2021, the agent submitted the subject subdivision application for approval in accordance with the requirements and procedures established by this title. The review of the proposed subdivision is found to be compliant with the Crook County Comprehensive Plan, the Crook County Code, and ORS 92, as evidenced by the findings in this report.

17.12.030 Subdivision review committee.

There is hereby established a subdivision review committee to review all tentative subdivision plans and make recommendations to the planning commission. The committee shall consist of the following members:

- (1) County planning director (who will be chairman).*
- (2) County engineer or designated representative.*
- (3) County legal counsel.*
- (4) County roadmaster.*
- (5) County sheriff.*
- (6) Fire chief.*
- (7) County sanitarian.*
- (8) County assessor.*
- (9) City engineer, planner, and/or street superintendent.*
- (10) State Forestry Representative for fire protection.*
- (11) Other members or ex officio members of the committee may be designated by the county planning commission and may include, among others, as follows:*
 - (a) Public utility representative(s).*
 - (b) Irrigation district representative(s).*
 - (c) School district representative.*
 - (d) Department of Environmental Quality.*
 - (e) Department of Transportation.*
 - (f) Postal department.*
 - (g) Other state or federal agencies.*

17.12.040 Duties of committee.

It shall be the duty of the committee to examine and review all tentative subdivision plans and make recommendations to the planning commission prior to submittal thereto.

17.12.050 Subdivision conference.

The planning director shall schedule a meeting with the subdivision review committee and the subdivider or his authorized agent and engineer or surveyor prior to submittal to the commission.

17.12.060 Committee review factors.

In review of proposed subdivisions, the committee shall consider the follow factors:

(1) Preliminary plat requirements.

(2) Conformance to the zoning ordinance.

(3) Quantity and quality of existing or proposed water supply, adequacy of the existing or proposed sewage disposal system to support the projected population; or in the event that subsurface sewage disposal is proposed for any or all of the parcels of the development, the capability of the soil for the proper long-term support of such a system or systems.

(4) Adequacy of public services, existing or committed and funded, in the area of the proposed development, such as schools, police and fire protection, health facilities, highway and arterial road networks, and other transportation facilities, parks and other recreational facilities, to serve the increase in population expected to be created by the development.

(5) Effect of the development on the scenic or natural beauty of the area, historic sites or rare and irreplaceable natural areas.

(6) Location of development in relation to industrial plants, livestock feedlots, solid waste disposal sites (existing and proposed), mining and quarrying operations and other possible conflicting land uses, particularly agricultural and forestry use.

(7) Possible adverse effects on the development by natural hazards, such as floods, slides or faults, etc.

(8) Possible adverse effects of the development on adjacent or area agricultural, grazing, forest or industrial lands and operations.

(9) Design and development for retention of the maximum feasible amount of vegetation and other natural amenities.

(10) Possible environmental damage to the area or possible effects on fish, wildlife or their habitat.

(11) Possible conflicts with easements acquired by the public for access through or use of property within or adjacent to the proposed development.

(12) Unusual conditions of the property involved such as high water table, slope, bedrock, or other topographic or geologic conditions, which might limit the capability to build on the land using ordinary and reasonable construction techniques.

(13) Marketable title or other interest contracted for.

(14) Adequate financial arrangements for on-site and off-site improvements proposed or required.

(15) Evidence that each and every parcel can be used for the purpose for which they are intended and to be offered.

(16) Agreement or bylaws to provide for management, construction, maintenance, or other services pertaining to common facilities or elements in the development.

(17) Protective covenants or deed restrictions.

FINDING: On January 24, 2022, a subdivision conference was held at the Crook County Planning Department. Members of the committee present were Will VanVactor (Community Development Director), Brent Bybee (Planning Manager), Hannah Elliott (Senior Permit Technician), Jon Soliz (Assessor), Chris Haindel (Sanitarian), Eric Blaine (County Counsel), Russ DeBoodt (Crook County Fire & Rescue Division Chief), Adam Conway (DOWL Engineering), and Bob O’Neal (Road Master).

Meeting Minutes:

Brent Bybee covered the characteristics of the proposal and the application process. He then addressed the applicable criteria.

Adam Conway addressed that they would be shy on the Overnight Lodging Units, and that they would be bonding for those remaining units. He stated that they need 19 additional units, with 16 of those units being currently permitted or under construction, and three remaining.

Bybee asked how the ratio is maintained, and Conway responded that the overnight lodging units are owned by the resort. Bybee brought up the multiple replats to combine properties, and if they’ve been incorporated into the calculations. Conway responded yes.

Will Van Vactor then covered timing of the new bonding language being adopted by the county.

Eric Blaine then discussed the risk associated with pursuing the bonding language without it being officially adopted yet.

Bybee then said that staff would coordinate with the Applicant on timing for approval in conjunction with the bonding language being adopted to ensure it would be captured in the decision.

Conway then addressed fire access, and stated that it would be single access, similar to Phase 14. He stated that the units would be required to have fire sprinklers if acceptable to CCF&R. He also stated that they are exploring other access option through BLM land which will hopefully alleviate fire concerns.

Russ DeBoodt confirmed the sprinkler exemption was allowable for more than 30 lots accessing a road, and that he was happy to see Brasada exploring other access options through BLM land. He also clarified that the sprinkler exemption is meant to address structural fire concerns, not necessarily wildfire. He noted that the proposed phase is in a higher risk area due to topography, but no concerns with the use of sprinklers in the dwellings. He then goes onto speak about the new commercial site plan review process CCF&R requires.

Bybee then moved onto water and sewer facilities.

Conway stated that phase 15 would be supported by the existing system, and that proposed expansions in the past are now active and can support the proposed number of lots.

Bybee then moved onto road standards and asked if Bob O'Neal had any concerns.

O'Neal stated he had the same concerns about access regarding one way in and one way out, and that hopefully future phases will address that.

Bybee then addressed the effect of the development on the scenic or natural beauty of the area, and stated that in discussions with Alan Cornelius, the architectural review process and lot design/orientation considers preserving neighboring landowner views. Conway confirmed this.

Bybee then discussed the developments potential to conflict with agricultural uses. O'Neal discussed that the area surrounding is most likely open range grazing, requiring landowners to install fences to keep grazing out.

Bybee then brought up the criteria related to natural hazards and pointed out that Brasada may be in a geohazard area. DeBoodt stated that Brasada is listed in the county's natural hazards mitigation plan.

Bybee then addressed the criterion related to retention of the maximum feasible amount of vegetation and other natural amenities and pointed out that it conflicts with the community being Firewise.

Wildlife habitat was then discussed, and Conway stated that the effects were mitigated in the original development plan for the destination resort.

Bybee then brought up easements and access to BLM land, and Conway responded stating that there were none identified.

Bybee then discussed slope and geologic conditions for the property. Conway responded stating that the topography has been similarly managed on earlier phases and that development was avoiding slopes more than 25%. Bybee had the concern that the development is stacked below each other and highlighted the importance of ensuring the development is engineered to avoid slide hazards that could damage neighboring property or people. Conway stated building codes standards and setbacks would address those concerns.

Protective covenants and deed restrictions were addressed, and Conway stated they would be similar to previous phases.

Bybee then brought up tax assessment and started that discussion.

Jon Soliz responded stating they had been communicating with Brasada and talked about the disqualification of farmland. He stated that he did a rough preliminary estimate on the amount of land devoted to Phase 15 on tax lot 2806, and stated it was 32 acres. Conway asked if tax lot 2805 was disqualified in Phase 14, and Soliz responded that only part of it was. Soliz stated on tax lot 2806, the total remaining disqualification amount is \$23,294.65. Soliz then stated on tax lot 2805 he estimated 24 acres were being utilized towards Phase 15 and the remaining disqualification amount is \$20,026.20. He stated this was all preliminary and estimations. Soliz then discussed collecting on the open space areas between the arms of the subdivision areas since trails are located to the north and south running from east to west, and that it would be collected now. With the additional acreage included, the total disqualified acreage for the proposed phase would be roughly 70 acres. He estimated the total remaining disqualification amount for the open space areas to be approximately \$14,000.

Bybee then wrapped up the meeting, and the timing on the bonding language update was further discussed again.

Chapter 17.16 Tentative Plans

17.16.010 Application Submission

Any person proposing a subdivision, or their authorized agent or representative, shall include with an application for a subdivision either an outline development plan as described in CCC 17.16.030 or a tentative plan as set forth in CCC 17.16.040 through 17.16.080 for the proposed subdivision together with improvement plans and other supplementary material as may be required, and shall submit 15 copies of said plan together with all required accompanying material to the planning department at least 30 days prior to the planning commission meeting at which submittal of the plan is desired. The county shall take final action within 120 calendar days for land located within an urban growth boundary or 150 calendar days for all others as required by state law upon receipt of a complete application. An outline development plan or a tentative plan for a subdivision shall be accompanied by an application for a subdivision as provided by the planning department, together with the appropriate filing fee. The date of filing shall be the date when the outline development plan or tentative plan is submitted in completed form, together with the appropriate filing fee, required supplemental material and subdivision application form, are actually received by the planning department. (Ord. 231 § 1 (Exh. A), 2010; Ord. 19 § 3.010, 2003)

FINDING: The Applicant has complied with the tentative plan application requirements, referencing supplemental materials which describe the proposed Phase 15 development, and those materials provided adequate detail to allow Crook County to review and analyze the proposed subdivision. Many of the references are compiled in the Phase 1 Tentative Plan notebooks, submitted and approved in 2004.

17.16.020 Required findings for approval.

The commission shall not approve an outline development plan or a tentative plan for a proposed subdivision unless the commission finds, in addition to other requirements and standards set forth in this title, that the subdivision as proposed or modified will satisfy the intent of this title relating to subdivision development, the intent and requirements of the

applicable zoning regulations, will be in compliance with the comprehensive plan, and the standards set forth in this chapter; such findings shall include the following:

(1) The subdivision is an effective, efficient and unified treatment of the development possibilities on the project site while remaining consistent with the comprehensive plan relative to orderly development and land use patterns in the area, and provides for the preservation of natural features and resources such as streams, lakes, natural vegetation, special terrain features, agricultural and forestlands, and other natural resources.

FINDING: According to the Applicant, the Brasada development is an efficient and unified treatment that remains consistent with the comprehensive plan's policy regarding orderly development. The Applicant has retained the planning and engineering expertise of DOWL and other consultants to help ensure that the resort continues to meet these requirements.

The Applicant states that the proposed Brasada Ranch development has incorporated home sites and recreational facilities into the natural terrain. The Applicant states that the golf course follows natural canyons, a trail system weaves through home sites on both the north and south side of Alfalfa Road, and home sites in Phase 15 will offer spectacular views of the Cascade Mountains. All future homesites and residential units are near open space. The overall design for Brasada Ranch is effective, efficient, and unified in its correlation with natural terrain.

Agricultural operations will continue on the Brasada Ranch property. Grazing and other operations will continue to support the resort's equestrian facilities. The proposed development is not expected to interfere with agricultural activities on adjacent properties.

Development at Brasada Ranch will be served by standard utilities and a network of roads and existing trails. Infrastructure will be extended along the proposed extension of SW Spirit Rock Drive and the proposed new cul-de-sac road in the phase 15 development.

Fifty percent of the gross acreage of Brasada Ranch will be preserved as open space. No natural streams, lakes or water sources exist on the subject property. (Water and irrigation features do exist on the golf course and within other resort areas).

Special terrain features and natural vegetation have been preserved and will continue to be evaluated and protected where practical in the establishment of lot lines. Home construction will accommodate natural features on individual lots where appropriate.

In summary, the Applicant states that the proposed Phase 15 is effective, efficient and contributes to the orderly development of the property and provides for the preservation of natural features and special terrain.

(2) The subdivision will be compatible with the area surrounding the project site and will not create an excessive demand on public facilities and services required to serve the development.

FINDING: The resort's Final Development Plan approval addressed compatibility with the surrounding area. Crook County made findings and determined that the destination resort development at Brasada Ranch was compatible with the surrounding area, subject to conditions of approval designed to minimize any potential impacts, and ensure compatibility with the area surrounding the project site.

The destination resort will not create an excessive demand on public facilities and services. The Final Development Plan and subsequent Tentative Plan and Site Plan approvals have addressed domestic water supplies, sewage disposal and transportation facilities. The Applicant has demonstrated that they have existing treatment capacity at the resort's wastewater treatment plant to accommodate additional residential development. The contract with Avion provides water for domestic and fire use. Infrastructure (water and sewer) will be extended from SW Spirit Rock Drive in this Phase of the development. The Applicant has mitigated off-site transportation impacts as documented in agreements with Crook County and the Oregon Department of Transportation (ODOT). The Applicant completed the overlay of Alfalfa Road from the resort entrance to the intersection with the Powell Butte Highway and completed installation of the resort's sewage treatment plant.

(3) Proof that financing is available to the Applicant sufficient to assure completion of the subdivision as proposed or required.

FINDING: The Applicant states that they have a track record of successful development in Central Oregon and that they have continued investment in Brasada Ranch since acquiring the property. They state that they have the capability and experience to complete the proposed development of Phase 15.

(4) That there will not be any adverse impacts on neighboring properties, natural resource quality, area livability, and public services and facilities.

FINDING: Crook County's approval of the Final Development Plan (C-CU-DES-01-03) found that the proposed resort development would not have adverse impacts on neighboring properties, natural resource quality, area livability, or public services and facilities. Proposed Phase 15 of the development is consistent with the County's approved final development plan.

Improvements for the 50 lots will be provided through continuation of SW Spirit Rock Drive and the extension of utilities. The infrastructure will be bonded and developed after recording the final plat. The tentative plan identifies preliminary utility layouts. Final construction plans will be reviewed and approved by the Avion Water and Crook County Fire and Rescue. Housing types are reviewed by the Brasada Ranch Architectural Review team at the time of proposed building permits. Crook County is asked to review road designs, although since the Applicant has requested that the improvements be bonded, they will need to hire an Oregon certified professional engineer to review the development. Conditions have been included addressing this.

17.16.030 Outline Development Plan

If an outline development plan is prepared and submitted with the application for a subdivision, it shall include both maps and written statements as set forth in this section. The information shall deal with enough of the area surrounding the proposed subdivision to demonstrate the relationship of the subdivision to adjoining land uses, both existing and allowable under applicable zoning.

(1) The map(s) which are part of the outline development plan may be in general schematic form, but shall be to scale, and shall contain the following information:

(a) The existing topographic character of the land.

(b) Existing and proposed land uses and the approximate location of buildings and other structures on the project site and adjoining lands.

(c) The character and approximate density of the proposed subdivision.

(d) The approximate location of streets and roads within and adjacent to the subdivision.

(e) Public uses including schools, parks, playgrounds, and other public open spaces or facilities.

(f) Common open spaces and facilities and a description of the proposed use of these spaces or facilities.

(g) Landscaping, irrigation and drainage plans.

(2) Written statements which are part of the outline development plan shall contain the following information:

(a) An explanation of the character of the subdivision and the manner in which it has been planned and will be designed to be in compliance with the comprehensive plan, zoning and this title.

(b) A statement and description of all proposed on-site and off-site improvements proposed.

(c) A statement of the proposed financing for completion of the subdivision as proposed.

(d) A statement of the present ownership of all the land included within the subdivision.

(e) A general schedule of development and improvements.

(f) A statement setting forth expected types of housing and other uses to be accommodated, traffic generation, population and sectors thereof to be served, and any other information relative to demands on public services and facilities and public needs.

(g) A statement relative to compatibility with adjoining and area land uses, present and future.

(3) Planning commission review of an outline development plan is intended only as a review relative to applicable zoning provisions and therefore is intended more as a service to the developer than as a commitment of approval. Pursuant thereto, planning commission approval or general acceptance of an outline development plan for a subdivision shall constitute only a provisional and conceptual approval or acceptance of the proposed subdivision. (Ord. 231 § 1 (Exh. A), 2010; Ord. 19 § 3.030, 2003)

FINDING: The Applicant submitted a tentative plan for the proposed subdivision phase, which is not a provisional or conceptual approval or acceptance of the proposed subdivision. A final plat will still need to be reviewed by the county, but additional review of the tentative plan will not be required, and the criterion related to outline development plans are addressed throughout this report.

17.16.040 Tentative plan required

Following submittal and approval of an outline development plan and subdivision application or an initial subdivision application, any person proposing a subdivision shall prepare and submit a tentative plan for the proposed subdivision in accordance with CCC 17.16.010. The tentative plan for a subdivision shall be prepared and submitted in compliance with the provisions of CCC 17.16.050 through 17.16.080. (Ord. 231 § 1 (Exh. A), 2010; Ord. 19 § 3.040, 2003)

FINDING: The Applicant has provided tentative plan drawings, a burden of proof statement and incorporates, by reference, the previously approved Development Plan, all in accordance with CCC 17.16.010. The tentative plan submitted complies with the requirements of 17.16.050 through 17.16.080.

17.16.050 Scale of tentative plan.

The tentative plan of a proposed subdivision shall be drawn on a sheet 18 by 24 inches in size or a multiple thereof at a scale of one inch equals 50 feet for subdivisions up to 10 acres in size, one inch equals 100 feet for subdivisions up to 50 acres in size, one inch equals 200 feet for subdivisions up to 100 acres in size, and for subdivisions of more than 100 acres in size, a scale not greater than one inch equals 400 feet. (Ord. 19 § 3.050, 2003)

FINDING: The proposed subdivision area is 53.3 acres in size. In accordance with the above criterion, the tentative plan that was submitted included detailed drawings meeting the 1"=100' requirement.

17.16.060 Informational requirements.

The following information shall be shown on the tentative subdivision plan or provided in accompanying materials. No tentative plan submittal shall be considered "complete" unless all such information is provided:

(1) General Information Required.

(a) Proposed name of the subdivision.

(b) Names, addresses and phone numbers of the owner of record and subdivider, authorized agents or representatives, engineer or surveyor, and any assumed business names filed or to be filed with the corporation commissioner by the owner or subdivider, which will be used in connection with the subdivision.

(c) Date of preparation, north point, scale and gross area of the proposed subdivision.

(d) Appropriate identification of the drawing as a tentative plan for a subdivision.

(e) Location and tract designation sufficient to define its location and boundaries, and legal description of the tract boundaries in relation to existing plats and streets.

FINDING: The Applicant submitted a tentative plan which addressed the criterion in subsection (1) above, addressing the general information required.

(2) Information Concerning Existing Conditions.

(a) Location, names and widths of existing improved and unimproved streets and roads within and adjacent to the proposed subdivision.

(b) Location of any existing features such as section lines, section corners, city and special district boundary lines, and survey monuments.

(c) Location of existing structures, irrigation canals and ditches, pipelines, waterways, and railroads, and any natural features such as rock outcroppings, marshes, wooded areas, and natural hazards.

(d) Location and direction of watercourses, and the location of areas subject to flooding and high water tables.

(e) Location, width and use or purpose of any existing easement or right-of-way within and adjacent to the proposed subdivision.

(f) Existing sewer lines, water mains, culverts, and other underground and overhead utilities within and adjacent to the proposed subdivision together with pipe sizes, grades and locations.

(g) Contour lines related to some established bench mark or other engineering acceptable datum and having minimum intervals of two feet for slopes of less than five percent, five feet for slopes of five to 15 percent, 10 feet for slopes of 15 to 20 percent, and 20 feet for slopes greater than 20 percent.

(h) Zoning classification of lands within and adjacent to the proposed subdivision.

(i) Names and addresses of all adjoining property owners.

FINDING: The above criterion requires the tentative plan to illustrate the existing conditions listed in subsection (a) – (i). Adjacent roads to the proposed phase include SW Paragon Court & SW Spirit Rock Drive, which are identified with their names and widths. The proposed roads within the subdivision have not yet been named, but the location and widths have been identified on the face of the tentative plan. Both subject properties are within Section 26, which is identified on the first page of the tentative plan. No city boundaries, special districts, or existing survey monuments are within the proposed subdivision phase. There are no existing structures, irrigation canals and ditches, pipelines, waterways, or railroads within the proposed subdivision phase, and all topographic features are illustrated by the contours provided on the tentative plan. There are also no watercourses or areas subject to flooding or highwater tables within the proposed phase. No easements exist within or adjacent to the subdivision, and with the proposed phase completely undeveloped there are no existing sewer lines, water mains, culverts, or other underground and overhead utilities. Page 2 of the tentative plan however does identify existing utilities along SW Paragon Court to the west of the proposed phase that will tie into the development. The pipe size, grades, and locations will match that of the previous phase, and are illustrated on the tentative plan for the proposed phase. Contour lines have been included in the tentative plan at intervals of five feet. The zoning is identified on the first page of the tentative plan and the adjacent landowners are identified as either Brasada, or the Bureau of Land Management (BLM).

(3) Information Concerning Proposed Subdivision.

- (a) Location, names, width, typical improvements cross-sections, approximate grades, curve radii and lengths of all proposed streets, and the relationship to all existing and projected streets.*
- (b) Location, width and purpose of all proposed easements or rights-of-way and relationship to all existing easements and rights-of-way.*
- (c) Location of at least one temporary benchmark within the proposed subdivision boundary.*
- (d) Location, approximate area and dimensions of each lot, and proposed lot and block numbers.*
- (e) Location, approximate area and dimensions of any lot, or area proposed for public use, the use proposed, and plans for improvements or development thereof.*
- (f) Proposed use, location, approximate area and dimensions of any lot which is intended for nonresidential use.*
- (g) An outline of the area proposed for partial recording is contemplated or proposed.*
- (h) Source, method, and preliminary plans for domestic and other water supplies, sewage disposal, solid waste disposal, and all utilities.*
- (i) Description and location of any proposed community facility.*
- (j) Storm water and other drainage facility plans.*
- (k) Legal access to proposed subdivision.*

FINDING: The above criterion requires the tentative plan to illustrate the proposed conditions listed in subsection (a) – (k). Although the streets have not yet been named, the tentative plan illustrated their location, width, improvement cross-sections, approximate grades, curve radii, and lengths. The proposed easements identified on the tentative plan are for public utilities, and a condition of approval has been included requiring these to be dedicated prior to the sale of any lots affected. A benchmark was identified, and the location, approximate area and dimensions of each lot, and proposed lot and block numbers were identified on the tentative plan with no areas for public use or improvements identified. All the proposed lots will be utilized for residential use. The source, method, and preliminary plans for domestic and other water supplies, sewage disposal, solid waste disposal, and all utilities were addressed in the original approval of the destination resort development plan. No new community facilities are proposed through the request, stormwater will be addressed through on-site filtration, and the proposed phase will have access by SW Spirit Rock Drive which was permitted in past phases for the destination resort.

17.16.080 Supplemental information required.

The following information shall be submitted with the tentative plan for subdivision. If such information cannot be shown practically on the tentative plan of a proposed subdivision, it shall be submitted in separate documents accompanying the plan at the time of filing.

(1) Proposed deed restrictions or protective covenants, if such are proposed to be utilized for the proposed subdivision.

FINDING: According to the Applicant, the same CC&Rs that apply to the original residential phases of the Brasada Ranch development will apply to Phase 15. The Applicant notes that the current CC&Rs are subject to refinement and finalization as the resort's development proceeds.

(2) Two copies of a letter from a water purveyor providing a water supply system serving domestic water or a letter from a licensed well driller or registered engineer. The letter shall state the source, name of supplier, and known quantity and quality of water available, and that the system will be installed in accordance with all applicable regulations. In addition, the letter from a water purveyor providing a domestic water system shall state that they are able and willing to serve each and every lot within the proposed subdivision and that the conditions and estimated cost of providing such service be set forth. A letter from a water purveyor shall further indicate that the water supply system proposed for the subdivision is adequate to meet the fire protection needs set forth by the appropriate fire protection agency.

FINDING: The water supply for Brasada Ranch was addressed in the approval of the Final Development Plan for the destination resort. Previous applications incorporated the March 2003 Water Supply System Master Plan, prepared by WH Pacific, Inc. (Phase 1 Tentative Plan). The Master Plan described domestic water consumption, fire protection, irrigation requirements, source facility need, storage sizing and design criteria for the water distribution system.

The Final Development Plan application included the Avion Water Company, Inc. agreement and the associated Public Utility Commission approval for the contract with FNF NW BRASADA LLC. Avion Water continues to provide water for fire and domestic uses in all Phases of the Brasada Ranch resort development. In addition, the Oregon Water Resources Department has authorized a water right transfer to permit the use of COID (Central Oregon Irrigation District) agricultural water rights to irrigate the golf course. The Applicant has confirmed that an adequate water supply is available for both domestic and fire uses.

(3) Statement from each serving utility company proposed to serve the proposed subdivision stating that each such company is able and willing to serve the proposed subdivision as set forth in the tentative plan, and the conditions and estimated costs of such service shall be set forth.

FINDING: According to the Applicant, letters from Central Electric Coop and Brasada Ranch Utility LLC demonstrate commitments to provide power, telephone, and cable service. These were included as Exhibit T in the Phase 1 Tentative Plan application. These utilities continue to serve all phases of the development. Since Phase 1, Cascade Natural gas has extended lines to Brasada Ranch and now provides natural gas to the development.

4) Proposed fire protection system for the proposed subdivision and written approval thereof by the appropriate serving fire protection agency.

FINDING: The Water Supply Master Plan and associated Avion Water Company Water Service Agreement describe and assure adequate water for fire protection for the proposed Phase 15 residential development. The subject property is located within the Crook County Rural Fire Protection District and the Fire District will be asked to review design plans for Phase 15.

(5) Title or subdivision guarantee report from a licensed title company stating the record owner(s) of the land proposed to be subdivided and setting forth all encumbrances relative to the subject property.

FINDING: The Applicant attached a current Western Title subdivision guarantee Status of Record Title, dated December 3, 2021.

(6) Reasons and justifications for any variances requested to the provisions of this title or any other applicable ordinance or regulation.

FINDING: No variances are requested for the Phase 15 subdivision.

(7) Every application for division of property shall be accompanied by a water procurement plan approved by the county watermaster or their representative. Such plan shall explain in detail the proposed manner of providing domestic water. If irrigation water is to be provided, the water procurement plan shall also explain the manner of providing such irrigation water.

(8) Where a tract of land has water rights, an application for division of the tract shall be accompanied by a water rights division plan approved by the irrigation district or other water district holding the water rights, or when there is no such district, by the district watermaster or their representative serving the county area. Every plat and tentative plan shall indicate the water right that is to be transferred to each parcel or lot. (Ord. 231 § 1 (Exh. A), 2010; Ord. 19 § 3.080, 2003)

FINDING: In addition to water provided by Avion Water for fire and domestic water uses, the Central Oregon Irrigation District Board authorized a transfer of irrigation water rights to accommodate the golf course and other common area irrigation uses. This transfer has been approved by the Oregon Water Resources Department. The proposed Phase 15 development does not impact water rights at Brasada Ranch. The Applicant states that the Avion Water Company Inc. contract demonstrates a perpetual supply of domestic water for the project. Avion provides domestic water for fire and domestic water usage. Hydrants are spaced and pressure is available per 2019 Oregon Fire Code requirements. The final plat for Brasada Ranch Phase 15 is required to be reviewed by the Central Oregon Irrigation District. No water rights are anticipated to be affected by the proposed development.

17.16.090 Approval of tentative subdivision plan.

(1) Tentative Plan Review. The planning commission shall, within 60 days from the first regular planning commission meeting following submission of a tentative subdivision plan to the planning commission, review the tentative plan and all reports and recommendations of appropriate officials and agencies. The planning commission may approve, modify, or disapprove the tentative plan for the proposed subdivision, and shall set forth findings for said decision.

(2) Tentative Plan Approval. Approval or disapproval of the tentative plan by the planning commission shall be final unless the decision is appealed to the county court. The county court may review the planning commission's decision on its own motion. County court review shall be conducted in accordance with Chapter 17.48 CCC, and failure to do so within the required time limit shall be deemed to indicate acceptance of the planning commission's decision.

FINDING: The tentative plan was submitted on December 14, 2021. No meetings are regularly scheduled for the end of December due to the holidays, making the next regularly scheduled hearing date January 12, 2022. A hearing for the Planning Commission to review the proposal was then scheduled for March 9, 2022, within the 60-day requirement. Following a decision from the Planning Commission, a 12-day appeal period will follow where the decision can be appealed to the County Court. The County Court may also request to review the Planning Commission's decision within the 12-day appeal period, and failure to make that request within that time frame shall indicate acceptance of the Planning Commission Decision.

(3) Tentative Plan Approval Relative to Final Plat. Approval of the tentative plan shall not constitute final acceptance of the plat of the proposed subdivision for recording; however, approval of such tentative plan shall be binding upon the county for purposes of the preparation of the plat and the county may require only such changes in the plat as are necessary for compliance with the terms of its approval of the tentative plan for proposed subdivision.

(4) Planning Commission Report. The decision of the planning commission shall be set forth in writing in a formal report and, in the case of approval, be noted on three copies of the tentative plan, including references to any attached documents describing conditions. One copy of the planning commission report shall be sent to the subdivider, one copy sent to the county court, and the planning commission shall retain one copy. Such action shall be completed within five working days of the date of planning commission decision.

FINDING: Once the Planning Commission has approved the tentative plan, a final plat will need to be reviewed to ensure it is in conformance with the approved tentative plan. Any changes to the tentative plan that are required by the county shall only be necessary for compliance with the conditions of approval outlined in the tentative plan approval. Once the tentative plan has been approved by the Planning Commission, notice will be sent to all parties and affected agencies or county departments within the 5-day time period described above.

17.16.100 Specific approval requirements.

In addition to the requirements set forth by the provisions of this title and applicable local and state regulations, specific requirements for tentative plan approval are as follows:

(1) No tentative plan of a subdivision shall be approved which bears a name using a word which is the same as, similar to or pronounced the same as a word in the name of any other subdivision in the same county, except the words "town," "city," "place," "court," "addition," or similar words, unless the land platted is contiguous to and platted by the same party that platted the subdivision bearing that name or unless the party files and records the consent of the party that platted the subdivision bearing that name. All plats must continue the lot and block numbers of the plat of the same name, last filed.

FINDING: The tentative plan meets requirements of 17.16.100. The Applicant states that they have consistently named plats to include "Brasada Ranch" in plat names. The Phase 15 proposal is consistent with previous plat names. Phase 15 has continued numbering the proposed lots in order from Phase 14, with the proposed lots identified as 768-792.

(2) No tentative plan for a proposed subdivision shall be approved unless:

(a) The streets and roads are laid out so as to conform to the plats of subdivisions and maps of partitions already approved for adjoining property as to width, improvements, general direction and in all other respects, unless the planning commission determines it is in the public interest to modify the street and road pattern.

(b) Streets and roads to be held for private use are approved by the planning commission and are clearly indicated on the tentative plan and all reservations or restrictions relating to such private streets and roads are set forth thereon, such as ownership and maintenance responsibilities.

(c) The tentative plan complies with the zoning ordinance.

(d) The tentative plan complies with the standards for traffic impact analysis in CCC 18.176.010.

FINDING: The tentative plan for Brasada Ranch Phase 15 shows all adjacent developments. The extension of SW Spirit Rock Drive from Phase 14, one cul-de-sac, and a new U-shaped street with double access along SW Paragon Ct are the new streets in Phase 15. All roads within the Brasada development are held for private use and are maintained by the Developer or the Homeowner's Association. The tentative plan complies with CCC 18.116 Destination Resort Overlay Zone.

(3) No tentative plan for a proposed subdivision or planned unit development located within the urban growth boundary, but outside the city, shall be approved unless the subject proposal has been submitted to the city planning commission for review and until such time that a written review and recommendation therefrom has been received and considered.

FINDING: The subject property is not located within the urban growth boundary and is not subject to City Planning Commission review.

(4) Approval or denial shall take into consideration the subdivision review committee and city planning commission's (when applicable) recommendations and the factors listed in CCC 17.12.060. (Ord. 303 § 1 (Exh. C), 2017; Ord. 231 § 1 (Exh. A), 2010; Ord. 19 § 3.100, 2003)

FINDING: The criteria addressed during the subdivision review committee meeting has been included in this report. Findings for those criteria address the discussions that occurred. Since approval or denial of the request includes reviewing those recommendations, the request complies.

Chapter 17.20 Final Plat

17.20.050 Information on plat

(*)**

(9) Easement. Easements denoted by fine dotted lines, clearly identified and, if already of record, their recorded reference. If an easement is not definitely located of record, a statement of the easement shall be given. The width of the easement, its length and bearing, and sufficient ties to locate the easement with respect to the subdivision shall be shown. If

the easement is being dedicated by the map, it shall be property referenced in the owner's certificates of dedication.

17.20.060 Supplemental information with plat.

*(***)*

(8) Improvement. If grading, and/or street improvements, and/or sewer and/or water facilities are required as the conditions of approval of the final plat, the following shall be required to be submitted with the final plat:

(a) Cross sections of the proposed streets showing width of roadways, types of surfacing, curb locations, width and location of sidewalks.

FINDING: The above criterion citations were not originally included in the Planning Commission decision sent on March 17, 2022. The original finding was directed at the entire chapter overall and stated that the Applicant has experience preparing final plats and has entered into an agreement with DOWL, a Bend engineering/surveying firm to prepare the final plat consistent with the requirements of 17.20.010, any requirements of the Crook County Surveyor, and Oregon Revised Statutes. The final plat for Phase 15 will be submitted for review after approval of the tentative plan and will be subject to the requirements in Chapter 17.20.

In the Appellant's Notice of Appeal submitted on March 29, 2022, CCC 17.20.050(9) and 17.20.060(8)(a) is cited as part of their grounds for appeal. The Appellant stated that easements are required to be depicted on the final plat, trails qualify as easements, and that additional information to be submitted with the final plat includes specific information concerning the width and location of sidewalks.

The Planning Commission considered the evidence and testimony submitted by the Appellant. The Commission found that the above criterion is only applicable to the submittal of a final plat for review and is not applicable to the proposed Phase 15 tentative plan. Title 17 certainly does include requirements that existing and proposed easements shall be identified on the tentative plan, but it is not the role of the Planning Department or the Planning Commission to interpret what qualifies as an easement. It is the responsibility of the Applicant and their surveyor to identify any easements, which are a civil matter not regulated by the Planning Department. The only parties involved in the enforcement of easements are the grantors and the grantees of an easement. The Planning Commission denies the Appellant's grounds for appeal based on the fact that the above criterion is not applicable to the Phase 15 tentative plan approval.

Chapter 17.36 Design Standards

17.36.010 Compliance Required

A land division, by subdivision, creation of a street or other right-of-way, or planned unit development, shall be in compliance with the design standards set forth by this title.

(1) Purpose. The purpose of these standards is to ensure that roads be constructed according to minimum standards. The construction of roads to these standards is one requirement for possible acceptance by the county as a "county road" but does not assure acceptance by the county court.

(2) Definitions.

(a) "Public road" means a road that has been dedicated for public use or has been adjudicated by the circuit court as a public road.

(b) "County road" means a road that has been accepted as a "county road" by formal action of the county court. After acceptance, the road will be maintained by the county.

(c) "Driveway" is an access road serving only two permanent residences. No construction standard is required; provided, however, approval is required as provided in CCC 17.36.020(1)(d).

(3) Compliance Required. Except with respect to a driveway, all roads constructed as public or private roads shall be in compliance with the design standards set forth by this title.

FINDING: The roads proposed within Phase 15 will be Public Roads of private access that are privately maintained. These roads must be built to the minimum standards agreed upon in the Master Plan originally approved for the destination resort. Findings addressing this are included below.

17.36.020 Road Standards

(1)(a) General. The location, width and grade of streets shall be considered in their relation to existing roads, to topographical conditions, to public convenience and safety, and to the proposed use of land to be served by the road. The road system shall assure an adequate traffic circulation system with intersection angles, grades, tangents and curves appropriate for the traffic to be carried considering the terrain. The proposed road location and pattern shall be shown on a development plan and the arrangement of roads shall either:

(i) Provide for the continuation or appropriate projection of existing roads in surrounding areas; or

(ii) Conform to a plan for the neighborhood approved or adopted by the planning commission to meet a particular situation where topographical or other conditions make continuance or conformance to existing roads impractical.

(b) Where the plat submitted covers only a part of the subdivider's tract, a drawing of the prospective future road system of the entire tract shall be furnished.

(c) Where a tract is subdivided into lots of an acre or more in area, the commission may require an arrangement of lots and roads such as to permit a later resubdivision in conformity to the requirements contained in this title.

(d) Any new road shall, prior to county approval, be approved in writing by emergency service providers identified by the county for sufficiency of access and road surface for emergency services purposes.

(2) Existing Roads. Whenever existing roads, adjacent to or within a tract, are of inadequate width, additional right-of-way shall be provided at the time of the land division by the developer. During consideration of the tentative plan for a subdivision, the commission shall

determine whether improvements to existing roads, adjacent to or within the tract, are required and may require such improvements as a condition of approval of the tentative plan.

(3) Minimum Right-of-Way and Roadway Width. Roads shall be constructed according to the standards and specifications set forth in this title. Roads to be constructed within the urban growth boundary shall be constructed in compliance with the applicable city street improvement standards and specifications.

(4) Reserve Strips. Reserve strips or street plugs controlling access to streets will not be approved unless deemed necessary by the commission for the protection of public safety and welfare.

(5) Alignment. All proposed streets shall be in alignment with existing streets by continuations of the center lines thereof. Offset street alignment resulting in "T" intersections shall have a minimum distance of 200 feet between the center lines of opposite streets of approximately the same direction unless prohibited by topographical features; however, in no case shall any center line offset of less than 100 feet be permitted.

(6) Future Extensions of Streets. When necessary to give access to or permit a satisfactory future division of adjoining land, streets shall be extended to the boundary of the subdivision or partition and the resulting dead-end streets may be approved without a turnaround. Reserve strips and street plugs may be required to preserve the objectives of street extensions.

(7) Intersection Angles. Streets shall be laid out to intersect at angles as near to right angles as practical, except where topography requires a lesser angle. In no case shall the acute angle be less than 80 degrees unless there is a special intersection design. An arterial or collector street intersecting with another street shall have at least 100 feet of tangent adjacent to the intersection unless topography requires a lesser distance. Other streets, except alleys, shall have at least 50 feet of tangent adjacent to the intersection unless topography requires a lesser distance. The intersection of more than two streets at any one point will not be approved.

(8) Half Street. Half streets, while generally not acceptable, may be approved where essential to the reasonable development of the subdivision or partition when in conformity with other requirements of these regulations and when the planning commission finds it will be practical to require the dedication of the other half when the adjoining property is divided. Whenever a half street is adjacent to a tract to be divided, the other half of the street shall be provided within such tract. Reserve strips and street plugs may be required to preserve the objectives of half streets.

(9) Street Names. Except for extensions of existing streets, no street name shall be used which will duplicate or be confused with the name of an existing street in the city or county. Street names and numbers shall conform to the established pattern in the city and shall be subject to the approval of the planning commission.

(10) Grades and Curves. Grades shall not exceed six percent on arterials, eight percent on collector streets or 10 percent on other streets. Center line radii of curves shall not be less

than 300 feet on other streets, and shall be to an even 10 feet. Where existing conditions, particularly the topography, make it otherwise impractical to provide buildable sites, the planning commission may accept steeper grades and sharper curves. In flat areas, allowance shall be made for finished street grades having a minimum slope, preferably, of at least 0.5 percent.

(11) Marginal Access Streets. Where a land division abuts or contains an existing or proposed collector or arterial street, the planning commission may require marginal access streets, reverse frontage lots with suitable depth, screen planting contained in a non-access reservation along the rear of side property line, or other treatment necessary for adequate protection of residential properties and to afford separation of through and local traffic.

(12) Alleys. Alleys shall be provided in commercial and industrial districts, unless the planning commission approves other permanent provisions for access to off-street parking and loading facilities. The minimum width of an alley in a residential block when platted shall be 16 feet. Alleys shall be provided in commercial and industrial districts and shall not be less than 20 feet. The corner of all alleys shall be curved with a radius of not less than 10 feet.

(13) Access Crossing Public Lands. Where the provisions of public access requires the crossing of public lands, approval shall be obtained of the subdivision from the agency having jurisdiction over said public lands crossed prior to commission approval of the preliminary plat.

(14) Access of State Highway. Where a subdivision requires an access approach to a state highway, approval shall be obtained by the subdivider from the State Highway Department prior to commission approval of the preliminary plat.

(15) The current editions of the following shall, in addition to any other provisions of this code, be the standards for road design and construction in Crook County: Geometric Design of Highways and Streets (American Association of State Highway and Transportation Officials); Road Design Guide (American Association of State Highway and Transportation Officials); Manual on Uniform Traffic Control Devices for Streets and Highways (American Association of State Highway and Transportation Officials); and the Oregon Department of Transportation Oregon Standard Specifications for Construction.

(16) Pedestrian Access and Circulation. In addition to the access and connectivity standards required by subsections (13), Access Crossing Public Lands, and (17), Cul-De-Sacs, of this section, subdivisions subject to Chapter 17.28, 18.48 or 18.52 CCC shall meet the applicable pedestrian access and circulation standards in Chapter 18.184 CCC, Pedestrian and Transit Improvements.

(17) Cul-De-Sacs.

(a) For subdivisions subject to Chapter 17.28, 18.48 or 18.52 CCC, a cul-de-sac street shall only be permitted where the county planning department, in consultation with the county roadmaster and Crook County fire and rescue, determines that environmental or topographical constraints, existing development patterns, or compliance with other applicable county requirements preclude a street extension.

(b) Where the county determines that a cul-de-sac is allowed, all of the following standards shall be met:

(i) The cul-de-sac shall not exceed a length of 400 feet, except where the county roadmaster determines that topographic or other physical constraints of the site require a longer cul-de-sac. The length of the cul-de-sac shall be measured along the centerline of the roadway from the near side of the intersecting street to the farthest point of the cul-de-sac.

(ii) The cul-de-sac shall terminate with a circular or hammer-head turnaround meeting the Uniform Fire Code.

(iii) The cul-de-sac shall provide, or not preclude the opportunity to later install, a pedestrian and bicycle accessway between it and adjacent developable lands. Such accessways shall conform to subsection (13) of this section.

(18) For existing parcels lawfully created before land development requirements (prior to December 17, 1973), Crook County will accept applications for site plan approval without proof of legal access and without compliance with otherwise applicable road standards. This exception shall not apply to applications to partition even if the original parcel was created prior to December 17, 1973. Furthermore, this chapter shall not apply to any property however created after December 17, 1973.

FINDING: Brasada Ranch and Crook County agreed to road standards for the development in the original Final Development Plan. Brasada Ranch roads are private and allow for roadway widths of 20 feet and greater and up to 12% grades on hillside conditions. The proposed road sections for Brasada Ranch Phase 15 are consistent with these conditions. Crook County Fire and Rescue has reviewed the proposed extension of SW Spirit Rock Drive and has found that it will be sufficient for emergency service access.

17.36.030 Subdivision ways and public roads

(1) Right-of-Way and Roadbed Standards. The right-of-way and roadbed standards shall be determined in accordance with Exhibit D at the end of this section. If a road located in an EFU-2 or EFU-3 zone will not serve more than four residences, the roadbed width and standards shall be determined in accordance with Exhibit D-1.

(2) Repealed by Ord. 149 Amd. 1.

(3) Modifications from Standards. Prior to submittal of a partitioning or subdivision application to the planning department, the planning director, in consultation with the roadmaster and any other designated person by the county, may authorize modifications from the foregoing standards where it can be shown that owing to special and unusual circumstances related to a specific road a lesser level of improvements will provide the same quality road as the standards contained within this title. This modification standard applies to planned unit developments in regard to which the planning commission recognizes the importance of design flexibility and therefore the planning commission may approve road specifications that meet the design requirements for such developments but differ from these standards.

(4) Grade. Maximum allowable grade shall be eight percent.

(5) Drainage. Adequate drainage for the main roadbed and all approach roads shall be provided by utilization of proper and necessary size culverts. Culvert size shall be a minimum of 15 inches. All culverts shall extend a minimum of three feet beyond the roadbed. Drainage plans shall comply with all applicable standards required by the State of Oregon Department of Environmental Quality Central Oregon Stormwater Plan or as specified by the planning department.

(6) Other Specifications. Roadbed crown, slope shoulders, base rock, and HMAC shall be provided as specified in the applicable standards in Exhibit D at the end of this section.

(7) Inspections and Testing. Developer shall provide the planning department with testing of any and all materials used in developing roads. Such testing shall be performed by a state of Oregon certified laboratory and shall be at the developer's expense.

(8) Roadside Parking. In the event roadside parking is required or permitted, additional right-of-way and/or road surface may be required.

(9) The Developer. Prior to the start of construction (any earth moving) the developer shall supply the planning department with two copies of the subdivision and/or road construction plan, including road profile and typical sections, and shall indicate the location of school bus stops and mailboxes.

The developer shall provide proof of compliance with stormwater drainage and erosion control requirements as may be imposed by the State of Oregon Department of Environmental Quality, Central Oregon Stormwater Manual or the county.

(10) All roads shall comply with the requirements of "Fire Apparatus Access Roads" contained in the most current edition of the International Fire Code and, with respect to access in urban-wildland interface areas, the fire code official may be guided by the Urban-Wildland Interface Code. The developer shall obtain a written approval from the fire department to be submitted to the planning department.

FINDING: Road standards were addressed in the final development plan for the entire destination resort. The standards agreed upon within that decision have been applied to all of the phases for Brasada Ranch.

The following language is from the 2008 final development plan approval and applies to the proposed phase:

"A system of private roadways connecting to the primary and secondary access roads is to provide for vehicular circulation within Phase I and later phases. Some residences are to be directly accessed by roadways, while others are to be accessed by cul-de-sacs.

The existing "underpass" is to be retained for access to facilities to the south of Shumway Road.

The Applicant proposes that the following standards be followed for private internal roads:

- (1) All roadway designs to be submitted to the Crook County Road Department for review prior to construction.
- (2) Minimum pavement width to be 20 feet, with two foot gravel shoulders, a thickened edge, or a curb on each side.
- (3) Minimum right-of-way width to be 30 feet, or a lesser amount when it is demonstrated that proposed easements and rights-of-way accommodate the proposed roadway and necessary utilities.
- (4) Maximum road grade to be 12%. Road grades to be designed at the flattest reasonable gradient, with 12% sections minimized.
- (5) The structural section for a roadway to be determined a soils investigation and geological recommendations from a professional engineer or geologist.

A system of foot, bicycle, electric cart, and horse trails is proposed to be constructed within Phase I, and connected to those in later phases in the future. The submitted plan shows general locations of trails, but detailed information on trails required by the preliminary conditions of approval has not yet been submitted. The historic irrigation trestle on the property is to be retained in connection with a trail."

The above requirements have been included as a condition of approval within this report.

The Applicant stated within the application materials that the proposed roads would meet the requirements from the original final development plan approval. Within the tentative plan submitted by the Applicant, the following road section design was illustrated.

Since the proposed road system will be in compliance with the approved requirements for the final development plan by having illustrated compliance within the tentative plan or through conditions of approval, the request complies.

17.36.040 Reserve Strips

- (1) *Reserve Strips. Reserve strips or plugs controlling access to roads will not be approved unless deemed necessary by the commission for the protection of public safety and welfare.*

(2) Alignment. All proposed roads shall be in alignment with existing streets by continuations of the center lines thereof. Offset street alignment resulting in "T" intersections shall have a minimum distance of 200 feet between the center lines of opposite streets of approximately the same direction unless prohibited by topographical features; however, in no case shall any center line offset of less than 100 feet be permitted.

(3) Future Extensions of Roads. When necessary to give access to or permit a satisfactory future division of adjoining land, roads shall be extended to the boundary of the subdivision or partition and the resulting dead end roads may be approved without a turnaround. Reserve strips and road plugs may be required to preserve the objectives of road extensions.

(4) Intersection Angles. Roads shall be laid out to intersect at angles as near to right angles as practical, except where topography requires a lesser angle. In no case shall the acute angle be less than 80 degrees unless there is a special intersection design. Sight distance requirements shall be determined by the standards contained in the most recent edition of American Association of Highway and Transportation Officials "Geometric Design of Highways and Streets."

(5) Road Names. Except for extensions of existing roads, no road name shall be used which will duplicate or be confused with the name of an existing street in the city or county. Street names and numbers shall conform to the established pattern in the city and shall be subject to the approval of the county building department. The developer shall provide all street signs.

(6) Marginal Access Streets. Where a land division abuts or contains an existing or proposed collector or arterial road, the planning commission may require marginal access streets, reverse frontage lots with suitable depth, screen planting contained in a non-access reservation along the rear or side property line, or other treatment necessary for adequate protection of residential properties and to afford separation of through and local traffic.

(7) Alleys. Alleys shall comply with the city of Prineville standards for alleys.

(8) Access Crossing Public Lands. Where the provision of public access requires the crossing of public lands, approval shall be obtained by the developer of the subdivision from the agency having jurisdiction over said public lands crossed prior to commission approval of the preliminary plat.

FINDING: No reserve strips have been proposed for Phase 15. All proposed roads ending in a "T" intersection are not within 200' of other "T" intersections within the proposed phase or other past phases. No dead-end roads have been proposed, all roads will extend to future phases of the destination resort as illustrated on the tentative plan submitted with the application. None of the proposed street intersections will have an acute angle of less than 80 degrees. All road names will need to be approved by the county prior to approval of the final plat, and through that approval compliance with the above criterion will be reviewed. As provided in previous phases, all the signs will be provided by the developer for the private road system. No marginal streets will be required, the proposal contains no alleys within the City of Prineville, and none of the proposed access within Phase 15 will cross public lands.

17.36.050 Maintenance of roads.

When possible, the developer of any road shall provide a method for the future maintenance of the road. Prior to approval of an EFU-2 or EFU-3 Rural Road serving more than one residence, the Applicant or developer shall establish an enforceable road maintenance agreement binding on all participating parcels subject to partition by the applicant or developer and running with the land. Any approval of an EFU-2 or EFU-3 Rural Road shall contain a disclaimer that approval does not represent an opinion or determination by Crook County that any such road will provide a safe or adequate travelling surface for vehicular or other traffic and that any such road is not eligible for county maintenance.

FINDING: As agreed upon within the approval for the overall destination resort, all roads within the Brasada development are held for private use and are maintained by the Developer or the Homeowner's Association. The standards above related to EFU zoned properties are not applicable due to the destination resort overlay.

17.40.010 Improvement Procedures

In addition to other land use and permitting requirements, improvements to be installed by an owner and/or developer, either as a requirement of this title, a land use permit, or other applicable regulations, shall conform to the requirements of this chapter.

(1) Plan Review and Approval. Improvement work shall not be commenced until plans therefor have been reviewed and approved by Crook County (hereinafter "County") or a designated representative thereof. Such review and approval shall be at the expense of the owner/developer. To the extent necessary for evaluation of a proposed development, such improvement plans shall be required before approval of the tentative plan of a subdivision or the preliminary development plan of a planned unit development.

(2) Notification. Improvement work shall not commence until after the county is notified and approval thereof has been granted, and if work is discontinued for any reason (for a continuous period of more than 14 days) work shall not be resumed until after the county is notified and approval thereof is granted. The cost of such inspections and approvals shall be borne by the owner/developer.

(3) Improvements as Platted. Improvements shall be designed, installed and constructed as platted and approved, and plans thereof shall be filed with the final plat at the time of recordation.

(4) Inspection. Improvements shall be constructed under the inspection and approval of a registered professional engineer (hereinafter "PE") licensed to practice in Oregon. Expenses incurred thereof shall be borne by the developer. The county, through said PE, may require changes in typical sections and details of improvements if unusual conditions arise during construction to warrant such changes in the public interest.

(a) The county shall accept inspections of a PE to certify the proper completion of designated improvements. Expenses incurred for such inspections shall be borne solely by the owner/developer.

(b) All certifications performed pursuant to subsection (4)(a) of this section shall include the unambiguous statement that the improvements have been properly completed and include the stamp and signature of the PE.

(c) At the request of the owner/developer, the county may (but shall not be obligated to) engage a PE to certify the proper completion of designated improvements, and the costs for such inspections shall be borne by the owner/developer.

(d) Nothing herein shall preclude the county from engaging its own inspectors to review the certification provided by the owner/developer's PE, and the costs for such review shall be borne by the owner/developer.

(5) Utilities. Underground utilities including but not limited to electric power, telephone, water mains, water service crossings, sanitary sewers, and storm water drains to be installed in streets shall be constructed by the owner/developer prior to the surfacing of the streets.

(6) As-Built Plans. A map showing public improvements as built shall be filed with the county upon completion of the improvements, and a copy thereof shall be recorded with the final plat.

FINDING: The Applicant states that the proposed roads and utilities will be bonded for and constructed in the spring/summer of 2022. Construction plans are typically reviewed and approved by utility providers, Crook County Fire and Rescue, and the Crook County Road Department (although it is noted that the roads in Brasada Ranch are private and are not subject to County jurisdiction). The Applicant has also proposed bonding the remaining 19 overnight lodging units.

Since an improvement agreement is being applied for, the following conditions of approval are included in accordance with the above criterion, and shall be required prior to submittal of the final plat for review by the county:

- i. The Applicant's engineer or contractor will prepare an estimate of the cost to complete all proposed improvements that will be bonded.
- ii. Construction of the proposed improvements shall not commence until after the county is notified and approval of the bond thereof has been granted. If work is discontinued for any reason (for a continuous period of more than 14 days) work shall not be resumed until after the county is notified and approval thereof is granted.

The following conditions are not required prior to submission of the final plat, and apply generally to the proposed improvements being bonded:

- iii. The proposed road and utility improvements shall be designed and constructed in substantial conformance with what is approved in the tentative plan.
- iv. The inspection of improvements shall be completed under the inspection and approval of a registered professional engineer licensed to practice in Oregon. Said professional may be chosen by the developer. The cost of inspections and reviews by the professional engineer shall be borne by the developer. All reviews and approvals provided by the professional engineer to the county for review shall include an unambiguous statement that the improvements have been properly completed and shall include a stamp and signature from the professional engineer.
- v. All utilities that have been proposed to be constructed under the streets in the proposed phase shall be constructed prior to the streets being surfaced.

- vi. Upon completion of the street and utility improvements, a map of the as built plans will be filed with the Crook County Planning Department.
- vii. The proposed overnight lodging units to be bonded will require development review by the Crook County Community Development Department, to ensure compliance with the applicable Planning, Building, and Onsite sewage disposal requirements. Only the initial development plans for the overnight lodging units will need to be reviewed and approved by the professional engineer chosen by the developer, all final reviews for the structures will be reviewed by the applicable county departments.

17.40.030 Improvements in subdivisions.

The following improvements as required shall be installed at the expense of the subdivider:

(1) Streets. Streets, including alleys and curbs, within the subdivision, adjacent thereto, and those outside the subdivision required to be improved as a condition of subdivision approval, shall be improved to specifications set forth by this title and other applicable regulations. Catch basins shall be installed and connected to drainage facilities in accordance with specifications in this and other applicable regulations, and in accordance with additional specifications imposed by the county to meet specific conditions. Upon completion of street improvements, monuments shall be reestablished in accordance with this title and Oregon Statutes at every street intersection and all points of curvature and points of tangency at their center lines.

FINDING: As addressed earlier in this report, the proposed streets will meet the specifications of this title, with road standards having been agreed upon in the original development plan approval for the destination resort. Catch basins have been provided in the tentative plan, and to ensure compliance a condition of approval has been included requiring that once the street improvements are completed, monuments shall be reestablished in accordance with this title and Oregon Statutes at every street intersection and all points of curvature and points of tangency at their center lines. Proof of this shall be recorded in an Affidavit of Post Monumentation with the Crook County Clerk and provided to the Planning Department prior to any building permits being issued for any of the proposed lots.

(2) Surface Drainage and Storm Sewer System. Drainage facilities as required within the subdivision and to connect the subdivision drainage to drainage ways or storm sewers outside the subdivision. Design of drainage within the subdivision shall take into account the capacity and grade necessary to maintain unrestricted flow from areas draining through the subdivision and to allow extension of the system to serve such area and shall provide proof of compliance with stormwater drainage requirements as may be imposed by the State of Oregon Department of Environmental Quality or the county roadmaster.

FINDING: The tentative plan submitted briefly illustrates surface drainage and stormwater drainage throughout the proposed phase. Further evidence will need to be provided to comply with the above criterion. A condition of approval has been included stating that prior to the final plat being submitted for review, a drainage plan shall be submitted to the county which considers the capacity and grade necessary to maintain unrestricted flow from areas draining through the subdivision and to allow extension of the system to serve the proposed phase and shall provide proof of compliance with stormwater drainage requirements as may be imposed by the State of Oregon Department of Environmental Quality. The drainage plan shall also be stamped and signed by a licensed professional engineer in the State of Oregon.

(3) Sanitary Sewers. Sanitary sewers as required shall be installed to serve the subdivision and to connect the subdivision to existing mains. Design shall take into account the capacity and grade to allow for desirable extension beyond the subdivision.

(4) Water System. Water lines and fire hydrants serving each building site in the subdivision and connecting the subdivision to the serving system shall be installed to specifications and the serving water system purveyor. The design shall take into account provisions for extension beyond the subdivision.

FINDING: The tentative plan submitted with the application includes sewer lines that serve the proposed phase and connect to the existing system for the destination resort. Water lines are also provided on the tentative plan, serving the proposed area, extending from previous phases, and terminating in locations where proposed future phases may occur. As identified in the subdivision review committee meeting, Crook County Fire & Rescue provided comment that hydrants are an outright requirement, and that by requiring the homes to be equipped with home fire sprinklers, Brasada Ranch does not need to meet the secondary egress requirement in the fire code.

(5) Sidewalks. Sidewalks may be required to be installed on at least one side of a public street and in any special pedestrian way within the subdivision; except that in the case of primary or secondary arterials, or special type industrial districts, the planning commission may approve a subdivision without sidewalks, if alternative pedestrian routes are available; and provided further, that in the case of streets serving residential areas having single-family dwellings per gross acre, the requirement of sidewalks shall not apply, provided there is no evidence of special pedestrian activity along the streets involved.

FINDING: The original finding stated that as part of the original development plan, the destination resort was approved for a trail system throughout the entire development. The initial conceptual plans have been formalized through each subsequent subdivision phase, and a proposed trail map was submitted with the Phase 15 application. The trail map depicts proposed trails for Phase 15, proposed trails for future phases, existing trails that will be removed, and existing trails that will remain. These alternative pedestrian routes are proposed instead of sidewalks throughout the proposed phase, which is in accordance with the above criterion.

The Appellant objected to the original finding, stating that:

“The trail system has not been formalized through each subdivision phase as required. The only way to “formalize” the trails in each phase and ensure compliance with conditions of approval that remain from the original Development Plan and Final Development Plan is to modify the Decision to make it clear that as a specific condition of approval Applicant must show the final location, surfacing, and size of trails on final subdivision plats. Formalizing the trail system should have been achieved by platting the trail easements and building the trail system at subdivision construction just like sidewalks in other subdivisions.”

Staff notes that the applicable criterion requires some form of pedestrian route through the proposed phase, unless the area that the streets serve contains “single-family dwellings per gross acre”, then the requirement of sidewalks shall not apply if there is evidence of no special pedestrian activity along the streets. Staff based the original finding off the information submitted by the applicant, which included a trail map that depicts proposed trails for Phase 15, proposed trails for future phases, existing trails that will be removed, and existing trails that will remain. Prior to the hearing, the Applicant submitted an

updated trail map which clarified the location, surfacing, and size of trails, with two trails surrounding Phase 15, and one running through the common area of Phase 15 in the western portion of the proposed phase.

During the hearing before the County Court on April 28, 2022, the Applicant broke the above criterion into three sections.

1. Sidewalks may be required to be installed on at least one side of a public street and in any special pedestrian way within the subdivision;
2. except that in the case of primary or secondary arterials, or special type industrial districts, the planning commission may approve a subdivision without sidewalks, if alternative pedestrian routes are available;
3. and provided further, that in the case of streets serving residential areas having single-family dwellings per gross acre, the requirement of sidewalks shall not apply, provided there is no evidence of special pedestrian activity along the streets involved.

The Applicant argued that the first section does not apply since the development does not contain public streets or special pedestrian ways, and that the second section also does not apply since there are no primary or secondary arterials, or special type industrial districts. They continued the discussion identifying the third section and stated that sidewalks and alternative pedestrian routes would not be required since it meets that criterion. In their response, they calculated 1.1 acres per gross dwelling within the proposed phase. They also stated that special pedestrian activity is not likely along the streets involved given the following factors:

- Sidewalks were never contemplated in the original Development Plan and never included or required in previous phases; therefore, any sidewalks in Phase 15 would not connect to any others.
- Phase 15 is surrounded by common-use trails that will be much more scenic than road sidewalks for exercise, walking pets, and more.
- When the Phase 15 owners wish to exercise in the Athletic Club, play the Golf Club, dine at the Ranch House, let their pets run at the off-leash area, most if not all owners will choose to use their vehicle or street legal golf cart because all the same amenities and services are located approximately 2.0 miles away in the community core.

The Applicant then stated in their response that the bulk of the trails outside the Phase 15 boundaries, and the Red Trail will only cross Phase 15 along the private roadway that is a common area and available for the common use and enjoyment of the owners and guests. Therefore, trail dedications are not necessary. They go on to state that they are willing to record a temporary easement in favor of the residential homeowner's association (all owners and guests) over these trails. Such an easement could terminate when the land on which these trails are located is platted, and the trails become common areas.

The Appellant did not provide further evidence towards this matter during the remand hearing held on May 11, 2022.

Based on the evidence provided by the Applicant regarding no presence of public streets or special pedestrian ways, no secondary arterials or special type industrial districts, and that there are 1.1 acres

per gross dwelling within the proposed phase, the Appellants grounds for appeal are denied and the Planning Commission finds the request complies with the criterion.

(6) Bicycle Routes. If appropriate to the extension of a system of bicycle routes, existing or planned, the planning commission may require the installation of separate bicycle lanes within streets and separate bicycle paths.

FINDING: No bicycle routes are identified within the proposed phase. The criterion does not apply.

(7) Street Name Signs. Street name signs shall be installed at all street intersections. One street sign shall be provided at the intersection of each street. Two street signs shall be provided at four-way intersections.

FINDING: Street signs must be provided in accordance with the above criterion. There are multiple intersections identified on the tentative plat within the proposed phase 15, including a four-way intersection. A condition of approval is included requiring the developer to install street name signs at each intersection, with one sign at the intersection of each street, and two signs provided at the four-way intersection.

(8) Streetlights. Streetlights shall be installed and shall be served from an underground source of supply as feasible.

FINDING: Streetlights were not illustrated on the tentative plan, but underground power is illustrated within the proposed utility easements. To ensure compliance, a condition of approval is included stating that if streetlights are provided, they shall be installed and served from an underground power source where feasible.

(9) Other. The developer shall make necessary arrangements with utility companies or other persons or corporations affected for the installation of underground lines and facilities. Electrical lines and other wires including but not limited to communication, street lighting and cable television, shall be placed underground as feasible.

FINDING: The proposal illustrated on the tentative plan utility easements to serve the proposed phase. The initial development plan for the destination resort provided letters from Central Electric Coop and Brasada Ranch Utility LLC demonstrating commitments for power, telephone, and cable service. To ensure compliance, a condition if approval is included stating that all utilities shall be located underground where feasible.

17.40.050 Approval of improvements.

Prior to acceptance by the county, an inspector selected as described by CCC 17.40.010(4) will approve the proper completion of all required improvements. The developer shall pay for all costs of inspection.

FINDING: The Applicant has proposed road and utility improvements throughout the proposed subdivision phase and will be bonding for the 19 remaining overnight lodging units. As provided in CCC 17.40.010(4) of this report, a condition has been included regarding improvement inspections which will address the requirements of this criterion.

17.40.060 Acceptance of improvements.

Improvements shall receive preliminary acceptance after inspection at the time the improvements are constructed. The county shall consider final acceptance within one year after construction is complete.

FINDING: The above criterion requires preliminary and final approval of the bonded improvements. The proposed overnight lodging units will be continually reviewed by a licensed engineer and the Community Development Department. The development process requires multiple preliminary reviews and approvals, and continual inspections from Building Codes. Once completed, Building Codes will review the development for final occupancy. The following condition for roads and utilities is included to ensure compliance. Upon the initial completion of any road and utility improvements, prior to applying asphalt, the development shall be reviewed and approved by the licensed professional engineer the applicant hires, as well as the Crook County Road Master. During construction, the Road Master will be given the opportunity to inspect road improvements during the initial stages of base rock and asphalt placement. Once the road and utility components have been completed, and paved, the licensed professional engineer and Road Master shall provide final approval.

17.40.070 Building permits.

No building permit shall be issued upon lots to receive and be served by sanitary sewer and water service as improvements required pursuant to this title unless such improvements are in place and serviceable or bonded as provided in Article II of this chapter. All improvements required pursuant to this title and other applicable regulations shall be completed, in service and approved by the county prior to the sale and occupancy of any building unit erected upon a lot within the subdivision, partition, or planned unit development. Prior to sale and occupancy, and as a condition of acceptance of improvements, the county may require a one-year maintenance surety bond in an amount not to exceed 10 percent of the value of all improvements to guarantee maintenance of said improvements for a period of not less than one year from the date of acceptance.

FINDING: The proposed phase will be served by a community water and sewer system. As proposed in the application, the improvements will be bonded, constructed, and in service prior to the development of any of the subdivision lots. To ensure compliance, a condition of approval has been included stating all road and utility improvements required pursuant to this title and other applicable regulations shall be completed, in service and approved by the county prior to the sale and occupancy of any building unit erected upon a lot within the subdivision.

17.40.080 Agreement for improvements.

Prior to final approval of a subdivision plat or partition map by the county, or when otherwise required by county code, the subdivider or person otherwise required shall either install required improvements and repair existing streets and other facilities damaged in the development of the property or execute and file with the county an agreement between himself/herself and the county specifying the period in which required improvements and repairs shall be completed and providing that, if the work is not completed within the period specified, the county may complete the work and recover the full cost and expense, together with court costs and attorney fees necessary to collect said amounts from the subdivider or person otherwise subject to this section. The agreement shall also provide for reimbursement of the county for the cost of inspection by the county.

FINDING: The improvements occurring within the proposed subdivision phase consist of road and utility construction. The Applicant intends to file and record a final plat for phase 15 prior to completion of the infrastructure improvements. The Applicant intends to enter into an Improvement Agreement with the County, providing a good and sufficient form of security consistent with the Crook County Code for the completion of the infrastructure improvements. The road and utility improvements are anticipated to be constructed in the spring/summer of 2022.

The Applicant is also requesting that the county accept a bond in accordance with section 18.116.040, for 19 Overnight Lodging Units. The units are proposed to be built within four years, with 16 of those units already having been approved for development permits through the county, and three remaining.

The requested bond will be subject to the criterion in 17.40.090 below, and the request is further addressed in those findings.

This finding is further addressed with regard to the appeal in the finding for CCC 17.40.090 below.

17.40.090 Bond.

(1) Type of Security. The subdivider or person otherwise subject to this section shall file with the agreement, in form acceptable to county counsel, to assure the full and faithful performance thereof, one of the following:

(a) A surety bond executed by a surety company authorized to transact business in the state of Oregon;

*(b) An irrevocable bank letter of credit issued by a federally licensed financial institution;
or*

(c) Cash.

(2) Amount Required. Such security of full and faithful performance shall be for a sum approved by the county as sufficient to cover the cost of the improvements and repairs, including related engineering and incidental expenses, and to cover the cost of county inspection. In addition, the security will include an amount equal to 20 percent of all other costs to serve as contingency.

(3) Default Status. If the subdivider or person otherwise subject to this section fails to carry out provisions of the agreement and the county has unreimbursed costs or expenses resulting from such failure, the county shall call on the collateral for reimbursement. If the realized amount of the collateral exceeds costs and expenses incurred by the county, it shall release the remainder. If the realized amount of the collateral is less than the cost and expense incurred by the county, the subdivider or person otherwise subject to this section shall be liable to the county for the difference.

FINDING: The original finding stated that the Applicant has proposed that a bond be approved for the required road and utility improvements, and the remaining 19 overnight lodging units that are required to be in compliance with the destination resort ratio criteria. To ensure the request is in compliance, a condition of approval has been included stating that prior to the final plat being submitted for review, a bond in conformance with CCC 17.40.090 shall be submitted to county counsel for review and approval.

In the Appellant's Notice of Appeal, the Appellant cites the above criterion and states that if the trails are not constructed prior to the closure of lot sales, they need to be guaranteed through an improvement agreement. Appellant then cites an improvement agreement from 2005, Document No. 2005-199244 and states that the improvement agreement included an exhibit, identified as the final development plan, and cites the condition related to "the final location, surfacing, and size of the trails shall be depicted on future subdivision plats."

Staff researched the above-mentioned improvement agreement, and its validity. According to County Counsel, the 2005 Improvement Agreement established a completion date for the specified improvements of two years after the final plat was recorded, with options for up to three (3) one-year extensions. Section 27 of that Agreement states that the Agreement expires 1 year after the Completion Date, as that date might be extended.

As a component of that Improvement Agreement, Brasada Ranch Inc. was required to submit to the County a bond securing the completion of the specified infrastructure improvements. The bond's penal sum was \$42 million. Although at the time of writing this staff report the exact date that this bond was released could not be recalled, County Counsel has advised that the bond had been released many years ago and was not currently active.

Although the condition related to trails is included in the staff report exhibit of that document, that does not necessarily indicate that the agreement was to be held until all subdivision phases provided trails. Staff also referenced the improvement agreement, and trails were not listed with the required developed recreational facility that the Applicant bonded for. Based on the expiration of the improvement agreement, and the \$42 million dollar bond having been released by the County, the cited improvement agreement has been satisfied, is no longer valid, and should not be relied upon for review of the appeal.

In reviewing the above criterion with regard to the Appellant's appeal the Planning Commission finds that since trails are not considered a required component for the subdivision phase, the Appellants grounds for appeal are denied and the request complies.

Chapter 17.60 Fees

FINDING: The Applicant submitted the required fees for the tentative subdivision phase review when the application was submitted. All other fees related to final plat review and filing the final plat will be required upon submission of the reviews.

Title 18 Zoning

Chapter 18.116 – Destination Resort Overlay

18.116.040 – Standards

FINDING: The original approval of the tentative plan and final development plan for the Brasada Ranch destination resort addressed all the standards in 18.116.040 (see C-CU-DES-001-03). Many of the standards in 18.116.040 apply to the overall development, and standards that apply directly to the proposed Phase 15 are discussed below as well.

(1) Development shall be located on a tract that contains at least 160 acres.

(2) Development shall not be located on high value farmland.

FINDING: The entire acreage of Brasada Ranch is approximately 1,800 acres. No resort development will be located on high value farmland.

(3) Developments shall include meeting rooms, restaurants with seating for at least 100 persons, and a minimum of 150 separate rentable units for overnight lodging, oriented toward the needs of visitors rather than area residents. However, the rentable units may be phased in as follows:

(a) A total of 150 units of overnight lodging shall be provided as follows:

(i) At least 75 units of overnight lodging, not including any individually owned homes, lots or units, shall be constructed or guaranteed prior to the closure of sale of individual lots or units through an agreement and security provided to the county in accordance with CCC 17.40.080 and 17.40.090.

(ii) The remainder shall be provided as individually owned lots or units subject to deed restrictions that limit their use to overnight lodging units. The deed restrictions may be rescinded when the resort has constructed 150 units of permanent overnight lodging as required by this subsection.

FINDING: According to the Applicant, there are a total of 243 overnight lodging units in Brasada Ranch, meeting the above requirement for total overnight lodging units.

(b) The number of units approved for residential sale shall not be more than two units for each unit of permanent overnight lodging provided under subsection (3)(a)(i) of this section; provided, however, after an applicant has constructed its first 150 permanent overnight lodging units, the county may approve a final development plan modification to increase the ratio of units approved for residential sale to units of permanent overnight lodging from two to one to two and one-half to one.

FINDING: The original finding stated since the original approval of the development plan, the Crook County Code and Comprehensive Plan were amended to allow an increase in the maximum ratio of permanent housing to overnight lodging units within destination resorts from 2:1 to 2.5:1 (AM-11-0028). The 2011 action included a Master Plan amendment (C-CU-DES-001-03) to implement the changed ratio for Brasada Ranch.

The Applicant stated that Brasada Ranch currently has 243 overnight lodging units. The 2.5:1 ratio would allow 607.5 residential units, rounded to the nearest whole number as 608. The following table represents the information provided by the Applicant for the location and number of residential lots within the different subdivision phases (not reflecting replat consolidations):

Phase	Number of Residential Lots
1	201
3	92
4	127
6	33
8	16
9	26

10	22
11	31
13	27
14	51
Total	626

Although the total above reflects 626 residential units, through subsequent replats 42 of those lots have been consolidated into 21 lots, totaling 605 residential lots. Phase 15 proposes 50 additional lots which will bring the total number of residential units to 655, 48 more than the ratio currently allots. 48 more residential lots would require 19 additional overnight lodging units. The Applicant has proposed in accordance with CCC 18.116.040(3)(d), that the remaining required overnight lodging units be bonded for to ensure completion and compliance with the ratio. The Applicant states that 16 of these units have been permitted by the county and are projected to be completed within two years. The remaining three units will be permitted and completed within 4 years. The approval of the bond will ensure the criterion is met. The totals listed above were listed in the burden of proof provided by the Applicant but have not been illustrated to demonstrate compliance. To ensure compliance, a condition of approval is included stating that prior to submittal of the final plat for review, the Applicant shall provide a map to the planning department illustrating and depicting the number of residential lots and overnight lodging units within the destination resort. The map shall also include and depict the lots that have been recently replated and combined by the developer and private landowners. Providing this map will provide further evidence towards compliance with the required ratio.

In the Appellant's Notice of Appeal, it cites a Court of Appeals decision, *Central Oregon Landwatch vs. Deschutes County*, 285 Or App 267 (2017). They state that the Applicant's response to Mr. Anderson's response during the initial review of the Phase 15 tentative plan review is not an accurate summary of the court of appeals decision. The coalition contests the statement from the Applicant's agent that the overnight lodging units are owned by the resort, and states that some are owned by private individuals which requires a different analysis through ORS 197.435(5)(b). The Appellant goes on to state that the condition required for mapping overnight lodging units is sufficient, but that:

"The Decision should be modified so the Applicant is required to submit evidence sufficient to enable the planning department to determine whether and which overnight lodging units qualify under either the first or second sentence of ORS 197.435 (5)(b) as interpreted by the Oregon Court of Appeals, and CCC 18.116.030(5)."

Staff responded to this stating that all phases submitted by the destination resort have demonstrated compliance with the required ratio heretofore. Staff's condition requiring a map would demonstrate further compliance, and any other evidence submitted would be reviewed for consistency with the applicable criterion.

In the Applicants evidence submitted on May 9 & 10, 2022 (Exhibit 2 & 3), the Applicant provided the requested map illustrating the location and number of overnight lodging units. The Applicant also corrected some previously provided information. The number of lot consolidations that have occurred through replats are 31 which has left 595 total subdivisions lot. The change is a result of replats that were processed by the planning department between the data being provided the first time. There are also 244 overnight lodging units, which is a correction from the Applicant having not taken into account a recent remodel that converted a two bedroom cabin into a three bedroom. They also stated that the current OLU ratio is 2.44, submitted the deed restriction language for the overnight lodging units, and provided 279 pages of reservations from 2019-2021 as evidence towards compliance.

At present, there is no bond or improvement agreement for the “missing” overnight lodging units. The decision of the Planning Commission, however, required that such documents be in place prior to the construction of the proposed improvements.

In the Appellants response submitted May 11, 2022, they again cite the Court of Appeals decision, *Central Oregon Landwatch vs. Deschutes County*, 285 Or App 267 (2017). They stated that the Planning Commissions decision must consider the requirement on a factual basis. They stated that the Applicant has not demonstrated that the accommodations are both permanent and separately rentable, as required, and when a person rents out the entirety of a 2-, 3-, or 4-bedroom cabin, none of those “separate” units are permanently, separately rentable.

In staff’s response at the Planning Commission Hearing on May 11, 2022, staff stated that the appellant has misinterpreted the definition. The definition in CCC 18.116.030 reads:

“Overnight lodgings” means permanent, separately rentable accommodations, which are not available for residential use. Overnight lodgings include hotel rooms, lodges, cabins and time-share units. Individually owned units may be considered overnight lodgings if they are available for overnight rental use by the general public for at least 45 weeks per calendar year through a central reservation and check-in service. Tent sites, recreational vehicle parks, manufactured dwellings, dormitory rooms and similar accommodations do not qualify as overnight lodgings for the purpose of this definition.

The term “permanent”, as used in the definition above, is meant to imply that the structure is permanently affixed to the ground. It is intended to require that no temporary structures be utilized as overnight lodging units such as RV’s, trailers, manufactured homes, or other similar accommodations. The evidence provided by the Owner also demonstrates proof that the units are being rented separately. Staff recommended to the Planning Commission that the Applicant has gone beyond the original requirements conditioned and imposed to document overnight units at the resort, and that the evidence provides factual proof that the criterion is met. The Planning Commission agreed with staff, and determined that the criterion is met based on the evidence submitted by the Applicant.

(c) The development approval shall provide for the construction of other required overnight lodging units within five years of the initial lot sales.

FINDING: The Applicant has proposed bonding the remaining 19 overnight lodging units to comply with the ratio. The Applicant stated in the burden of proof that 16 of the overnight lodging units have been permitted and will be completed in two years, and the remaining three will be permitted and completed within four years. The criterion is met.

(d) In a phased development, after completing construction of the initial 150 units of overnight lodging units described in subsection (a) of this section, in lieu of fully constructing required overnight lodging units, an Applicant may request at the time it submits a tentative plan application to guaranty construction of any overnight lodging units required per subsection (b) of this section if the following requirements are met:

(i) The applicant shall provide an agreement and security in amount equal to or greater than 130% of the anticipated costs to construct the overnight lodging units to the county in accordance with CCC17.40.080 and 17.40.090;

(ii) Such agreement and security shall have a maximum term of four (4) years and must require construction of the required overnight lodging units to be complete (as evidenced by a certificate of occupancy issued by the Crook County Building Department) prior to the expiration of such term; and

(iii) The applicant must demonstrate to the hearing authority's satisfaction that the need to provide a guaranty is the result of factors outside the applicant's control (e.g., a lack of necessary construction materials or shortage of necessary labor to complete construction). Routine development costs changes, labor disputes, competition from other entities, or events that are the inherent risks of business do not qualify.

FINDING: The Applicant has proposed bonding for the remaining 19 overnight lodging units as part of their application. As conditioned in this report, the Applicant's engineer or contractor shall prepare an estimate of the cost to complete all proposed improvements that will be bonded. 16 of the units have been permitted and according to the Applicant will be completed in two years. The Applicant states that the remaining three will be permitted and constructed within four years meeting the above criterion. To ensure compliance, a condition of approval is included stating that the Applicant will need to submit to county counsel for review an agreement and security in an amount equal to or greater than 130% of the anticipated costs to construct the overnight lodging units in accordance with CCC17.40.080 and 17.40.090. The Applicant shall also demonstrate that the need for the guaranty is the result of factors outside the Applicant's control (e.g., a lack of necessary construction materials or shortage of necessary labor to complete construction). Routine development costs changes, labor disputes, competition from other entities, or events that are the inherent risks of business do not qualify.

(4) Prior to closure of sale of individual lots or units, all required developed recreational facilities, key facilities intended to serve the entire development, and visitor-oriented accommodations shall be either fully constructed or guaranteed by providing an agreement and security in accordance with CCC 17.40.080 and 17.40.090. In phased developments, developed recreational facilities, key facilities intended to serve a particular phase, and required visitor-oriented accommodations shall be either fully constructed prior to sales in that phase or guaranteed by providing an agreement and security in accordance with CCC 17.40.080, 17.40.090, and, if applicable, 18.116.040(3)(d). Nothing in this subsection shall be interpreted to require the construction of all approved phases of a destination resort; provided, that the destination resort as developed complies with the minimum development requirements of subsections (3), (5), and (7) of this section.

FINDING: All required recreational facilities, key facilities intended to serve the entire development, and visitor-oriented accommodations have been fully constructed. The criterion is met.

(5) At least \$7,000,000 shall be spent on improvements for on-site developed recreational facilities and visitor-oriented accommodations exclusive of costs for land, sewer and water facilities, and roads. Not less than one-third of this amount shall be spent on developed recreational facilities. Spending required under this subsection is stated in 1993 dollars. The spending required shall be adjusted to the year in which calculations are made in accordance with the United States Consumer Price Index.

FINDING: The obligation to construct all developed recreational facilities has been met. The resort developers have completed an 18-hole golf course, which meets the requirement for recreational facility investment. The Sports Center, equestrian facilities and general recreational facilities have been

constructed. Visitor facilities including restaurants and meeting rooms have been completed. The resort has met required improvements.

(6) Commercial uses are limited to those listed in CCC 18.116.070(8). Such uses must be internal to the resort, and are limited to the types and levels of use necessary to meet the needs of visitors to the resort. Industrial uses of any kind are not permitted.

FINDING: There are no new proposed commercial uses requested for Phase 15.

(7) At least 50 percent of the site shall be dedicated to permanent open space, excluding yards, streets and passing areas.

FINDING: The Applicant acknowledges the obligation to assure 50% open space for the overall Brasada Ranch destination resort. Table 1 was provided by the Applicant and summarizes the platted lands within Brasada Ranch, identifying the acreage designated as open space.

Table 1

Phase	Plat Area	Designated Open Space	Notes
Phase 1	255.4 acres	93.2 acres	Golf lot 1; lots A-G
Phase 2	51.9 acres	19.1 acres*	Golf Lot 1, tract Z
Phase 3	165 acres	95.4 acres	Golf lot 1, lots A-C
Phase 4	201.9 acres	100.1 acres	Lots A-D
Phase 5	13.7 acres	See below**	
Phase 6	44.0 acres	13.6 acres	Lot K
Phase 7	6.0 acres	See below***	
Phase 8	29.3 acres	13.5 acres	Lots M and N
Phase 9	32.3 acres	8.4 acres	Lots Q-S
Phase 10	62.8 acres	44.4 acres	Lot T
Phase 11	34.9 acres	0.0 acres	
Phase 12	78.0 acres	74.3 acres	Golf Lot 12-1; Lots U and V
Phase 13	22.7 acres	0.9 acres	Lot W
Phase 14	57.1 acres	23.0 acres	Lots x-z
Total Currently Platted	1,055 acres	471.6 acres	44.7% open space

*Lots A and B include open space as trails, native vegetation and lawn areas that are not included in this calculation

** Lots H and J include open space as trails, native vegetation and lawn areas that are not included in this calculation

***Lot L includes open space as trails, native vegetation, and lawn areas, not included in this calculation.

The Applicant states that the total open space calculation is progressing per the master plan and the requirement for 50% open space will not be compromised. The lots within the proposed tentative plan for Phase 15 were anticipated at the time of the master plan. The code requires the 50% open space requirement to be met at the time of completion for all subdivision phases. The Applicant submitted an open space map as part of their application materials. This map demonstrates that once all phases have been completed, 57.9% of the resort area will remain as dedicated open space.

(8) If the site includes a resource site designated on the county's Goal 5 inventories as significant, the resource site shall be protected in accordance with the adopted Goal 5 management plan for the site. Sites designated for protection pursuant to Goal 5 shall also be preserved by design techniques, open space designation, or a conservation easement sufficient to protect the resource values of the resource site. Any conservation easement created pursuant to this subsection shall be recorded with the property records of the tract on which the destination resort is sited prior to development of the phase of which the resource site is a part.

(9) Riparian vegetation within 100 feet of natural lakes, rivers, streams and designated significant wetlands shall be retained as set forth in CCC 18.124.090.

FINDING: (Goal 5 resources) and (9) (riparian areas) are not affected by the proposed Phase 15 development.

(10) The dimensional standards otherwise applicable to lots and structures in underlying zones pursuant to Chapters 18.16 through 18.112 and 18.120 through 18.140 CCC shall not apply within destination resorts. The planning commission shall establish appropriate dimensional standards during final development plan review.

(11) Except where more restrictive minimum setbacks are called for, the minimum setback from exterior property lines, excluding public or private roadways through the resort, for all development (including structures and site-obscuring fences of over three feet in height but excepting existing buildings and uses) shall be as follows:

(a) Two hundred fifty feet for commercial development listed in CCC 18.116.070, including all associated parking areas;

(b) One hundred feet for visitor-oriented accommodations other than single-family residences, including all associated parking areas;

(c) Twenty-five feet for above-grade development other than that listed in subsections (11)(a) and (b) of this section;

(d) Twenty-five feet for internal roads;

(e) Twenty-five feet for golf courses and playing fields;

(f) Twenty-five feet for jogging trails, nature trails and bike paths where they abut private developed lots, and no setback where they abut public roads and public lands;

(g) The setbacks of this section shall not apply to entry roadways, landscaping, utilities, and signs.

FINDING: According to the Applicant, the minimum setbacks for structures and internal roads will be met. Lots are set back a minimum of fifty (50) feet from the exterior property boundary. This exceeds the requirement for a setback of twenty-five (25) feet for above grade residential development.

(12) Alterations and nonresidential uses within the 100-year flood plain and alterations and all uses on slopes exceeding 25 percent are allowed only if the Applicant submits and the

planning commission approves a geotechnical report that demonstrates adequate soil stability and implements mitigation measures designed to mitigate adverse environmental effects. Such alterations and uses include, but are not limited to:

(a) Minor drainage improvements which do not significantly impact important natural features of the site;

(b) Roads, bridges, and utilities where there are no feasible alternative locations on the site; and

(c) Outdoor recreational facilities, including golf courses, bike paths, trails, boardwalks, picnic tables, temporary open sided shelters, boating facilities, ski lifts, and runs.

FINDING: The original finding stated that there are no mapped flood hazard areas in Phase 15. As illustrated in the tentative plan, the proposed trails for phase 15 will not be located on slopes in excess of 25 percent. Based on those facts, a geotechnical report shall not be required. According to the Applicant, site drainage design has been analyzed and reviewed as part of preliminary plans and a detailed design will be provided with final construction drawings. Site drainage generally includes preservation of natural drainage ways, minimal concentration of stormwater, and stormwater disposal through surface infiltration whenever possible. The Applicant states that it believes these design recommendations are appropriate for the proposed development. The layout of the proposed housing lots has been designed to accommodate natural drainage ways.

In additional evidence provided by the Applicant on May 11, 2022, they addressed the fact that some of the trails surrounding Phase 15 and the trail proposed through the common space on the west end of the proposed phase might contain areas within area that contain 25% slopes. They also included a map of these areas, and stated that if requested the reports can be provided.

The Appellant stated in their evidence submitted on May 11, 2022, that the lack of geotechnical reports for other trails within the resort serves as proof of the importance of identifying trails within proposed phases prior to tentative plan approval. They stated that the development now has many trail locations that don't meet the original criteria and require additional approvals.

In consideration of the evidence and testimony submitted by the Applicant, the Appellant, and staff's recommendation, the planning commission determined that so long as the applicant provides the geotechnical report for the trail development, the criterion would be met. To ensure compliance, a condition of approval is included amending the original condition to state that a geotechnical report shall be provided to the Planning Department highlighting the sections of the trail surrounding and within the proposed phase that are within areas that exceed 25% slopes. The report shall demonstrate adequate soil stability, and mitigation measures designed to mitigate adverse environmental effects. Based on those facts, and with that condition, the Planning Commission finds the request complies.

18.116.060 Permitted uses.

(3) Residential Accommodations.

(a) Single-family dwellings;

FINDING: The use of Phase 15 for single family residential dwellings is allowed by CCC 18.116.060(3).

V. DECISION

Adoption of the amended findings with edits, to be incorporated into the original staff report for 217-21-001013-PLNG.

VI. CONDITIONS OF APPROVAL

1. Within two years after the date of final approval of the tentative plan, a final plat shall be submitted in substantial conformance with the approved tentative plan.
2. All utility easements shall be dedicated prior to the sale of any lots.
3. Prior to the final plat being submitted for review, Crook County Fire & Rescue shall review and approve the tentative plan. Proof of approval shall be provided to the Planning Department.
4. Original development plan road conditions:
 - a. The existing “underpass” is to be retained for access to facilities to the south of Shumway Road.
 - b. All roadway designs to be submitted to the Crook County Road Department for review prior to construction.
 - c. Minimum pavement width to be 20 feet, with two foot gravel shoulders, a thickened edge, or a curb on each side.
 - d. Minimum right-of-way width to be 30 feet, or a lesser amount when it is demonstrated that proposed easements and rights-of-way accommodate the proposed roadway and necessary utilities.
 - e. Maximum road grade to be 12%. Road grades to be designed at the flattest reasonable gradient, with 12% sections minimized.
 - f. The structural section for a roadway to be determined a soils investigation and geological recommendations from a professional engineer or geologist.
5. Once the street improvements are completed, monuments shall be reestablished in accordance with this title and Oregon Statutes at every street intersection and all points of curvature and points of tangency at their center lines. Proof of this shall be recorded in an Affidavit of Post Monumentation with the Crook County Clerk and provided to the Planning Department prior to any building permits being issued for any of the proposed lots.
6. Prior to the final plat being submitted for review, a drainage plan shall be submitted to the county which considers the capacity and grade necessary to maintain unrestricted flow from areas draining through the subdivision and to allow extension of the system to serve the proposed phase and shall provide proof of compliance with stormwater drainage requirements as may be imposed by the State of Oregon Department of Environmental Quality. The drainage

plan shall also be stamped and signed by a licensed professional engineer in the State of Oregon.

7. Upon the initial completion of any road and utility improvements, prior to applying asphalt, the development shall be reviewed and approved by the licensed professional engineer the applicant hires, as well as the Crook County Road Master. During construction, the Road Master will be given the opportunity to inspect road improvements during the initial stages of base rock and asphalt placement. Once the road and utility components have been completed, and paved, the licensed professional engineer and Road Master shall provide final approval.
8. The developer shall install street name signs at each intersection, with one sign at the intersection of each street, and two signs provided at the four-way intersection.
9. If streetlights are provided, they shall be installed and served from an underground power source where feasible.
10. All utilities shall be located underground where feasible.
11. All road and utility improvements required pursuant to this title and other applicable regulations shall be completed, in service and approved by the county prior to the sale and occupancy of any building unit erected upon a lot within the subdivision.
12. All conditions of the Final Development Plan approval (C-CU-DES-001-03) shall continue to be met.
13. The final plat shall be reviewed by Central Oregon Irrigation District.
14. Bonding/Improvement Agreement Conditions
 - a. Prior to submission of the final plat:
 - i. Prior to the final plat being submitted for review, a bond in conformance with CCC 17.40.090 shall be submitted to county counsel for review and approval.
 - ii. the Applicant will need to submit to county counsel for review an agreement and security in an amount equal to or greater than 130% of the anticipated costs to construct the overnight lodging units in accordance with CCC17.40.080 and 17.40.090. The Applicant shall also demonstrate that the need for the guaranty is the result of factors outside the Applicant's control (e.g., a lack of necessary construction materials or shortage of necessary labor to complete construction). Routine development costs changes, labor disputes, competition from other entities, or events that are the inherent risks of business do not qualify.
 - iii. The Applicant's engineer or contractor will prepare an estimate of the cost to complete all proposed improvements that will be bonded.
 - iv. Construction of the proposed improvements shall not commence until after the county is notified and approval of the bond thereof has been granted. If work is discontinued for any reason (for a continuous period of more than 14 days) work shall not be resumed until after the county is notified and approval thereof is granted.

- b. General conditions:
- i. The proposed road and utility improvements shall be designed and constructed in substantial conformance with what is approved in the tentative plan.
 - ii. The inspection of improvements shall be completed under the inspection and approval of a registered professional engineer licensed to practice in Oregon. Said professional may be chosen by the developer. The cost of inspections and reviews by the professional engineer shall be borne by the developer. All reviews and approvals provided by the professional engineer to the county for review shall include an unambiguous statement that the improvements have been properly completed and shall include a stamp and signature from the professional engineer.
 - iii. All utilities that have been proposed to be constructed under the streets in the proposed phase shall be constructed prior to the streets being surfaced.
 - iv. Upon completion of the street and utility improvements, a map of the as built plans will be filed with the Crook County Planning Department.
 - v. The proposed overnight lodging units to be bonded will require development review by the Crook County Community Development Department, to ensure compliance with the applicable Planning, Building, and Onsite sewage disposal requirements. Only the initial development plans for the overnight lodging units will need to be reviewed and approved by the professional engineer chosen by the developer, all final reviews for the structures will be reviewed by the applicable county departments.
15. Prior to submittal of the final plat for review, the Applicant shall provide a map to the planning department illustrating and depicting the number of residential lots and overnight lodging units within the destination resort. The map shall also include and depict the lots that have been recently replatted and combined by the developer and private landowners.
16. The final plat shall be consistent with the requirements of 17.20.010, any requirements of the Crook County Surveyor, and Oregon Revised Statutes.
17. A geotechnical report shall be provided to the Planning Department highlighting the sections of the trail surrounding and within the proposed phase that are within areas that exceed 25% slopes. The report shall demonstrate adequate soil stability, and mitigation measures designed to mitigate adverse environmental effects.

Respectfully,

 Michael Warren, Chair
 Crook County Planning Commission

Brent Bybee, Planning Manager

Burgess, AttorneyLand Use Application Being Appealed: (file number) 217-21-001013-PLNG

Property Description:

Township 16 South Range 14 East WM Section 26 Tax lot(s) 02805 – part 1614000002805Township 16 South Range 14 East WM Section 26 Tax lot(s) 02806 – part 1614000002806Appellant's Signature:  Date: 3/29/22

I/We, the undersigned, wish to appeal the decision made by the Crook County Planning Commission regarding application no. 217-21-001013-PLNG, that a final decision was made on the 17th day of March, 2022.

EVERY NOTICE OF APPEAL SHALL INCLUDE:

1. The appeal shall be in writing and shall contain:
 - a. Name, signature, and address of the appellant(s).
 - b. Reference to the application title and case number, if any;
2. A statement of the nature of the decision:
 - a. A statement of the specific grounds for the appeal, setting forth the error(s) and the basis of the error(s) sought to be reviewed: and
 - b. A statement as to the appellant's standing to appeal as an affected party.

3. Proper filing fee in accordance with Section 18.172.050.
4. If the decision appealed from is a decision made without a hearing or without notice to area property owners, written notice of appeal must be filed within twelve (12) calendar days of the date written notice of the decision is mailed to those entitled to such notice. With respect to all other appeals, written notice of appeal must be filed within 10 calendar days of the date written notice of the decision is mailed to those entitled to decision. If the last day of the appeal period falls on a Saturday, Sunday or legal holiday, the notice of appeal is due on the next business day.
5. An appeal shall be filed:
 - a. With the County Court for appeals from final decisions by the Planning Commission;
 - b. With the Planning Commission for appeals from final decisions by the Planning Director or Planning Department staff; and
 - c. Shall cite the specific "Zoning Ordinance Section" and "Comprehensive Plan Policies" alleged to be violated.

The Notice of Appeal must include the items listed above. Failure to complete all of the above will render an appeal invalid. Any additional comments should be included on the Notice of Appeal.

TRANSCRIPT: The appellant must provide a copy of the transcript of the proceedings (at the appellants' expense) appealed to the County Planning Department not less than seven (7) calendar days before the hearing date set by the County Court or Planning Commission.

SCOPE AND STANDARD OF REVIEW OF APPEAL: An appeal to the County Court is not a new hearing; it is a review of the decision. Subject to the exception in paragraph (6) below, the review of the final decision shall be confined to the record of the proceeding below, which shall include, if applicable:

1. All material, pleadings, memoranda, stipulations, and motions submitted by any party to the proceeding and received by the Commission or Court as evidence.
2. All material submitted by Crook County Staff with respect to the application.
3. The transcript of the Planning Commission hearing(s).
4. The written final decision of the Commission and the petition of appeal.
5. Argument (without introduction of new or additional evidence) by parties or their Legal representative.
6. The appellate body may, at its option, admit additional testimony and other evidence from an interested party or party of record to supplement the record of prior proceedings. The record may be supplemented by order of the appellate body upon written motion by a party. The written motion shall set forth with particularity, the basis for such request and the nature of the evidence sought to be introduced. Prior to supplementing the record, the appellate body shall provide an opportunity for all parties to be heard on the matter. The appellate body

may grant the motion upon a finding that the supplement is necessary to take into consideration the inconvenience of locating the evidence at the time of initial hearing, with such inconvenience not being the result of negligence or dilatory act by the moving party.

An appeal from the Planning Director or Planning Department staff to Planning Commission shall be de novo; meaning that the burden of proof remains with the applicant and that new testimony and evidence, together with the existing Planning Department file, may be received at the hearing on the appeal.

STANDARD OF REVIEW ON APPEAL: The burden of proof remains with the applicant. The burden is not met by merely showing that the appellate body might decide the issue differently.

APPELLATE DECISION: Following the hearing of the appeal, the appellate body may affirm, overrule, or modify the Planning Commission's final decision.

This appeal is made pursuant to Section 18.172.110 of the Crook County Code. The required fee has been received by the Crook County Planning Department as the filing fee for this appeal.

I / We are appealing the decision for the following reasons: (be specific)

**Re: Appeal of Planning Commission Decision
Brasada Ranch Subdivision Phase 15
File Number: 217-21-001013-PLNG**

Dear Crook County Court:

As you know this office represents BR Community Coalition, a nonprofit corporation presently consisting of 18 residential lot owners in Brasada Ranch. The BR Community Coalition was organized for the mutual benefit of its members. This letter is submitted in support of the BR Community Coalition's appeal to the County Court for the above-referenced file and Planning Commission Decision dated March 17, 2022 (the "Decision").

BR Community Coalition requests a public hearing by the County Court under CCC 18.172.110 (2). BR Community Coalition has standing to appeal the Decision pursuant to CCC 18.172.110 (6) because it provided written comments to the Planning Commission.

As you know from the March 9, 2022, letter and attachments from this office submitted into the record (Ex. 4), the BR Community Coalition is primarily concerned about trail systems in Brasada Ranch. The Applicant FNF NV Brasada, LLC is recently constructing a paved trail system in Brasada Ranch that was not shown on final plat maps or is partly outside the trail easements shown on the Phase 2 plat map. The existence, location, use, and surface of a trail within Brasada Ranch are material factors weighed when consumers buy a Brasada Ranch lot, when designing their homes, when receiving Design Review Committee approval, and when landscaping their lots. Only platted trail easements afford purchasers adequate notice of the future existence of a trail.

Crook County Court
March 29, 2022
Page 2 of 6

In the case of Phase 15 that is the subject of this Appeal, a specific condition of approval is necessary to ensure the Applicant shows trails on final plats. Such a requirement is mandatory to comply with the final Development Plan, Improvement Agreement, Destination Resort Overlay Zone, prior approvals, and Crook County Code.

The Development Plan and Final Development Plan (C-CU-DES-001-03) are both referenced and specifically incorporated into the Decision. Decision, § I (Background); § III (Findings of Fact) (17.16.020 Required findings for approval) (“Finding: The resort’s Final Development Plan approval addressed compatibility with the surrounding area.” “As the development of the resort has progressed, the Applicant has demonstrated compliance with each of the 33 approval conditions, ensuring compatibility with the area surrounding the project site.”). The Decision is not accurate because the Applicant has not “demonstrated compliance” with the extensive approval conditions in the Final Development Plan, particularly Condition of Approval No. 15, which states:

“15. The applicant shall provide a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development.”

In its Burden of Proof Statement for Phase 15, the Applicant specifically addressed and made representations concerning its “Compliance with the Destination Resort Development Plan Conditions of Approval”. Burden of Proof, § II. Regarding trails, the Applicant quoted the above specific condition and then represented:

“FNF NV BRASADA LLC considers trails and paths an important amenity for destination resort development and has designed a significant network of trails. FNF NV BRASADA LLC is currently in the process of further enhancing the trail network within the core area of the resort and in the vicinity of the recently platted phases 13 and 14. The remaining undeveloped areas of the resort, including Phase 15, have been preliminarily reviewed and laid out a potential future trail network. Exhibit B is included as part of this burden of proof to illustrate compliance with this section of code.”

Applicant’s statement does not meet the condition of approval that the final location, surfacing and size of all trails must be shown prior to preliminary plat approval. Applicant must be required to comply with its past development commitments and the County’s past conditions of approval. Final trails and trail easements must be shown and specified on final subdivision plats.

The previously approved final Development Plan, which was fully incorporated by reference into the Decision, should be reviewed in detail on appeal to hold Applicant

Crook County Court
 March 29, 2022
 Page 3 of 6

accountable to its development commitments and conditions of approval that remain almost two decades into the development of Brasada Ranch. *See*, Decision, p. 11 (“Finding: The applicant has provided tentative plan drawings, a burden of proof statement and incorporates, by reference, the previously approved Development Plan, all in accordance with CCC 17.16.010.”)

The Development Plan conditions of approval requires Applicant to depict final location of trails prior to plat approval for each phase. The March 19, 2003 application for Brasada Ranch Crook County approval states: “The Applicant proposes to construct a network of walking, biking, and equestrian trails throughout the resort property. The contemplated location of such trails is set forth on the Development Plan Map. However, the trails on the Development Plan Map are conceptual in nature and are subject to modification as each phase of the resort develops. **The final location, surfacing, and size of the trails will be depicted on future subdivision plats.**” (Emphasis added).

CCC 17.20.050 (9) requires easements to be depicted on the final plat. CCC 17.20.060 (8)(a) requires additional information to be submitted with the final plat, including specific information concerning the width and location of sidewalks. The Decision allows Applicant to meet the requirements related to sidewalks with its trail system. *See* Decision, p. 28-29. The “Finding” related to sidewalks states:

As part of the original development plan, the destination resort was approved for a trail system through the entire development. The initial conceptual plans have been formalized through each subsequent subdivision phase, and a proposed trail map was submitted with phase 15 application.

* * *

These alternative pedestrian routes are proposed instead of sidewalks through the proposed phase, which is in accordance with the above criterion.

BR Community Coalition objects to the above finding in that the trail system has not been “formalized” through each subdivision phase as required. The only way to “formalize” the trails in each phase and ensure compliance with conditions of approval that remain from the original Development Plan and Final Development Plan is to modify the Decision to make it clear that as a specific condition of approval Applicant must show the final location, surfacing, and size of trails on final subdivision plats. Formalizing the trail system should have been achieved by platting the trail easements and building the trail system at subdivision construction just like sidewalks in other subdivisions.

Current owners in Brasada Ranch, including the BR Community Coalition members, want to preserve their property values, their privacy, and their security, all of which

Crook County Court
March 29, 2022
Page 4 of 6

are being adversely affected by the Applicant's current trail building that is occurring on land platted about 15 years prior. Future buyers should have proper notice about the existence and location of trail easements when making purchase decisions.

Development standards for Brasada Ranch as a destination resort requires that prior to closure of lot sales in each phase, "developed recreational facilities" either "shall be constructed prior to sales in that phase or guaranteed by providing an agreement and security in accordance with CCC 17.40.080 and 17.40.090." CCC 18.116.040 (4). "Developed recreational facilities" includes "nature trails".

On or about April 14, 2005, Brasada Ranch, Inc. signed the Improvement Agreement with Crook County (Recorded in the official records of Crook County April 22, 2005, No. 2005-199244). The Improvement Agreement was and is intended to ensure the Development Plan requirements were carried out and included the specific conditions of approval. *See* Improvement Agreement, Ex. A, pp. 38-46 listing conditions of approval including No. 15 related to trails. The Crook County final approval in C-CU-DES-001-03 was incorporated as Exhibit "A" into the Improvement Agreement. It required: **"The final location, surfacing, and size of the trails shall be depicted on future subdivision plats."** Improvement Agreement, Ex. A, p. 15.

The Decision recognizes in other places the requirement that the Applicant submit detailed information on final trails. *See*, for example, Page 23 regarding CCC 17.36.030 "Subdivision ways and public roads" (quoting from the final development plan approval and stating it "applies to the proposed phase". "A system of foot, bicycle, electric cart, and horse trails to be constructed within Phase I, and connected to those in later phases in the future. The submitted plan shows general locations of trails, **but detailed information on trails required by the preliminary conditions of approval** has not yet been submitted.") (Emphasis added).

The Coalition respectfully requests that the County Court modify the Decision and specifically condition final plat approval by requiring Applicant to comply with its Improvement Agreement and Development Plan by specifying trail easements and depicting the final location, surfacing, and size of any trail within Brasada Ranch on the final subdivision plats. This ensures compliance with prior and continuing conditions of approval, appropriately protecting current and future owners in Brasada Ranch.

Separately, and with regard to overnight lodging units, the Coalition shares Mr. Anderson's concerns (Ex. 2 in the record) and requests the County Court consider this issue carefully on appeal. The Applicant's response (identified as Ex. 3, but marked Ex. 4), is not an accurate summary of the Court of Appeals decision in *Central Oregon Landwatch vs. Deschutes County*, 285 Or App 267 (2017). A copy of that opinion is attached for your reference. That case is relevant because in it the Court of Appeals

Crook County Court
March 29, 2022
Page 5 of 6

announced the proper interpretation of ORS 197.435(5)(b). That interpretation applies whether the issue is in Crook County or Deschutes County. The case is of significance because it recognized that whether units qualify as “overnight lodging” under either clause of the statute is not a theoretical question and analysis, but a factual one that must be demonstrated. *Id* at 294.

The Coalition contests the representation by Applicant’s agent that “the overnight lodging units are owned by the resort.” The Coalition understands that at least some units are individually owned and that requires a different analysis under ORS 197.435 (5)(b). As the Court of Appeals said

Thus, under this construction of the definition for “overnight lodgings,” a unit generally can qualify in one of two ways: either as (1) separately rentable accommodations that are not available for residential use, or (2) as individually owned units that are available for overnight rental use by the general public for at least 38 weeks per calendar year through a central reservation system operated by the destination resort or by a real estate property manager...”

Id at 290-91.

CCC 18.116.030 (5) largely tracks the statute and contains a 45 weeks per calendar year requirement with respect to any individually owned units. The Decision should be modified to include a condition of approval requiring Applicant to submit evidence of the overnight lodging units so the specific, separate analysis under the first and second sentences of ORS 197.435 (5)(b) can be undertaken and properly analyzed. The Coalition contests the current condition that the Applicant provide a “map to the planning department illustrating and depicting the number of residential lots and overnight lodging units within the destination resort” is sufficient. Decision, p. 33. The Decision should be modified so the Applicant is required to submit evidence sufficient to enable the planning department to determine whether and which overnight lodging units qualify under either the first or second sentence of ORS 197.435 (5)(b) as interpreted by the Oregon Court of Appeals, and CCC 18.116.030 (5). For example, Applicant should be required to provide information sufficient to establish ownership of the overnight lodging units. Secondly, if units are individually owned, evidence must be submitted to establish they meet the criteria of the second sentence on a factual basis (i.e., that they are in fact available for overnight rental use by the general public for at least 45 weeks per calendar year through a central reservation and check-in service).

Further, ORS 197.4145(9) requires the developer to provide an annual accounting to document compliance with the overnight lodging standards. The Court of Appeals noted this indicates that “compliance with the overnight lodging is an ongoing factual determination”. It is important to verify the type and number of qualifying overnight

Crook County Court
March 29, 2022
Page 6 of 6

lodging units as that directly impacts the number of additional units required with Phase 15, and necessary bonding requirements. CCC 18.116.040 (4). Further, this analysis ensures that Brasada Ranch meets the standards set forth in CCC 18.116.040 as a Destination Resort with sufficient overnight lodging.

Modifying the Decision in the manner requested will ensure the Applicant/Developer complies with the conditions and standards set years ago, and for the remainder of development in Brasada Ranch. Brasada Ranch has become an integral part of Crook County. Owners in Brasada Ranch want to ensure the Developer is held to the required conditions, approvals, development and improvement agreements, Crook County Code and Oregon law. Doing so ensures predictability and consistency for owners and future buyers alike.

Sincerely,

Megan K. Burgess
Encl. as stated

Pine Forest Development, LLC, Petitioner Cross-Respondent.

A163908

Argued and submitted February 16, 2017.

May 3, 2017

Synopsis

Background: Developer of expansion to destination resort petitioned for judicial review, and objector cross-petitioned for judicial review, of the Land Use Board of Appeals' (LUBA) decision that concluded that expansion was allowed, but that cabins' individual bedrooms did not qualify as overnight lodgings.

Holdings: The Court of Appeals, Lagesen, J., held that:

- [1] expansion of a destination resort is statutorily allowed;
- [2] argument that bedrooms did not qualify as overnight lodgings was not collateral attack on prior decisions;
- [3] term "individually owned units," within the definition of "overnight lodgings," means units not owned by the resort;
- [4] bedrooms were not separately rentable accommodations that were unavailable for residential use;
- [5] bedrooms were not functionally same as dormitory rooms, and thus were not categorically excluded from being counted as "overnight lodgings;" and
- [6] for preexisting units to be considered overnight lodgings there must be some evidence that units are in fact separate and rentable separately.

Affirmed in part, reversed in part, and remanded.

West Headnotes (10)

[1] Zoning and Planning — Decisions of boards or officers in general

In reviewing the Land Use Board of Appeals' (LUBA) interpretation of statutes for legal error, the appellate court is obligated to interpret those statutory provisions correctly, regardless of the parties' assertions of statutory

interpretation.

[7 Cases that cite this headnote](#)

[2] **Zoning and Planning** — Hotels, lodging, and short-term rentals

The relevant destination resort statutes allow for the expansion of a destination resort, provided that the entire proposed development, the existing resort and the expansion area, meets the statutory criteria for a destination resort. Or. Rev. Stat. §§ 197.445, 197.465(3).

[3] **Zoning and Planning** — Effect of determination in general; res judicata and collateral estoppel

Argument that cabins' bedrooms did not qualify as "overnight lodgings," for purposes of satisfying statutory criteria for proposed expansion of destination resort, was not an impermissible collateral attack on county's prior land use decisions approving original resort that counted bedrooms as overnight lodgings; expansion was required to meet criteria as entirely new development, and developer sought to count bedrooms as lodging units to satisfy criteria for proposed development for purposes of what was a new and different proposal. Or. Rev. Stat. § 197.445.

[4] **Zoning and Planning** — Hotels, lodging, and short-term rentals

The term "individually owned units," within the definition of "overnight lodgings" in a statute stating the requirements of a destination resort, means units not owned by the resort, rather than units that are separately owned or capable of separate ownership. Or. Rev. Stat. §§ 197.435(5)(b), 197.445(4)(a, b).

[5] **Zoning and Planning** — Hotels, lodging, and short-term rentals

Units generally can qualify as "overnight lodgings," for purposes of a destination resort's statutory requirements, in one of two ways: either as (1) separately rentable accommodations that are not available for residential use, or (2) as individually owned units that are available for overnight rental use by the general public for at least 38 weeks per calendar year through a central reservation system operated by the destination resort or by a real estate property manager, unless the unit is one of the types of lodging expressly excluded from the definition of overnight lodgings. Or. Rev. Stat. §§ 197.435(5)(b), 696.010.

[6] Zoning and Planning — Hotels, lodging, and short-term rentals

Cabins' individual bedrooms, which had individual bathrooms and lockable inside and outside entrances, did not qualify as "overnight lodgings" by way of being separately rentable accommodations that were not available for residential use, as defined in statutory requirements of destination resorts; bedrooms were in single-family homes that were available for residential use.

[7] Zoning and Planning — Hotels, lodging, and short-term rentals

Cabins' individual bedrooms, which had individual bathrooms and lockable inside and outside entrances, were not functionally same as dormitory rooms, and thus were not categorically excluded from being counted as "overnight lodgings," as defined in statutory requirements of destination resorts; even though there may have been some physical similarities between bedrooms and dormitory rooms, bedrooms were located in single-family vacation home, and there was little in common between well-appointed luxury vacation homes and what would commonly be understood as a dormitory. *Or. Rev. Stat. § 197.435(5)(b)*.

[8] Zoning and Planning — Hotels, lodging, and short-term rentals

"Overnight lodgings," for purposes of meeting the destination resort criteria, must be separate, rentable units. *Or. Rev. Stat. §§ 197.435(5)(b), 197.445(4)*.

[9] Zoning and Planning — Hotels, lodging, and short-term rentals

Individually owned units, to qualify as "overnight lodgings" for purposes of meeting the destination resort criteria, must be, as a factual matter, an accommodation that is both its own "separate" unit that is rentable separately from other units. *Or. Rev. Stat. § 197.435(5)(b)*.

[10] Zoning and Planning — Hotels, lodging, and short-term rentals

Where a developer proposes an expanded destination resort that is based, in part, on existing lodgings, for an existing individually owned unit to count as "overnight lodgings" based on being available for overnight rental for at least 38 weeks per calendar year, there must be evidence that the unit is in fact separate and rentable separately from other units; it is not enough that the unit is theoretically separate and separately rentable, particularly when there is affirmative evidence the claimed separate unit of lodging is, in reality, neither separate nor separately rentable. *Or.*

Rev. Stat. § 197.435(5)(b).

Opinion

LAGESEN, J.

***269** Petitioner Pine Forest Development, LLC (Pine Forest) seeks judicial review, and respondent Central Oregon LandWatch (LandWatch) cross-petitions for review, of an order of the Land Use Board of Appeals (LUBA) that remands to respondent Deschutes County (the county)¹ its decision approving Pine Forest's proposal to expand the Caldera Springs destination resort. The resort was approved in 2006 under the destination-resort land use statutes, ORS 197.435 to 197.467, which were promulgated in accordance with Statewide Planning Goal 8. Pine Forest raises two assignments of error, arguing that (1) LUBA's order was an impermissible collateral attack on prior county decisions concerning the resort and (2) LUBA erred in concluding that certain individual bedrooms in 38 of the resort's vacation homes—which we shall refer to as the “lock-off rooms”—which have full bathrooms and lockable interior and exterior doors, are not overnight lodging units, as defined in ORS 197.435(5)(b), for purposes of meeting the criteria for a destination resort under ORS 197.445(4)(b). LandWatch, in its cross-petition, contends that an expansion of a destination resort is not allowed under ORS 197.445 unless the proposed expansion area meets all of the criteria as a stand-alone resort and that LUBA erred in concluding otherwise.

On review to determine whether LUBA's order is unlawful in substance,  ORS 197.850(9)(a), we conclude that LUBA correctly determined that ORS 197.445 does not prohibit the approval of a proposed expansion of a destination resort provided either that the proposed expanded resort, as a whole, satisfies all applicable statutory requirements for the siting of a destination resort, or the expanded area, ***270** on its own, meets all applicable requirements. We therefore affirm on the cross-petition. As to LUBA's conclusion that the lock-off rooms do not qualify as overnight lodging under ORS 197.435(5)(b), we agree with Pine Forest that LUBA misconstrued the statute in reaching that conclusion. We disagree, however, with Pine Forest's assertion that the lock-off rooms qualify as “overnight lodgings” as a matter of law under a correct interpretation of the statute and, for that reason, remand to LUBA to consider the matter in the first instance. We therefore reverse and remand on the petition.

I. BACKGROUND AND PROCEDURAL HISTORY

A. Legal Framework

To provide context, we first summarize the state and local law applicable to the siting of a destination resort in Deschutes County. Statewide Planning Goal 8 speaks to the siting of destination resorts in Oregon. The purpose of Goal 8 is to “ ‘satisfy the recreational needs of the citizens of the state and visitors and, where appropriate, to provide for the siting of necessary recreational facilities including destination resorts’ ” without ****971** the need for an exception to the resource goals if certain criteria are met. *Friends of Marion County v. Marion County*, 233 Or.App. 488, 494-95, 227 P.3d 198 (2010) (quoting Goal 8).

To implement Goal 8’s objectives regarding the siting of destination resorts, the legislature enacted [ORS 197.435](#) through [197.467](#). Those statutes set forth the criteria that a proposed resort must meet to be approved as a destination resort. The statutes define a destination resort as “a self-contained development that provides for visitor-oriented accommodations and developed recreational facilities in a setting with high natural amenities.” [ORS 197.445](#). Further, the legislature has found that destination resorts are intended “to promote Oregon as a vacation destination and to encourage tourism as a valuable segment of our state’s economy,” that Oregon has “a growing need to provide year-round destination resort accommodations to attract visitors and encourage them to stay longer,” and that it is a “difficult and costly process to site and establish destination resorts in rural areas of this state.” [ORS 197.440](#).

***271** For destination resorts sited in “eastern Oregon,” ² [ORS 197.445](#) sets forth a number of criteria for “proposed developments.” A proposed development must have at least 160 acres with half of the site reserved for permanent open space and must include a \$7 million expenditure³ on recreational facilities and visitor-oriented accommodations. Residential homes can be included in a destination resort, but the resort must have at least 150 overnight lodging units and the ratio of residential homes to overnight lodging units cannot exceed 2.5 to 1. [ORS 197.445\(4\)\(b\)\(A\), \(E\)](#). Under [ORS 197.435\(5\)\(b\)](#), “overnight lodgings” for destination resorts located in eastern Oregon are defined as:

“permanent, separately rentable accommodations that are not available for residential use, including hotel or motel rooms, cabins and time-share units. Individually owned units may be considered overnight lodgings if they are available for overnight rental use by the general public for at least 38 weeks per calendar year through a central reservation system operated by the destination resort or by a real estate property manager, as defined in [ORS 696.010](#). Tent sites, recreational vehicle parks, manufactured dwellings, dormitory rooms and similar accommodations do not qualify as overnight lodgings for the purpose of this definition.”

Deschutes County, in turn, has enacted its own ordinances to govern the approval of destination resorts proposed to be sited in the county. Pertinent to the issues in this proceeding, Deschutes County Code (DCC) 18.113.025⁴ ***272** authorizes the county to approve an expansion of an existing resort if either (1) the proposed expanded resort, viewed as a whole, satisfies the criteria for approval as a destination resort; or (2) the expanded portion, standing alone, meets the criteria for approval as a destination resort.

B. The Proposed Expansion of the Caldera Springs Destination Resort

We turn to the particulars of this case. In 2006, the county approved the conceptual master plan (CMP) for the Caldera Springs destination resort on 390 acres of land south of Bend and adjacent to the Sun River destination ****972** resort. Caldera Springs includes 320 single-family residential homesites. The resort also includes 38 of what the resort calls “Caldera Cabins,” each of which are privately owned by individuals or entities other than the resort. Each cabin is a three, four, or five bedroom single-family residence that has an added feature—namely, each bedroom has a full bathroom as well as lockable inside and outside entrances. These rooms are referred to as “lock-off rooms.” Caldera Springs relies on these cabins, or rather each of the cabin’s lock-off rooms, to satisfy the requirement under [ORS 197.445\(4\)\(b\)](#) that a destination resort must provide at least 150 “overnight lodging” units.

After its initial approval, the resort purchased adjacent land from the United States Forest Service—614 acres of forest land consisting of lodgepole and ponderosa pines and typical high desert understory plants—zoned as forest and subject to overlay zones for wildlife area (for deer migration) and destination resorts. In 2015, Pine Forest submitted an application to the county under DCC 18.113.025 to modify the Caldera CMP to include an expansion of the resort onto the 614 acres. Of the

614 acres, the proposed expansion would apportion 490 acres (125 acres would remain undeveloped for deer migration) to accommodate up to 395 new single-family houses, which would bring the number of single-family houses in the resort to a total of 715. Also proposed was an increase to change the ratio of residential units to overnight lodgings units from 2:1 to 2.5:1, as allowed by ORS 197.445(4)(b)(E). To satisfy its obligation to provide the required number of overnight lodging units, Pine Forest proposed to construct an additional 95 overnight lodging *273 units, also employing the Caldera Cabin model—individually owned homes with three to five lock-off rooms. Pine Forest did not attempt to demonstrate that the expanded portion of the resort, on its own, would meet the criteria to be approved as a destination resort. Instead, as contemplated by DCC 18.113.025(B), Pine Forest sought to demonstrate that the proposed expanded development, as a whole, would meet the criteria to be approved as a destination resort.

The county hearings officer held several hearings regarding the proposed expansion. LandWatch, in opposition to the proposed development, argued that the Caldera Cabins were merely 38 luxury homes and, therefore, could not be counted as 152 overnight lodging units for purposes of the requirements of ORS 197.445. In particular, LandWatch asserted that the lock-off rooms contained in the Caldera Cabins could not be counted as separate overnight lodging units for purposes of determining whether the proposed expanded resort met the requirements of ORS 197.445. LandWatch submitted an annual report prepared by the resort in 2014 in compliance with ORS 197.445(9) demonstrating that, for that year, none of the lock-off rooms had been separately rented.⁵

The hearings officer ultimately determined that Pine Forest’s application should be approved, but expressed skepticism about the extent to which the lock-off rooms met Pine Forest’s overnight lodgings obligations. The hearings officer found that the annual report

*274 “proves the point that at least in that year each of the ‘cabins’ was rented in total, and there was not even one instance in which a single bedroom was rented separately from the rest of the home.”^[6] [LandWatch] **973 argues that at best these rooms should be categorized as ‘dormitory rooms’ which do not qualify as overnight rentable units under either ORS 197.435(5)(b) or DCC 18.113.060.”

The hearings officer also found that there

“is no dispute that the units are contained within what otherwise appears to be a single family residence. The distinction is that each bedroom has a separate entrance and a separate bathroom. The applicant states that each of the rooms is separately rentable based on the reservation system. Again, the 2014 rental report shows the homes broken down by bedroom—even if all bedrooms in each home that year were always rented by one guest. This circumstance is preferred by most guests, the applicant argues.”

Ultimately, the hearings officer concluded that

“the applicant’s system for making ‘rentable units’ available for overnight accommodation complies with DCC 18.113.060 and the definitions in 18.04.030. There is no evidence which would cause the Hearings Officer to doubt the veracity of the applicant’s statements (see also the letter from Caldera Springs at Exhibit 5 of the applicant’s December 25, 2015 letter)^[7] or the information about the *275 Caldera Springs website as presented by [LandWatch].^[8] Caldera Springs has interpreted the state definition of ‘[o]vernight lodging’ in a way that turns a large single family residence into a ‘cabin’, and a five bedroom five bath house into five ‘rentable units.’ With the addition of the separate entrance for each bedroom and at least the colorable claim to allowing each room to be rented individually, Caldera Springs appears to have finessed DCC 18.113.060 in a way that minimally satisfies the 150 separate rentable unit standard.

“Although [LandWatch] clearly condemns the method that Caldera Springs uses for renting out the homes, there is no evidence that the Hearings Officer has been pointed to in the record that the 38 houses are really simply used as full or part time residences—which is the heart of the standards set in the destination resort statute. And, while additional evidence (such as a deliberate system of actively discouraging the separate rental of individual bedrooms, or a pricing scheme that accomplished the same result) may have swayed the Hearings Officer to find noncompliance, that evidence does not appear **974 to be in the record. I did not visit the website to search for such evidence since it is outside the record. There also is little help in the legislative findings for ORS 197.435 which might require a conclusion that Caldera Springs’s current rental system is forbidden. Consequently, the Hearings Officer finds that the application meets this criterion.

“For all the same reasons stated above, I also find that Caldera Springs’s rental system does not transform the rooms or homes into a ‘dormitory.’ ”

*276 (Underscoring and fourth brackets in hearings officer’s findings.)

LandWatch appealed the hearings officer’s decision to the county’s board of commissioners, which declined to hear the appeal. LandWatch then appealed to LUBA, asserting, among other arguments, that (1) the destination resort statutes do not permit the expansion of a resort; and (2) the proposed expansion did not provide for the requisite number of overnight lodging units because, in LandWatch’s view, the lock-off rooms do not qualify as overnight lodgings under [ORS 197.435\(5\)\(b\)](#) and [ORS 197.445](#). Defending the county’s decision, Pine Forest argued that the applicable statutes do not prohibit the approval of the expansion of a destination resort, that the county correctly concluded that the lock-off rooms counted as overnight lodging units, and that LandWatch’s argument to the contrary was an impermissible collateral attack on the county’s previous approval of the Caldera Springs resort.

LUBA remanded the decision on several bases, but as relevant on review, concluded that the lock-off rooms did not qualify as overnight lodging units because they were not individually owned and were dormitory rooms. Before doing so, LUBA rejected LandWatch’s contention that the destination resort statutes prohibited expansion of an existing resort and rejected Pine Forest’s assertion that LandWatch’s challenge to counting the lock-off rooms as overnight lodging units was an impermissible collateral attack on prior county decisions. Both parties timely petitioned for judicial review.

II. STANDARD OF REVIEW

^[1]We review LUBA’s order to determine whether it is unlawful in substance, [ORS 197.850\(9\)\(a\)](#), and do not substitute our judgment for that of LUBA’s as to any factual issue, [ORS 197.850\(8\)](#).⁹ In this case, the parties frame the issues on review solely as assertions that LUBA misconstrued two destination resort statutes, [ORS 197.445](#) and [ORS 197.435](#). We review LUBA’s interpretation of those statutes for legal *277 error, employing the methodology described in [PGE v. Bureau of Labor and Industries](#), 317 Or. 606, 610-12, 859 P.2d 1143 (1993), and [State v. Gaines](#), 346 Or. 160, 171-73, 206 P.3d 1042 (2009). [Trautman/Conte v. City of Eugene](#), 280 Or.App. 752, 758, 383 P.3d 420 (2016) (“Because LUBA’s legal conclusions involve an issue of statutory construction, we apply the principles of statutory construction set out in [[PGE](#) and [Gaines](#)]); [Zimmerman v. LCDL](#), 274 Or.App. 512, 519, 361 P.3d 619 (2015) (“The ‘unlawful in substance’ review standard for LUBA orders under [ORS 197.850\(9\)\(a\)](#) * * * is for ‘a mistaken interpretation of the applicable law.’ ” (Quoting [Mountain West Investment Corp. v. City of Silverton](#), 175 Or.App. 556, 559, 30 P.3d 420 (2001)).). In conducting that review, we are obligated to interpret those statutory provisions correctly, regardless of the parties’ assertions of statutory interpretation. [Gunderson, LLC v. City of Portland](#), 352 Or. 648, 662, 290 P.3d 803 (2012) (citing [Stull v. Hoke](#), 326 Or. 72, 77, 948 P.2d 722 (1997)).

III. DISCUSSION

A. LandWatch’s Cross-Petition

We begin with the issue raised by the cross-petition—that is, whether LUBA’s order is unlawful in substance because the destination resort statutes do not allow an expansion of an existing destination resort unless the expanded portion of the resort, standing alone, meets the destination resort **975 criteria, [ORS 197.445](#). We do so because, if LandWatch is correct as to that point, there would be no need to reach the issues raised in the petition. It is undisputed that the expanded portion of

the proposed enlarged resort does not, on its own, meet the criteria to be approved as a destination resort.

LUBA rejected LandWatch's argument, determining that

"nothing in the goal or statute limits the maximum number of residential dwellings, overnight lodging units, recreational amenities provided by a destination resort, or the maximum size of such a resort. Further, the destination resort statute expressly contemplates that destination resorts may be approved in phases. See ORS 197.465(3) (requiring that in phased developments recreational amenities *278 intended to serve a phase must be constructed prior to sales of residential units in that phase). While the Caldera resort was not initially approved as a multi-phase development, we believe that it would elevate form over substance to read the destination resort statute as allowing (1) a resort to be developed in two or more phases, but (2) prohibiting expansion of an existing resort that would offer exactly the same balance of uses and visitor-oriented accommodations that could have been approved in a multi-phase development."

On review, both parties focus on the phrase "proposed development" in ORS 197.445. That statute provides, in relevant part:

"A destination resort is a self-contained development that provides for visitor-oriented accommodations and developed recreational facilities in a setting with high natural amenities. To qualify as a destination resort under ORS 30.947, 197.435 to 197.467, 215.213, 215.283 and 215.284,^[1] a proposed development must meet the following standards."

(Emphasis added.) LandWatch argues that the phrase "proposed development" signals the legislature's intention that, to be approved as a destination resort, a development cannot include any parts that previously have been developed. In LandWatch's view, such existing parts are not "proposed." Pine Forest, on the other hand, generally argues that that wording does not indicate an intention to preclude proposals for expanded developments that include some portion that is already developed. Based on the context of the phrase "proposed development," we agree with Pine Forest.

As an initial matter, the "following standards" to which ORS 197.445 refers include a minimum number of acres, ORS 197.445(1), fifty percent open space, ORS 197.445(2), an expenditure of \$7 million on recreational facilities and visitor-oriented accommodations, ORS 197.445(3), and that it include at least 150 overnight lodging units of *279 overnight lodgings and a 2.5 to 1 ratio of overnight lodging units to residential units, ORS 197.445(4)(b). Significantly, as LUBA pointed out, there is no limit to a resort's size or number of overnight or residential units. Thus, to the extent LandWatch's argument is premised on the idea that the destination resort statutes are meant to restrain the size of destination resorts, the lack of any limit in the size or quantity of accommodations or residences counters that premise.

Further, other context also suggests that expansion is permitted. ORS 197.465(3) provides, in part, that, in "phased developments, developed recreational facilities and other key facilities intended to serve a particular phase shall be constructed prior to sales in that phase or guaranteed through surety bonding." Although we disagree with LUBA that that provision "expressly" contemplates that destination resorts may be approved in phases—that is, phased development does not necessarily mean phased approval—the provision does provide for phased implementation. As LUBA correctly noted, the existing **976 resort and the proposed expansion could have been approved together as a two-step development, provided it met the criteria of the destination resort statutes and the county's code provisions. Thus, we agree with LUBA's conclusion that "it would elevate form over substance to read the destination resort statute as allowing (1) a resort to be developed in two or more phrases, but (2) prohibiting expansion of an existing resort that would offer exactly the same balance of uses and visitor-oriented accommodations that could have been approved in a multi-phase development."

In arguing for a contrary conclusion, LandWatch points out that we have narrowly construed exceptions to the goals to protect the underlying resource use, *McCaw Communications, Inc. v. Marion County*, 96 Or.App. 552, 773 P.2d 779 (1989), and *Central Oregon LandWatch v. Deschutes County*, 276 Or.App. 282, 367 P.3d 560 (2016), and argues that we must apply the principle guiding those cases to the siting of destination resorts. Both *McCaw* and *Central Oregon LandWatch* are inapposite to the issue in this case: Those decisions concerned statutory exceptions, under ORS chapter 215 (or a county code analog), to lands designated for exclusive farm use. The destination resort statutes are *280 not goal exceptions. ORS 197.450 provides, in part, that "a comprehensive plan may provide for the siting of a destination resort on rural lands *without taking an exception* to statewide planning goals relating to agricultural lands, forestlands, public facilities and services or urbanization."^[1] (Emphasis added.)

¹²Accordingly, we conclude that the relevant destination resort statutes allow for the expansion of a destination resort in the manner contemplated by DCC 18.113.025(B). But such a proposal cannot be approved as a destination resort, of course, unless the proposed development satisfies the criteria for destination resorts.¹² Fulfilling the destination resort criteria is, however, of critical importance: The developer seeking to incorporate facilities, visitor-oriented accommodations, or overnight lodgings from the existing resort into the resort expansion must establish that the entire proposed development—the existing resort and the expansion area—meets the criteria set forth in [ORS 197.445](#). LUBA said much the same thing: “A critical caveat to [permitting expansion] is that the expanded resort, *viewed as a whole*, must meet or continue to meet all applicable standards, as we understand DCC 18.113.025 to require.” (Emphasis added.)

B. Pine Forest’s Petition—Impermissible Collateral Attack

¹³Having concluded that [ORS 197.445](#) does not bar the approval of a proposed destination resort that consists, in part, of an existing destination resort, we turn to the issues raised in Pine Forest’s petition. In its first assignment of error, Pine Forest argues that LandWatch’s assertion that the existing Caldera Cabin lock-off rooms cannot qualify as “overnight lodging” units for purposes of Pine *281 Forest’s proposed expanded destination resort is an impermissible collateral attack on the county’s prior land use decisions approving the existing Caldera Springs resort. In Pine Forest’s view, “once a land use decision is final, issues that could have been raised in an appeal of that decision are not cognizable in an appeal to LUBA from a later local land use decision.”¹³ Pine Forest **977 also asserts that, because it did not specifically propose “lock-off rooms” as part of the expansion to meet its ratio of residential homes to overnight lodging units, it was error for LUBA to conclude that LandWatch could “challenge the proposed accounting of similar cabins and lock-off rooms in the expansion area.”

Below, LUBA rejected Pine Forest’s collateral attack argument. It explained that LandWatch was not collaterally attacking the previous approvals of the existing Caldera Springs resort, but rather was challenging whether Pine Forest’s new proposal for an expanded resort met the criteria for approval:

“While petitioner cannot in this appeal challenge the existing Caldera resort’s compliance with the applicable standards, it can certainly challenge the proposed accounting of similar cabins and lock-off rooms in the expansion area. Further, because intervenor proposed to count each of the lock-off rooms contained within the 38 Caldera cabins toward the total of overnight lodging units needed to ensure that the expanded resort as a whole continues to provide the minimum 150 overnight lodging units and does not exceed the 2.5 to 1 ratio between residential dwellings and overnight lodging units, we believe petitioner can challenge that proposal, and argue that the existing Caldera lock-off rooms cannot be counted for those purposes.”

(Footnote omitted.)

We agree with LUBA. We highlight our conclusion that, under [ORS 197.445](#), the “proposed development” is the entire development, both the existing resort and the *282 expansion area, and that the proposed development must satisfy the destination resort criteria as an entirely new development. Here, Pine Forest proposes expansion under DCC 18.113.025(B), which requires it to meet “all criteria of DCC 18.113 for the entire development (including the existing approved destination resort development and the proposed expansion area).” Pine Forest seeks to count the Caldera Cabin lock-off rooms to satisfy the criteria for the proposed development for purposes of what is a new and different proposal. Under those circumstances, LandWatch’s argument is not susceptible to characterization as collateral attack; it is simply a request that Pine Forest’s new proposal be reviewed for a determination as to whether the proposal, in fact, satisfies all applicable requirements.

Arguing otherwise, Pine Forest asserts that our holdings in [McKay Creek Valley Assn. v. Washington County](#), 118 Or.App. 543, 848 P.2d 624, rev. den., 317 Or. 272, 858 P.2d 1314 (1993), and [Marshall v. City of Yachats](#), 158 Or.App. 151, 973 P.2d 374, rev. den., 328 Or. 594, 987 P.2d 514 (1999), stand for the proposition that this court “has rejected the argument that later decisions require a reexamination of the legality of earlier approvals, finding instead that a redetermination is necessary only if expressly required by the local code.”

Pine Forest is wrong. In [McKay](#), the petitioners challenged an application to build a dwelling on a “lot or parcel” under a

local ordinance, arguing that the “lot or parcel” did not qualify as such because it was unlawfully created. [118 Or.App. at 545-46, 848 P.2d 624](#). We concluded that it was unnecessary to answer the question of whether the proposed development was a lawfully created parcel because the county ordinance did not expressly make the legality of the lot or parcel an approval criterion for the application to build a dwelling. [Id. at 548, 848 P.2d 624](#). In [Marshall](#), citing [McKay](#), we concluded that, in the absence of a requirement that the city’s legislation required a legal lot of record as a prerequisite to granting a dwelling permit, challenging the legality of the lot was inconsequential to our review of the city’s permitting decision. [158 Or.App. at 157, 973 P.2d 374](#). Neither case, however, aids Pine Forest because the challenge to the proposed development does not hinge on whether the Caldera Cabins were lawfully created, and, more importantly, the entire proposed development must ***283** satisfy the express destination resort criteria set out in [ORS 197.445](#), 285 Or. App. at 280, 396 P.3d at 976.¹⁴

****978** As to Pine Forest’s assertion that it did not rely on additional lock-off rooms in the proposed expansion to satisfy the overnight lodging unit requirements, that assertion is belied by the hearings officer’s findings that Pine Forest “anticipates” that the 96 overnight lodging units will be located on the expansion property and that those overnight lodging units will “match the Caldera Cabin model” of the existing resort. For those reasons, we reject Pine Forest’s first assignment of error.

C. Pine Forest’s Petition—Overnight Lodgings

In the alternative to its “collateral attack” argument, in its second assignment of error, Pine Forest contends that LUBA erred in concluding that the 152 bedrooms in the Caldera Cabins—the “lock-off rooms”—do not qualify as “overnight lodging units” as defined in [ORS 197.435\(5\)\(b\)](#). As noted, a “proposed development” requires a minimum of 150 overnight lodging units and the ratio of residential homes to overnight lodging units must not be greater than 2.5 to 1. [ORS 197.445\(4\)\(b\)\(A\), \(E\)](#). For the reasons we explain below, we conclude that LUBA misconstrued [ORS 197.435\(5\)\(b\)](#) in determining that the lock-off rooms do not qualify as overnight lodgings and that a correct interpretation of the statute requires a remand to LUBA for further proceedings, including, possibly, a remand to the county for further fact-finding. As previously noted, the two relevant statutes are [ORS 197.445](#) and [ORS 197.435](#). [ORS 197.445\(4\)](#) provides:

“Visitor-oriented accommodations including meeting rooms, restaurants with seating for 100 persons and 150 separate rentable units for overnight lodging shall be provided. However, the rentable overnight lodging units may be phased in as follows:

“(b) On lands in eastern Oregon, as defined in [ORS 321.805](#):

***284** “(A) A total of 150 units of overnight lodging must be provided.

“(B) At least 50 units of overnight lodging must be constructed prior to the closure of sale of individual lots or units.

“ * * * * *

“(E) The number of units approved for residential sale may not be more than 2-½ units for each unit of permanent overnight lodging provided under this paragraph.”

[ORS 197.435\(5\)\(b\)](#) defines “[o]vernight lodgings” as follows:

“With respect to lands in eastern Oregon, as defined in [ORS 321.805](#), permanent, separately rentable accommodations that are not available for residential use, including hotel or motel rooms, cabins and time-share units. Individually owned units may be considered overnight lodgings if they are available for overnight rental use by the general public for at least 38 weeks per calendar year through a central reservation system operated by the destination resort or by a real estate property

manager, as defined in [ORS 696.010](#). Tent sites, recreational vehicle parks, manufactured dwellings, dormitory rooms and similar accommodations do not qualify as overnight lodgings for the purpose of this definition.”

As for whether the lock-off rooms were overnight lodging units, Pine Forest argued before LUBA that “nothing in the destination resort statute requires that overnight lodging units be grouped in any particular manner, or prohibits combining multiple overnight lodging units into a single structure” and that “providing a total of 150 lock-off rooms in 38 individually owned cabins is no different than providing 150 hotel rooms in a single structure, for purposes of [ORS 197.435\(5\)\(b\)](#).” LUBA rejected that argument, reasoning that

“that argument cannot be squared with the text of the applicable statutes. Under the first sentence of [ORS 197.435\(5\)\(b\)](#), overnight lodging units can include hotel or motel rooms, cabins and time-share units, ****979** which presumably can (but need not) be owned and rented by the resort operator. The second sentence of [ORS 197.435\(5\)\(b\)](#) addresses the subset of overnight lodging units that are ***285** ‘individually owned units,’ and provides in part that ‘[i]ndividually owned units may be considered overnight lodgings if they are available for overnight rental use * * *’ The pro-noun ‘they’ refers to ‘individually owned units,’ and clearly it is the ‘individually owned units’ that must [be] ‘available for overnight rental use.’ In other words, an individually owned ‘unit’ that may be counted as an overnight lodging unit must be a unit that is ‘individually owned.’ The proposed lock-off rooms are not ‘units’ of any kind and are not individually owned, or even capable of being individually owned. They are simply bedrooms in a larger structure, a cabin, which is the only unit in the present case that is ‘individually owned.’ ”

(Brackets and omissions in LUBA’s order.)

On review, Pine Forest disputes LUBA’s construction of the second sentence of [ORS 197.435\(5\)\(b\)](#) that “an individually owned ‘unit’ that may be counted as an overnight lodging unit must be a unit that is ‘individually owned.’ ” That is, it disputes LUBA’s conclusion that an “individually owned unit” must be owned by *separate* owners. In Pine Forest’s view, the term “individually owned units” referred to in the second sentence of [ORS 197.435\(5\)\(b\)](#) refers to units that are a subset of overnight lodging units that qualify as such under the first sentence—separately rentable accommodations that are “not available for residential use.” That “individually owned units” must be made available for overnight rental for 38 weeks per year means, according to Pine Forest, that “individually owned units” are privately owned units. Otherwise, Pine Forest posits, there would be no reason to impose the 38-week overnight rental requirement if the unit was owned by the resort. Moreover, Pine Forest argues, by “requiring that these units be available for rent for the vast majority of the year, it ensures that these otherwise privately owned units meet the requirement from the first sentence that they are ‘not available for residential use.’ ”

^[4]We agree with Pine Forest that “individually owned units” means units not owned by the resort. The text indicates that for two reasons. *First*, a unit owned by the destination resort would not need a requirement that it be made available for overnight rental use because a unit owned by the resort would not ordinarily be an accommodation that ***286** is not available to the general public. *Second*, that an individually owned unit must be made available for “overnight rental use by the general public” suggests that, but for that requirement, the unit is not available to the general public, *i.e.*, is reserved for private use because it is not owned by the resort.¹⁵

Further, [ORS 197.445\(4\)\(b\)](#), which sets out the criteria for overnight lodging units, suggests that “individually owned” does not mean separately owned. [ORS 197.445\(4\)\(b\)\(B\)](#) requires that the developer must first construct at “least 50 units of overnight lodging” before “the closure of *sale of individual* lots or units.” (Emphasis added.) That individual lots or units are *sold* by the developer suggests a meaning that individually owned means a unit that is no longer owned by the resort. Further, subparagraph (B) of [ORS 197.445\(4\)\(a\)](#), which concerns the siting of destination resorts not located in eastern Oregon, provides that at “least 75 units of overnight lodging, not including any individually owned homes, lots or units, must be constructed or guaranteed through surety bonding or equivalent financial assurance prior to the closure of sale of individual lots or units” and that the “remaining overnight lodging units must be provided as individually owned lots or units subject to deed restrictions that limit their use to use as overnight lodging units.” [ORS 197.445\(4\)\(a\)\(B\), \(C\)](#). Again, “individual” and “individually” in those provisions appear to refer to units that are not owned by the resort; not necessarily units that are *separately* owned.

****980** Moreover, LUBA’s interpretation of “individually owned” to mean “separately owned” is inconsistent with the adoption history of Goal 8 and [ORS 197.435\(5\)\(b\)](#). See *Gunderson, LLC*, 352 Or. at 662, 290 P.3d 803 (considering as

relevant to discern legislative intent the adoption history of Statewide Planning Goal 15). At the early stage of the drafting of the amendment to Goal 8 by the Department of Land Conservation and Development Commission (DLCD), the *287 definition for overnight lodgings did not initially include the second sentence of ORS 197.435(5)(b); it was limited to defining “overnight lodgings” as “accommodations not available for full-time residential use (e.g., hotel and motel rooms, cabins or time-share units).” *Proposed Amendments to the Statewide Planning Goals to Allow Destination Resorts* (June 1984). Later, James Ross, the director of DLCD issued a memorandum that explained further DLCD’s proposed amendments to Goal 8. In that memorandum, Ross explained that the existing definition did

“not indicate under what circumstances, if any, individually owned homes or condominiums may be considered overnight lodging. This is an important ‘gray area’ which needs to be clarified. In some very limited circumstances the Department believes individually owned homes should be counted as overnight lodgings. The Department would consider individually owned units as overnight lodgings when they are available for overnight rental use by the general public for 48 weeks per year through a central reservation and check-in facility.”

James Ross, DLCD Memorandum (Oct. 5, 1984). The Goal 8 amendment was adopted on October 11, 1984. The proposed definition of “overnight lodgings” was substantially similar to the definition promulgated in ORS 197.435(5)(b).¹⁶ Ross’s explanation for the proposed change, which refers to individually owned homes, or condominiums, indicates that the intended meaning was privately owned homes (as we discuss below, it also indicates that “individually owned units” are a separate category of overnight lodgings rather than a subset of “separately rentable accommodations not available for residential use”).

Accordingly, whether a unit is *separately* owned, or whether it is *capable of separate* ownership, as LUBA has concluded, is immaterial.¹⁷ “Individually owned” means not *288 owned by the resort. LUBA erred by determining otherwise when it construed that phrase as separately owned.

Having concluded that LUBA erred in interpreting the “individually owned” wording of ORS 197.435(5)(b), a question remains: What does qualify as overnight lodgings under the statute and, in particular, do the lock-off rooms qualify as such lodgings? Pine Forest argues that the lock-off rooms are units of overnight lodging because they are “separately rentable accommodations” that are “identical in function” to a hotel or motel room, and that, because they are individually owned, *i.e.*, not owned by the resort, and made available for overnight rental for a minimum number of weeks to the general public, then they are not “available for residential use” and, therefore, each lock-off room necessarily qualifies as a unit of overnight lodging. That construction of ORS 197.435(5)(b), however, is untenable in two ways.

****981** First, in support of that construction of ORS 197.435(5)(b), Pine Forest asserts that the individually owned units are a “subset” of what would otherwise qualify as overnight lodging under the first sentence. LandWatch responds that the first and second sentences are separate categories and that, to prevail on its argument, Pine Forest must show that the lock-off rooms fall within the category of lodging created by the second sentence. We agree with LandWatch. The first sentence addresses “separately rentable accommodations that are not available for residential use” whereas the second sentence addresses individually owned units that must be made available to the general public, which implies that individually-owned units are ones that are available for residential use, at least part-time. In other words, implicit in the requirement that an “individually owned unit” must be made available to the general public for part of the year is that, when the unit is not available to the general public for overnight rentals, it is available to *289 the owner for residential use. Residential use need not mean full-time residence of a dwelling: part-time residential-use availability is consistent with private ownership of a vacation home in a destination resort.¹⁸ Further, we reject the implication of Pine Forest’s interpretation that, when the lock-off rooms are not being used as bedrooms in a vacation home, *i.e.*, are not being used residentially, and are rented out, they are—by virtue of an exterior door, a lockable interior door, and bathroom—“not available for residential use” for purposes of the statute. Put differently, the implication of Pine Forest’s construction of the statute is that overnight lodgings are separately rentable accommodations that are *not* available for residential use *except when they are* available for residential use.¹⁹

We also disagree with Pine Forest that the requirement that an individually owned unit must be made available to the general public at least 38 weeks a year “ensures” that the individually owned unit meets the requirement set out in the first sentence of ORS 197.435(5)(b) that “permanent, separately rentable accommodations” are “not available residential use.” That is so because the requirement that an individually owned unit be made available to the general public was the condition of allowing, in limited circumstances, 285 Or. App. at 287, 396 P.3d at 980, individually owned units to qualify as overnight

lodging. That requirement was not put in place in reference to “separately rentable accommodations not available for residential use,” it was put in place to explain when individually owned units could be counted as overnight lodging units.

Second, we reject Pine Forest’s argument that the physical layout of the lock-off rooms, which include a sleeping area and full bathrooms, and their lockable exterior doors, which permit separate entry, make them akin to a hotel or *290 motel room. Although the lock-off rooms themselves may have some physical features of hotel rooms or motel rooms, the similarities end there. The lock-off rooms are not part of an establishment that provides services or hospitality associated with hotels or motels. That is, a “hotel” is a “building of many rooms chiefly for overnight accommodation of transients and several floors served by elevators” that includes features such as a lobby, meeting rooms, restaurants, and personal services. *Webster’s Third New Int’l Dictionary* 1094-95 (unabridged ed. 2002); see also [Comcast Corp. v. Dept. of Rev.](#), 356 Or. 282, 296, 337 P.3d 768 (2014) (“[A]s stilted as the approach may sometimes seem, we frequently consult dictionary definitions of the terms, on the assumption that, if the legislature did not give the term a specialized definition, the dictionary definition reflects the meaning that the legislature would naturally have intended.”). A “motel” is an “establishment **982 which provides lodging and parking and in which the rooms are usually accessible from an outdoor parking area.” *Webster’s* at 1474. The Caldera Cabins, which are single-family residences, do not offer the amenities or services of a commercial, overnight-lodging establishment.²⁰

¹⁵Thus, under this construction of the definition for “overnight lodgings,” a unit generally can qualify in one of two ways: either as (1) “separately rentable accommodations *291 that are not available for residential use” or (2) as “[i]ndividually owned units” that “are available for overnight rental use by the general public for at least 38 weeks per calendar year through a central reservation system operated by the destination resort or by a real estate property manager, as defined in [ORS 696.010](#)”—unless the unit is one of the types of lodging expressly excluded from the definition of overnight lodgings: “[t]ent sites, recreational vehicle parks, manufactured dwellings, dormitory rooms and similar accommodations.” We examine how this construction applies to the lock-off rooms.

¹⁶As an initial matter, the lock-off rooms do not qualify as overnight lodgings units under the first sentence of the definition. That is, they are bedrooms that are in a single-family home that is available for residential use.²¹

¹⁷Second, although LUBA concluded otherwise, the lock-off rooms are not among those types of lodging categorically excluded from being counted as overnight lodgings. LUBA reasoned that “there appears to be no functional distinction between the Caldera lock-off room approach and providing dormitory rooms or similar accommodations that offer individual sleeping rooms with shared common areas and kitchen facilities.” However, a “dormitory” is defined as “a room intended primarily to be slept in; especially : a large room providing sleeping quarters for many persons and sometimes divided into cubicles” and “a residence hall providing separate rooms or suites for individuals or for groups of two, three, or four with common toilet and bathroom facilities but usually without housekeeping facilities.” *Webster’s* at 675. Without belaboring the analysis, we conclude that it was error for LUBA to determine that the lock-off rooms were dormitory rooms for much the same reason we rejected Pine Forest’s assertion that the lock-off rooms were akin *292 to motel or hotel rooms: The lock-off rooms are bedrooms in a single-family vacation home and, although, there may be some physical similarities between the rooms and a dormitory room, there is little in common between these well-appointed luxury vacation homes and what would commonly be understood as a dormitory.

The remaining issue is whether the lock-off rooms qualify as overnight lodging units under **983 the second sentence of [ORS 197.435\(5\)\(b\)](#)—“Individually owned units may be considered overnight lodgings if they are available for overnight rental use by the general public for at least 38 weeks per calendar year through a central reservation system operated by the destination resort or by a real estate property manager, as defined in [ORS 696.010](#).” Because “separately rentable accommodations not available for residential use” and “individually owned” (at least in the sense of being separately owned) are no longer operative factors as to whether the lock-off rooms qualify as overnight lodging units, the following question needs to be answered: What factors qualify a privately owned unit as an overnight lodging unit for purposes of [ORS 197.445\(4\)\(b\)](#)?

¹⁸First, we note that Pine Forest’s argument that lock-off rooms are “separately rentable accommodations” because “each unit is separately *available* for rent through a central reservation service,” depends on the factual premise that, so long as a unit is made available through a reservation system, it is immaterial whether they are, in fact, separately rented. As we have indicated, the “separately rentable accommodation” wording from the first sentence of [ORS 197.435\(5\)\(b\)](#) is not relevant

when considering whether an individually owned unit qualifies as an overnight lodging unit. However, we point out that [ORS 197.445\(4\)](#) provides that “150 *separate rentable units* for overnight lodging shall be provided.” (Emphasis added.) Although “separately rentable accommodations” and “separate rentable units” may, at first blush, seem equivalent, the grammatical difference is significant. That is, in the phrase “separately rentable accommodations,” “separately” is an adverb that modifies “rentable.” Whereas, in the phrase “separate rentable unit,” “separate” is an adjective that modifies “unit.” Thus, a unit for purposes of meeting the destination resort criteria is ***293** modified by both “separate” and “rentable,” and, as a starting point, an overnight lodging unit must be a separate, rentable unit. And, the focus on “separate” shifts from availability and the reservation service to a more concrete, factual determination of whether the rentable unit is actually a *separate* unit. Further, we note that “separate” means “not shared with another : INDIVIDUAL, SINGLE” or “existing by itself : AUTONOMOUS, INDEPENDENT.” *Webster’s* at 2069.

Secondly, we note that the text of the second sentence of [ORS 197.435\(5\)\(b\)](#) states that individually owned units “*may* be considered overnight lodging units if they are available to the general public.” (Emphasis added.) Although we need not go into a discussion on the precise meaning of “may” in this context, *see, e.g., Friends of Columbia Gorge v. Columbia River*, [346 Or. 415, 426, 212 P.3d 1243 \(2009\)](#) (noting that, “in certain contexts, the word ‘may’ can mean ‘shall’ and vice versa”), we believe that the adoption history of Goal 8 informs our analysis. As noted, Goal 8 was amended to reflect the concern that a previous iteration of Goal 8 did

“not indicate under *what circumstances, if any, individually owned homes or condominiums may be considered overnight lodging*. This is an important ‘gray area’ which needs to be clarified. In *some very limited circumstances* the Department believes individually owned homes should be counted as overnight lodgings. The Department would consider individually owned units as overnight lodgings when ‘they are available for overnight rental use by the general public for 48 weeks per year through a central reservation and check-in facility.’ ”

James Ross, DLCD Memorandum (Oct. 5, 1984) (emphases added). Thus, the addition was meant to count individually owned *homes* in “some very limited circumstances.” Although, the text of [ORS 197.435\(5\)\(b\)](#) refers to individually owned “units,” and therefore can allow accommodation types that are not homes, we deem it significant that that allowance was meant to be a stringent requirement. Certainly, the allowance was not intended to encompass a definition of overnight lodging that was susceptible to, as the hearings officer described it, being “finessed.”

294** Additionally, [ORS 197.445\(9\)](#) requires the resort developer to provide an “annual accounting to document compliance with the overnight lodging standards,” indicating that *984** compliance with the overnight lodging is an ongoing factual determination—whether a rentable unit is separate is a question of whether it is *in fact* separate and rentable, at least once the unit is in existence and not a mere proposal on paper. We also find persuasive LUBA’s point that the legislative policies of the destination resort statutes, [ORS 197.440](#), “focus on providing facilities and accommodations to attract tourists” and that “one of the main vehicles” for doing so is ensuring that there are a minimum number of overnight lodging units and limiting the ratio of residential units to overnight lodging units. As LUBA stated, the

“proposed Caldera approach minimizes the *actual* number of separate overnight lodgings available for tourist accommodations. At best, that approach *nominally* provides 150 separate overnight lodging units, which does not seem consistent with the policies set out in [ORS 197.440](#), to attract and accommodate tourists, at least compared to an approach that would actually provide 150 or more separate, qualified overnight lodging units.”

(Emphases in original.)

¹⁹¹ ¹¹⁰ Accordingly, we conclude that individually owned units, to qualify as “overnight lodgings,” must be, as a factual matter, an accommodation that is both its own “separate” unit that is rentable separately from other units. Where, as here, a developer proposes an expanded destination resort that is based, in part, on existing lodgings, for an existing individually owned unit to count as “overnight lodgings” under the second sentence of [ORS 197.435\(5\)\(b\)](#), there must be evidence that the unit is in fact separate and rentable separately from other units; it is not enough that the unit is theoretically separate and separately rentable, particularly when there is affirmative evidence the claimed separate unit of lodging is, in reality, neither separate nor separately rentable. In concluding that the lock-off rooms did not qualify as overnight lodging, LUBA applied a different—and, as we have explained, mistaken interpretation of [ORS 197.435\(5\)\(b\)](#). That renders its order unlawful ***295** in substance. For that reason, we remand to LUBA for further consideration of the issue under a correct interpretation of the law.

Reversed and remanded on petition; affirmed on cross-petition.

Footnotes

¹ The county submitted an answering brief after LandWatch filed its cross-petition and answering brief to Pine Forest's petition. LandWatch moved to strike the county's brief, asserting that the brief did not answer the issue put forth in LandWatch's cross-petition but, rather, echoed the argument's put forth in Pine Forest's petition, and, thus, the county should have filed a petition within 21 days of LUBA's decision, ORS 197.850(3), or a cross-petition within seven days of the filing of the petition, ORAP 4.68. Put differently, LandWatch asserts that the county "cannot file a petitioner's brief in the guise of a respondent's brief." For its part, the county asserts that its answering brief was a "concurrence" to the issues raised in Pine Forest's petition. We need not decide if the county's brief was permissible, however, because the issues and arguments it raises are duplicative of those raised by Pine Forest or not relevant to our analysis.

² "Eastern Oregon" includes counties that are east of the western boundaries of Wasco, Jefferson, Deschutes and Klamath counties. ORS 321.805(3).

³ The statute requires a \$7 million expenditure, but current expenditures are adjusted based on the Consumer Price Index. ORS 197.445(8).

⁴ DCC 18.113.025 provides:

"Expansion proposals of existing developments approved as destination resorts shall meet the following criteria:

"A. Meet all criteria of DCC 18.113 without consideration of any existing development; or

"B. Meet all criteria of DCC 18.113 for the entire development (including the existing approved destination resort development and the proposed expansion area), except that as to the area covered by the existing destination resort, compliance with setbacks and lot sizes shall not be required.

"If the applicant chooses to support its proposal with any part of the existing development, applicant shall demonstrate that the proposed expansion will be situated and managed in a manner that it will be integral to the remainder of the resort."

⁵ ORS 197.445(9) provides:

"When making a land use decision authorizing construction of a destination resort in eastern Oregon, as defined in ORS 321.805, the governing body of the county or its designee shall require the resort developer to provide an annual accounting to document compliance with the overnight lodging standards of this section. The annual accounting requirement commences one year after the initial lot or unit sales. The annual accounting must contain:

"(a) Documentation showing that the resort contains a minimum of 150 permanent units of overnight lodging or, during the phase-in period, documentation showing the resort is not yet required to have constructed 150 units of overnight lodging.

"(b) Documentation showing that the resort meets the lodging ratio described in subsection (4) of this section.

"(c) For a resort counting individually owned units as qualified overnight lodging units, the number of weeks that each overnight lodging unit is available for rental to the general public as described in ORS 197.435."

⁶ The 2014 annual report submitted to the county shows the number of nights each room in each cabin was made available for overnight rentals and were in fact rented. Although broken down by room, each room in each cabin was rented for exactly the same number of nights in 2014, *e.g.*, the rooms in 10 Caldera Cabin—10A, 10B, 10C, and 10D—were each rented for 98 nights.

⁷ Also included was a letter from the property manager for 32 of the 38 Caldera Cabins stating:

“Each Caldera Cabin includes three, four or five permanent, separately rentable units. Each unit includes separate outside access, a full bathroom including a tub and/or shower and a variety of bed types including king, queen and bunk beds. Each unit can be rented separately or together with other units in the same Caldera Cabin. This is similar to a hotel suite where adjoining rooms have connecting doors to allow occupancy by the same guest.”

The property manager also wrote:

“Caldera Springs could have elected to construct a 150-unit hotel, or two 75-unit hotels utilizing the same exact rooms and amenities as are provided in each Caldera Cabin. Families, extended families and groups of families, however, prefer a cabin setting where they can stay together rather than booking a group of hotel rooms.”

⁸ LandWatch submitted screenshots from the Caldera Springs website. One screenshot included the heading “All Caldera Cabins” and the subheading “38 Vacation Rentals in All Caldera Rentals.” Another screenshot described two categories of overnight lodging, the Caldera Cabins, which were marketed as “the perfect place to get away or get together. These two and three bedrooms provide all the luxury you want for your special vacation” and the “custom vacation homes,” which “offer high end accommodations for larger families and groups[,] can range from three to five bedrooms and provide unrivaled amenities.” LandWatch also submitted a screenshot for an individual “Caldera Cabin,” in which the potential renter could make a reservation for the four-bedroom cabin, described as a 2,522 square foot 4 bedroom, 5 bath home with a view of the golf course and which included a master bedroom, two additional bedrooms, and a fourth bedroom with 2 bunk beds and a sofa sleeper. Additional screenshots of other individual vacation homes similarly described the accommodations. None of the screenshots mentioned that the bedrooms were available as separate rentals, or even that the bedrooms included separate outside access.

⁹ Under  ORS 197.850(9)(a), we reverse or remand a LUBA order if we determine the “order to be unlawful in substance or procedure[.]”

¹⁰ ORS 30.947 provides that the “fact that a comprehensive plan and implementing ordinances allow the siting of destination resorts or other nonfarm or nonforest uses as provided in ORS 30.947, 197.435 to 197.467, 215.213, 215.283 and 215.284, does not in any way affect the provisions of ORS 30.930 to 30.947.” ORS 30.930 to 30.947 concern farming and nonforest practices and are not at issue in this review. ORS 215.213, ORS 215.283, and ORS 215.284 concern lands zoned for exclusive farm use and are also not applicable here.

¹¹ ORS 197.445(6)(b), not applicable to the Pine Forest development, provides different criteria for destination resorts proposed on “land where there has been an exception to any statewide planning goal on agricultural lands, forestlands, public facilities and services and urbanization.”

¹² We note that Pine Forest raises a persuasive point that LandWatch’s interpretation of ORS 197.445 would preclude *any* expansion of a destination resort unless the expansion independently meets the destination resort criteria. That construction would mean that a destination resort could not expand under ORS 197.435 to 197.465 to, for example, add a new golf course to adjacent land—a “developed recreational facility” expressly provided for in ORS 197.435(1)—or to site a hotel to accommodate increased demand for overnight lodging.

¹³ The previous land use decisions referred to by Pine Forest are (1) the county’s amendment of the CMP in 2007 to modify the dimensional standards of the lock-off units and in 2013 to update the plan to conform with changes in state

law allowing availability for overnight use to be 38 weeks per year rather than 45 and (2) a declaratory judgment ruling in which, according to Pine Forest, the lock-off rooms were approved.

¹⁴ Pine Forest also cites [Carlsen v. City of Portland](#), 169 Or.App. 1, 8 P.3d 234 (2000), but that decision is readily distinguishable. In [Carlsen](#), we affirmed LUBA's conclusion that putative errors affecting an earlier decision by the City of Portland that was final could not be raised in an appeal from a later decision from the city. Again, this issue concerns whether the entire proposed development meets the relevant statutory criteria.

¹⁵ We note that such a construction of individually owned units does not necessarily mean that the accommodations described in the first sentence of ORS 197.435(5)(b) must categorically be resort-owned, but does mean that a unit that is privately owned must be made available to the public for at least 38 weeks.

¹⁶ A prior iteration of the Goal 8 amendments concerning the definition for overnight lodgings proposed the exclusion of "[t]ent sites, recreational vehicle vehicles or pads, mobile homes, dormitory rooms, and similar accommodations" which is reflected in nearly identical language in ORS 197.435(5)(b). James Ross, DLCD Memorandum (Aug. 22, 1984).

¹⁷ We note that the first sentence of ORS 197.435(5)(b) does not qualify "separately rentable accommodations that are not available for residential use" as resort-owned. Presumably, if an accommodation is "separately rentable" and "not available for residential use," it could be owned by someone or an entity other than the resort. Further, there may be some manner of accommodation that is not resort-owned that consists of multiple units that are separate rentable units and available for residential use (such as a duplex that available for resident use as a single unit but one or two halves of the duplex can be rented out as a separate unit)—those units must be made available to the public the minimum number of weeks.

¹⁸ We note that a previous version of Goal 8 defined overnight lodgings as "accommodations not available for *full-time* residential use." 285 Or. App. at 287, 396 P.3d at 980. The modifier "full-time" was removed when the provision allowing individually owned units to qualify as overnight lodging was added, suggesting that the definition as enacted meant that "available for residential use" was not limited to full-time residences.

¹⁹ Presumably, a resort-owned single-family house, condominium, town-house, or duplex could qualify as overnight lodging as defined in the first sentence if it is never available for residential use.

²⁰ Nor are they cabins. The hearings officer found that there "is no dispute" that the lock-off rooms are contained within what "otherwise appears to be a single family residence." Although Caldera Springs evocatively markets the Caldera Cabins as "cabins," they are built in the form of single-family residences featuring amenities that have little in common with the ordinary meaning of a cabin—a "small one-story low-roofed dwelling usually of plain construction * * * used during a vacation especially for hunting and fishing" or a "small typically one-room house suitable for overnight lodging for tourists." *Webster's* at 309. Pine Forest does not assert, nor does the record indicate, that the Caldera Cabins are time-shares.

We recognize that the list of examples (motel or hotel rooms, cabins, or time-shares) of what qualifies as "separately available accommodations not available for residential use" is not an exclusive list. There may be other types of accommodations that qualify as overnight lodgings under that definition. However, the shared characteristics of those accommodations, at least in the context of a destination resort, are that they provide overnight lodging and are not available for residential use. See [State v. Kurtz](#), 350 Or. 65, 76, 249 P.3d 1271 (2011) ("When examining the characteristics of a list of examples, for purposes of statutory interpretation, 'the court seeks to find if it can, a common characteristic among the listed examples.' " (Quoting [Schmidt v. Mt. Angel Abbey](#), 347 Or. 389, 405, 223 P.3d 399 (2009).)).

²¹ The hearings officer stated that "there is no evidence that the Hearings Officer has been pointed to in the record that the 38 houses are really simply used as full or part time residences—which is the heart of the standards set in the destination resort statute." That evidence is not required, however: The first category under ORS 197.435(5)(b) is satisfied, in part, if the "separately rentable accommodations" are "not available for residential use." Here, because the Caldera Cabins are privately owned and are built as single-family residences, they are available for residential use.

EXHIBIT 1

**APPLICANT SUBMISSION
(APPEAL TO CROOK COUNTY COURT)
PHASE 15 TENTATIVE PLAT**
Brasada Ranch
File No. 217-22-000451-PLNG

CROOK COUNTY
APR 25 2022
PLANNING DEPT

Applicant: FNF NV Brasada, LLC
Attn: Brent McLean
16986 SW Brasada Ranch Road
Powell Butte, Oregon 97753

Agent: DOWL
Attn: Adam Conway
963 SW Simpson Ave., Suite 200
Bend, Oregon 97702

Lawyer: Brix Law LLP
Attn: Laura Craska Cooper
15 SW Colorado Ave., Suite 3
Bend, OR 97702

The Crook County Planning Commission approved a tentative plat application for Brasada, Phase 15, pursuant to a decision issued March 17, 2022, File No. 217-21-001013-PLNG. Subsequently, the decision was appealed by the BR Community Coalition ("Appellant"), which the Appellant states includes 18 of 644 total owners at Brasada Ranch. The Applicant is not aware of which eighteen owners specifically are members of Appellant.

In response to the appeal, the Applicant provides this submission in advance of consideration of the matter by the Crook County Court.

The Applicant addresses the issues raised by the Appellant per the numbers used in the Staff Report issued by the Crook County Planning Staff on April 21, 2022.

1. Final Development Plan Conditions of Approval

Applicant Response: The Appellant wants to remove trails that have been used by owners and guests for over a decade and forever limit the Applicant and Association's right to improve and maintain common areas throughout the community. The Appellant hopes to achieve these goals by having the County rewrite the original Brasada Ranch Development Plan Condition No. 15. And to convince the County to do that, the Appellant claims language from the 2003 Development Plan Approval and Condition No. 15 require all trails to be shown on "final plats," yet neither states this requirement.

- In the 2003 Development Plan approval, the Applicant's predecessor proposed to depict the "final location, surfacing, and size of the trails" on "future subdivision plats." Contrary to the Appellant's claims, there is NO mention of "final plat" within this language. In any event, because the County adopted the language in Condition No. 15 below, the Condition governs the issue and supersedes the Applicant's language above.
- Condition No. 15 of the original Development Plan requires that the Applicant provide "a detailed depiction of the final location, surfacing, and size of all

trails within a phase prior to the preliminary plat approval." Again, there is NO mention of "final plat" within this Condition, contrary to the Appellant's contention.

- The Appellant is also mistaken to presume that the Brasada Ranch trail system is limited to those shown in the original Development Plan or "prior to the preliminary plat." To be clear:
 - o Condition No. 15 governs only the conceptual trail system proposed by the Applicant in Exhibit A of the original Development Plan (included herein as Exhibit 1). Nothing in the Approval nor Condition No. 15 states that the Applicant may not provide additional trails to the Brasada Ranch Community.
 - o Moreover, the Applicant does not need to show every possible trail in the subdivision plats as the County Code does not require land use approvals to install trails. So long as the Applicant, or Association for that matter, has a legal right to construct a trail, no land use approval is necessary. For example, within Brasada Ranch, in addition to the undeveloped lands, there are multiple platted Common Areas that, per the Declaration, "the Association owns for the common use and enjoyment of the Owners."

For the reasons set forth above, the Applicant respectfully requests that the County Court find that Condition No. 15 of the original Development Plan does not require that trails be shown on the final plat.

Additional Clarifications Regarding Matters Outside This Appeal

Location, surfacing, and size of Trails In and Around Phase 15: The Applicant's Phase 15 Application included a map of existing trails in and around Phase 15, but it did not depict the surfacing and size of the trails. The Applicant has attached an updated Phase 15 trail map (Exhibit 2) which provides the location, surfacing, and size of three existing trails in or around Phase 15 and one correction.

- Three Existing Trails
 - o The Red Trail is a new, existing trail that owners and guests use for walking, hiking, and biking; the surface is a packed aggregate or crushed stone (unpaved); the length is approximately 1.4 miles.
 - o The Blue Trail is an existing trail that owners and guests use for horseback riding, walking, hiking, and biking; the surface is weathered high desert (similar to the trail surface throughout the adjacent BLM lands and around Prineville Reservoir); the length is approximately 2.6 miles; the surface of the red-dotted portion of this trail will be changed to match the surface of the Red Trail by Spring 2023, conditions permitting; the balance of the Blue Trail will be adjusted to match the surface of the Red Trail over time as the Applicant continues development.
 - o The Yellow Trail is an existing trail that owners and guests use for

horseback riding, walking, and hiking; the surface will remain a weathered high desert (similar to the trail surface throughout the adjacent BLM lands and around Prineville Reservoir); the length is approximately 0.8 miles.

- Unplatted Trails on Future Common Area: The Red Trail will enter the boundaries of Phase 15 in one location noted by a green circle. The balance of the Red Trail and all the Blue and Yellow Trails are outside the boundaries of Phase 15, yet they are actively used by owners and guests today. If the County prefers, a Phase 15 condition of approval could be added to obligate the Applicant to record a temporary easement in favor of the residential owners association (all owners and guests) over these trails. Such an easement could terminate when the land on which these trails are located is platted, and the trails become common areas.
- Clarity and Correction: An existing trail, which will be abandoned, has been removed from the map, and a line that was inadvertently included in the prior map as "Proposed Trail (Future)" has been removed.

Easements Are Not Required for Trails as The Appellant Claims: The Appellant is mistaken to presume that a trail cannot exist without an easement. Most trails in residential or resort subdivisions in Central Oregon are in common areas without specific easements. The point of "common areas" is that they are open to all owners. No separate easement is required to allow an owner or its guests to use the common area or a trail located in a common area.

The Appellant observes that there is an existing trail within Brasada Ranch Phase 2 that is subject to an easement. That Phase and easement is a unique situation given:

- The land on which that trail is located is "Neighborhood Common Area" under Brasada Ranch's CC&Rs, and therefore that land is solely for the use of owners within that particular neighborhood.
- For that reason, the Applicant created an easement over the trail portion of that piece of land so that all owners within Brasada Ranch could use the trail, even if they did not otherwise have any rights to the piece of property on which the trail is located.

2. Final Plat Requirements.

Applicant Response: As stated in the Staff Report, the objections raised by the Appellant relate to final plat approval. The Phase 15 Application is a tentative plat approval. As Staff notes, the final plat will comply with all applicable state and County requirements. As detailed above, the Applicant is also willing to grant a separate, temporary easement at the time of final plat approval, which easement would permit all lot owners, including the Phase 15 lot owners, to use the trails that are not yet part of a plat, but that surround and will serve Phase 15. Such an easement could terminate when the land on which these trails are located is platted, and the trails become common areas.

3. Improvement Agreement Requirements.

Applicant Response to Bonding: The Applicant concurs with the Staff's analysis of the Appellant's bonding claim.

Applicant Response to Pedestrian Routes: The Applicant agrees that the trails in and around Phase 15 provide a pedestrian route, but the Applicant seeks to clarify that even if the trails were not provided, sidewalks would NOT be required.

As the Staff Report states, CCC 17.40.030(5) reads:

"Sidewalks may be required to be installed on at least one side of a public street and in any special pedestrian way within the subdivision; except that in the case of primary or secondary arterials, or special type industrial districts, the planning commission may approve a subdivision without sidewalks, if alternative pedestrian routes are available; and provided further, that in the case of streets serving residential areas having single-family dwellings per gross acre, the requirement of sidewalks shall not apply, provided there is no evidence of special pedestrian activity along the streets involved."

Respectfully, and for the reasons set forth herein, the Applicant contends that the circumstances of Phase 15 do not require sidewalks.

- **Permitted but Not Required:** CCC 17.40.030(5) *permits* ("may be required to be installed") but does not obligate the County to require sidewalks, and the County has never required sidewalks in a Phase at Brasada Ranch. Furthermore, this noted section only authorizes sidewalks to be required in two circumstances: (i) on one side of a public street; and (ii) in any special pedestrian way. Within Brasada Ranch, there are no public roads and, to Applicant's knowledge, no "special pedestrian ways" (Applicant notes that there appears to be no definition of "special pedestrian way" in the County's code.)
- **Neither Sidewalks Nor Trails Are Required:** CCC 17.40.030(5) includes a provision that sidewalks should not be required "if alternative pedestrian routes are available." To the extent Staff or the Appellant is reading these criteria to mean that if sidewalks are not provided in a particular phase, then there must be an alternative pedestrian route (such as, presumably, a trail), the Applicant notes that such an interpretation would contradict the plain language of the code. The "alternative pedestrian route" language is within a separate clause from the rest of the section that ONLY deals with "primary or secondary arterials, or special type industrial districts." None of these exist in Phase 15, or indeed, within the whole of Brasada Ranch.
- **Not Required When a Dwelling Per Acre:** CCC 17.40.030(5) includes a provision that the requirement of sidewalks shall not apply to "streets serving residential areas having single-family dwellings per gross acre...provided there is no evidence of special pedestrian activity along the streets involved." Phase 15 is such a low-density residential area as the total single-family dwellings are fifty (50), and the total gross acreage is fifty-three point three (53.30) acres (therefore, 1.1 single-family dwellings per gross acre). Moreover, it

seems unlikely that there will be "special pedestrian activity along the streets involved," given:

- Sidewalks were never contemplated in the original Development Plan and never included or required in previous phases; therefore, any sidewalks in Phase 15 would not connect to any others.
- Phase 15 is surrounded by common-use trails that will be much more scenic than road sidewalks for exercise, walking pets, and more.
- When the Phase 15 owners wish to exercise in the Athletic Club, play the Golf Club, dine at the Ranch House, let their pets run at the off-leash area, most if not all owners will choose to use their vehicle or street-legal golf cart because all these amenities and services are located approximately 2.0 miles away in the community core.

For the reasons set forth above, the Applicant respectfully requests that the County Court find that sidewalks are not required within Phase 15 or any part of Brasada.

Applicant Response to Trail Dedications: The Staff Report states that the Applicant submitted a trail map "that depicts proposed trails for Phase 15, proposed trails for future phases, existing trails that will be removed, and existing trails that will remain." Staff then notes that Applicant must "ensure that all dedications are included in the final plat." As explained above, the bulk of the trails are outside the Phase 15 boundaries, and the Red Trail will only cross Phase 15 along the private roadway that is a common area and available for the common use and enjoyment of the owners and guests. Therefore, no trail dedications are necessary. As the Applicant has suggested, the Applicant is willing to record a temporary easement in favor of the residential owners association (all owners and guests) over these trails. Such an easement could terminate when the land on which these trails are located is platted, and the trails become common areas.

For the reasons set forth above, the Applicant respectfully requests that the County Court find that trail dedications are not required within Phase 15 or any part of Brasada.

4. Overnight Lodging Units.

Applicant Response: As the Staff Report notes, the Planning Commission's request for a map will supplement the existing reporting and demonstrate further compliance. The Applicant will submit the requested map to the Planning Commission the week of May 2, 2022. The Applicant also points out that (i) Brasada Ranch currently includes two hundred and forty-three (243) overnight lodging units within ninety-one (91) individually owned cabins and one (1) Applicant-owned Ranch House, and (ii) that the cabins are deed-restricted and must be made available for rent forty-five (45) weeks per year. The Applicant may have stated during the Planning Commission Meeting that "it" or "we" have two hundred and forty-three (243) overnight lodging units, but the statement did not intend to imply they were all owned by the Applicant.

CONCLUSION

Over the past year, there has been much talk about trails at Brasada Ranch among the owners, County, and Applicant. The Applicant has worked tirelessly to solicit input from all owners, including Town Hall meetings, surveys, conference calls, and face-to-face discussions. The Applicant has shared its plans for trails publicly and well in advance of any development. The Applicant finds it unfortunate that it cannot satisfy the 18 of 644 owners represented by the BR Community Coalition. Regardless, the Phase 15 Application complies with County Code and the approved original Development Plan. Therefore, the Applicant respectfully requests that the County Court reject the appeal and uphold the approval issued by the Crook County Planning Commission.

EXHIBIT 1

Exhibit A of Brasada Ranch's original Development Plan

The map below was included in the original Development Plan and set forth a general plan for future trails. The original Development Plan decision recognized that such trails would need to be adjusted to, among other things, accommodate on-the-ground conditions, to address known concerns raised by the BLM, and to adapt to market and other conditions. Neither the 2003 Application nor the original Development Plan Decision ever refer to this general plan for future trails as the only trails that could ever be constructed and improved within Brasada Ranch.

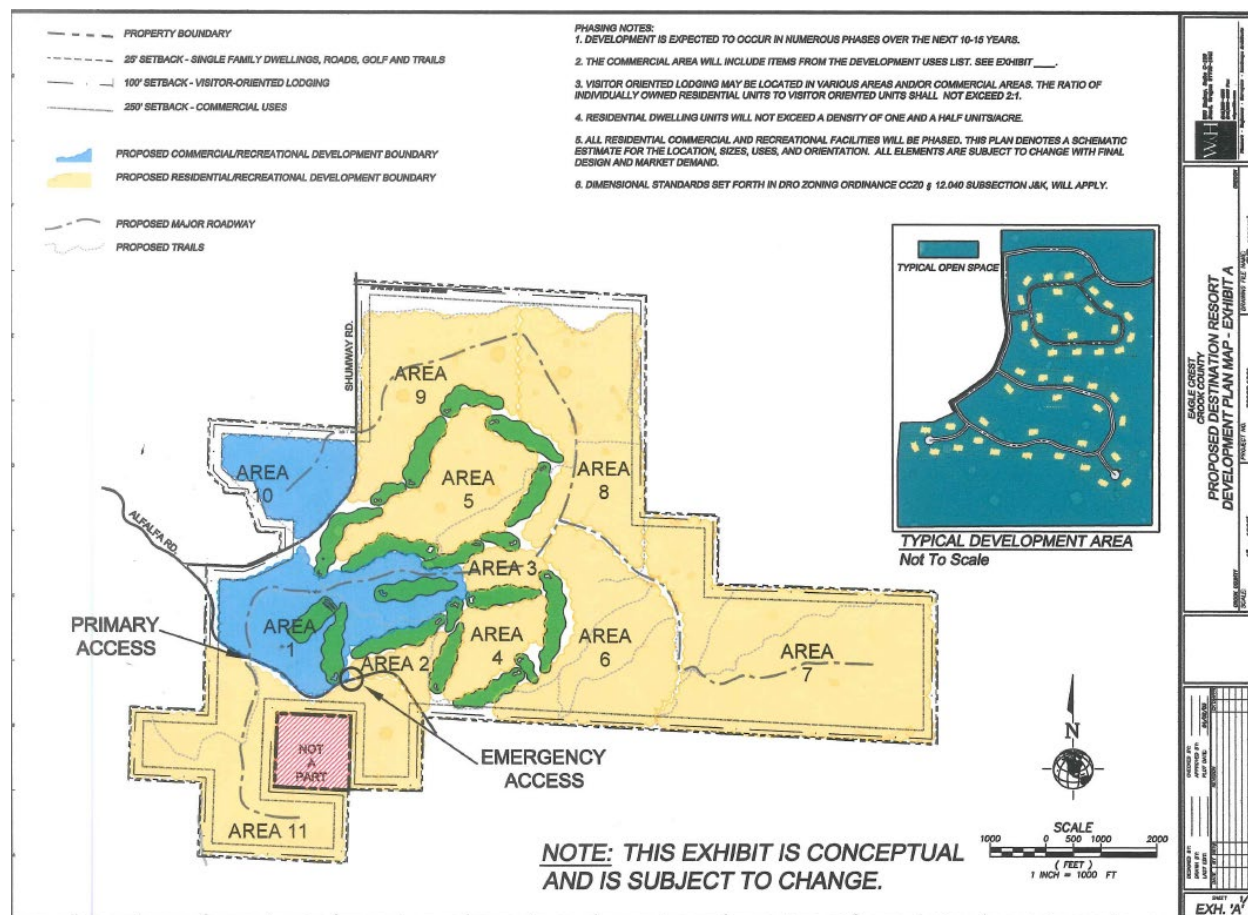

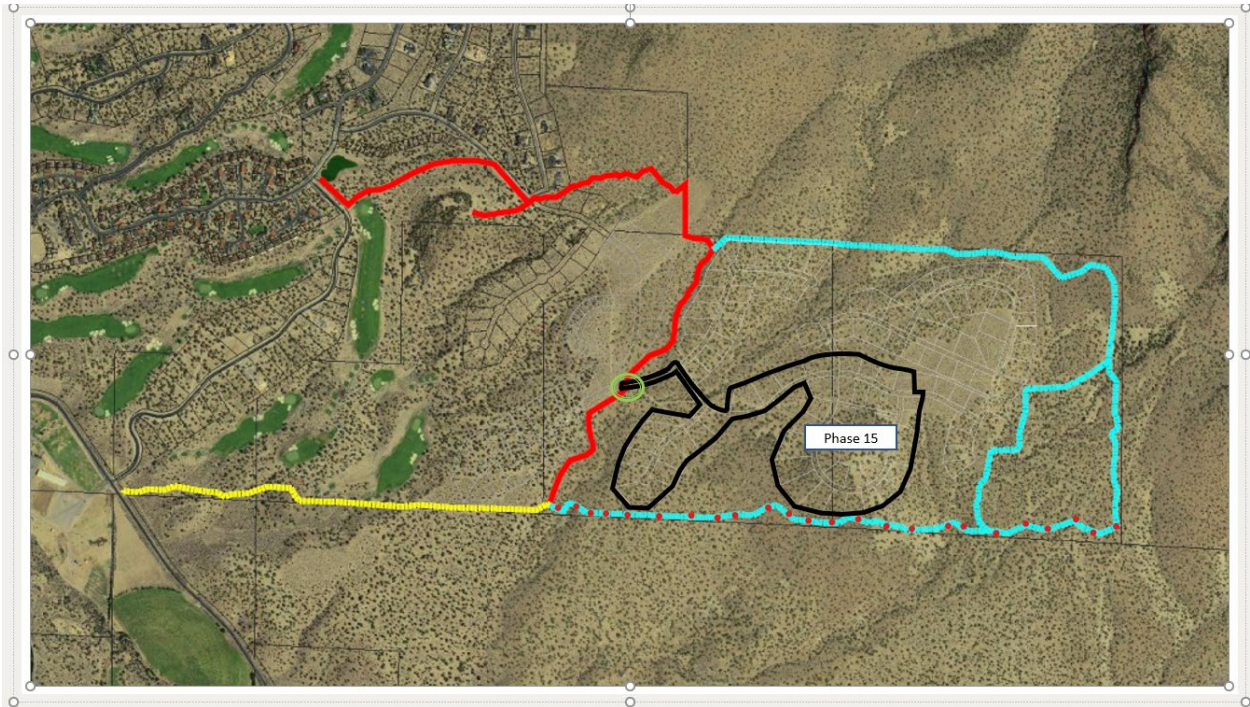

EXHIBIT 2

Updated Trail Map

The following map includes those trails in and around Phase 15; it does not include all trails within Brasada Ranch.

- The Red Trail is a new, existing trail that owners and guests use for walking, hiking, and biking; the surface is a packed aggregate or crushed stone (unpaved); the length is approximately 1.4 miles.
- The Blue Trail is an existing trail that owners and guests use for horseback riding, walking, hiking, and biking; the surface is weathered high desert (similar to the trail surface throughout the adjacent BLM lands and around Prineville Reservoir); the length is approximately 2.6 miles; the surface of the red-dotted portion of this trail will be changed to match the surface of the Red Trail by Spring 2023, conditions permitting; the balance of the Blue Trail will be adjusted to match the surface of the Red Trail over time as the Applicant continues development.
- The Yellow Trail is an existing trail that owners and guests use for horseback riding, walking, and hiking; the surface will remain a weathered high desert (similar to the trail surface throughout the adjacent BLM lands and around Prineville Reservoir); the length is approximately 0.8 miles.
- The Green Circle denotes the one area where a trail will cross the boundaries of Phase 15; at this intersection, the Applicant will add a walkway, striping, signage, and speed bumps that the engineers can review during the roadway reviews.

Bend, Oregon 97702

Lawyer: Brix Law LLP
Attn: Laura Craska Cooper
15 SW Colorado Ave., Suite 3
Bend, OR 97702

The Crook County Planning Commission approved a tentative plat application for Brasada, Phase 15, pursuant to a decision issued March 17, 2022, File No. 217-21-001013-PLNG. Subsequently, the decision was appealed by BR Community Coalition ("Appellant"), which the Appellant states includes 18 of 644 total owners at Brasada Ranch (the Applicant is not aware of which eighteen owners specifically are members of the Appellant.) The Crook County Court heard arguments and remanded the matter to the Planning Commission. In response, the Applicant provides this submission in advance of consideration of the matter by the Crook County Planning Commission.

The issues on remand generally fall into three categories: (1) trails (with several sub-issues), (2) sidewalks, and (3) overnight lodging units. The Applicant addresses each issue in that order.

In general, the Applicant agrees with the Staff Report dated May 4, 2022, that neither trails, sidewalks, or additional Overnight Lodging Unit Ratio evidence are required for the Planning Commission to approve Phase 15. However, as some of the issues raised in the appeal may resurface in future proceedings on new phases, the Applicant respectfully requests that the Planning Commission make some additional findings as described herein.

1. Trails

a. Trails are not required to be depicted on final plats

The Applicant agrees with the Staff Report dated May 4, 2022, that Condition No. 15 of the original Development Plan, which reads, "The applicant shall provide a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development":

- Does not require trails to be included in each Phase, and
- Does not require trails to be shown on the Applicant's final plats.

The Applicant respectfully requests that the Planning Commission confirm the trails are not required in each Phase and are not required on the Applicant's final plats.

b. Condition No. 15 does not require the Applicant to include trails on the preliminary plat

The Applicant agrees with the Staff Report dated May 4, 2022, that Condition No. 15 requires an applicant to provide the stated information regarding trails "prior to preliminary plat approval," but not on the approved preliminary plat. Condition No. 15 states:

"The applicant shall provide a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development."

The Applicant respectfully requests that the Planning Commission confirm that trails do not need to be shown on the preliminary plat.

c. Condition No. 15 governs only the conceptual Major Trail System proposed by the Applicant in the 2003 Development Plan Application

Per CCC 18.116.080(3)(a), "the original development plan shall contain the following elements: (vi) Major trail systems." To comply, the Applicant's original Development Plan Application provided a conceptual trail system as Exhibit A (included herein as Exhibit 1) and the following statement:

"The Applicant proposes to construct a network of walking, biking, and equestrian trails throughout the resort property. The contemplated location of such trails is set forth on the Development Plan Map. However, the Applicant notes that the trails on the Development Plan Map are conceptual in nature and are subject to modification as each Phase of the resort develops."

Condition No. 15 then governs only this conceptual trail system. Nothing in the original Development Plan (including nothing in Condition No. 15) limits trails within Brasada Ranch to those shown (1) in the Approved Development Plan or (2) "prior to the preliminary plat." And, except in the case of trails within the 100-year floodplain or on slopes exceeding 25%, as discussed in the next section, no land use permit, building permit, or other approval is required to install trails in Brasada Ranch.

When fully developed, Brasada Ranch will have more than 900 acres of open space, including but not limited to multiple Common Areas that are or will be owned by the Association. For example, in Phase 3, Common Area Lots A, B, and C are depicted in the final plat (Exhibit 2) and 68.1 acres. Today, Brasada Ranch includes 30 Common Areas totaling 371.0 acres. Per the Brasada Ranch Declaration (Exhibit 3), Common Areas are "for the common use and enjoyment of the Owners." Therefore, the Applicant or Homeowners' Association could develop additional trails on these common areas "for the common use and enjoyment of the Owners."

The Applicant respectfully requests that the Planning Commission confirm that neither the Development Plan Approval nor Crook County

Code limits trails within Brasada Ranch to (1) those shown in the Approved Development Plan or (2) those identified "prior to the preliminary plat."

d. Land use approvals are required for trails proposed within the 100-year floodplain or on slopes exceeding 25%

The Applicant agrees with the Staff Report dated May 4, 2022, that

- Per Condition No. 15, trails are not required in each Phase, and
- Per CCC 18.116.040(12), the Applicant is not required to seek land use approvals for trails unless the proposed trails are within the 100-year floodplain or on slopes exceeding 25%. CCC 18.116.040(12) reads:

"Alterations and nonresidential uses within the 100-year flood plain, and alterations and all uses on slopes exceeding 25 percent are allowed only if the Applicant submits and the planning commission approves a geotechnical report that demonstrates adequate soil stability and implements mitigation measures designed to mitigate adverse environmental effects."

Slopes exceeding 25% are located within Brasada Ranch, but none are within the boundaries of Phase 15. The 100-year floodplain near Brasada Ranch (Exhibit 4) is over a mile from Phase 15, along the west of Alfalfa Road from the Equestrian Club to Brasada Ranch's northwest border, and around Shumway Lake. This area is considered fully developed, and aside from trails around the shores of Shumway Lake, there are no other current or proposed trails within the 100-year flood plain.

The Applicant respectfully requests that the Planning Commission confirm that the Applicant is not required to seek land use approvals for trails unless they are within the 100-year floodplain or on slopes exceeding 25%.

e. Trails do not require plat easements and trails are not dedications

In the Phase 15 appeal, it was suggested that trails require easements on the final plats. The Applicant disagrees, given:

- Trails in common areas, such as those shown in Brasada Ranch Phase 3 as Exhibit 2, do not require easements, which is true of most trails in residential and resort subdivisions in Central Oregon.
- The point of "common areas" is that they are open to all owners, and no separate easement is required to allow an owner or its guests to use the common area or a trail located in a common area. Indeed, at Brasada Ranch, per its Declaration (Exhibit 3,) Common Areas are "for the common use and enjoyment of the Owners." And because no use restrictions are in place today, Owners can traverse and use these Common Areas as they desire even without a trail in place.

The appeal further argued that trails require "dedications" on final plats. The

Applicant disagrees, given:

- A dedication is "an appropriation of land to a public use by the owner, and accepted for such use by or on behalf of the public." Within Brasada Ranch, the trails are not available for public use, and therefore no dedication is required. See "The Law of Dedication in Oregon," 20 Or. L. Rev. 111 (1940-41), Sheldon W. Parks.

The Applicant respectfully requests that the Planning Commission confirm that neither easements nor dedications are required on the final plat for trails.

2. Sidewalks

a. Sidewalks are not required in Brasada Ranch

The Applicant agrees with the Staff Report dated May 4, 2022, that "sidewalks or alternative pedestrian routes will not be required [in Phase 15] since there are 1.1 dwellings per gross acre and there is no special pedestrian activity along the streets throughout the proposed phase."

However, the Applicant notes that sidewalks should not be required under the County's Code, and respectfully requests that the Planning Commission amend the finding on page 29 of the original March 17, 2022, Planning Commission Decision, which interprets CCC 17.40.030(5) to require sidewalks unless there are "alternative pedestrian routes":

"As part of the original development plan, the destination resort was approved for a trail system throughout the entire development. ... These alternative pedestrian routes are proposed instead of sidewalks through the proposed Phase, which is in accordance with the above criterion."

The finding above relates to CCC 17.40.030(5), which describes when subdivisions may require sidewalks. According to that section of code (note: the statutory language is italicized to distinguish it below):

"Sidewalks may be required to be installed on at least one side of a public street and in any special pedestrian way within the subdivision;" [emphasis added]

The fact is there are **no** public streets within Brasada Ranch and nothing that would seem to be a "special pedestrian way," though the Applicant notes that the term "special pedestrian way" is not defined in the County's Code.

"except that in the case of primary or secondary arterials, or special type industrial districts, the planning commission may approve a subdivision without sidewalks, if alternative pedestrian routes are available;"

The language above and "alternative pedestrian routes" quoted by the finding apply only "in the case of primary or secondary arterials, or special type industrial districts." Within Brasada Ranch, there are no public roads, no arterials, and no special type industrial districts.

"and provided further, that in the case of streets serving residential areas having single-family dwellings per gross acre, the requirement of sidewalks shall not apply, provided there is no evidence of special pedestrian activity along the streets involved."

As the Staff Report states, Phase 15 includes 1.1 acres per single-family dwelling. At complete build-out, Brasada Ranch will consist of over 900 acres of open space and 1,800 total acres. Therefore, the entire destination resort will include more than one acre per single-family dwelling. The Applicant concurs with the Staff Report and refers to the Applicant's submittal to the Crook County Court, supporting the position that there is no evidence of "special pedestrian activity" in Phase 15 along the streets. Accordingly, even if sidewalks were to be imposed under the first clause of CCC 17.40.030(5), the final clause would exempt them.

The Applicant respectfully requests that the Planning Commission find that sidewalks are not required within Brasada Ranch because there are no public roads and no special pedestrian ways.

The Applicant further requests that the Planning Commission find, as detailed in the Staff Report, that sidewalks wouldn't be required in Phase 15 in any case because the proposal conforms to the final clause in CCC 17.40.030(5).

3. Overnight Lodging Units

- a. The Planning Commission's request for a map illustrating and depicting the number of residential lots and overnight lodging units within the destination resort provides further evidence of the Applicant's compliance with the Overnight Lodging Unit Ratio (i.e., one OLU per 2.5 lot)**

The map requested by the Planning Commission is attached as Exhibit 5. It showcases that, as of May 04, 2022:

- The Applicant has platted 626 gross lots
- There have been 31 lots consolidated (one lot is combined with an adjoining lot to create one lot; lot consolidations within Brasada Ranch may not be reversed)
- The net platted lots are 595
- The total Overnight Lodging Units are 244¹, including 91 cabins with 236 OLUs and one Ranch House with 8 OLUs; private individuals own the 91 Cabins, and the Applicant owns the Ranch House

¹ The original Phase 15 submittal reported the destination resort included 243 Overnight Lodging Units; the actual count is 244 including one two-bedroom deed-restricted cabin that was converted to a three-bedroom deed-restricted cabin.

- Brasada Ranch's current Overnight Lodging Ratio, therefore, is 2.44

b. Brasada Ranch has demonstrated compliance with the Overnight Lodging Unit Ratio and provides additional information for review

The Applicant agrees with the Staff Report dated May 4, 2022, that "all phases submitted by the destination resort have demonstrated compliance with the required ratio," and "any other evidence submitted would demonstrate further compliance." The Applicant provides the following additional evidence:

- **Compliance by way of deed restrictions:**

All 91 cabins within Brasada Ranch are deed-restricted and must be made available for rent forty-five weeks per calendar year, which is the County's criteria per CCC 18.116.030(5).

Section 7.1 of the Brasada Ranch Sage Canyon Cabins Supplemental Declaration reads:

"For purposes of complying with criteria established by the applicable Governmental Authority for destination resorts in the state of Oregon, each Unit [*referring to each cabin*] in the Additional Property [*referring to the Sage Canyon Cabin neighborhood*] is designated as an "Overnight Lodging Unit." Each Overnight Lodging Unit shall be made available for overnight rental use by the general public through a central reservation and check-in service operated by the Declarant or its affiliate or by a real estate property manager selected by the Owner for a minimum of forty-five (45) weeks per calendar year or such lesser number of weeks as may be approved by the applicable Governmental Authority. This Section 7.1 cannot be amended or removed without the written consent of Crook County, Oregon, a Political Subdivision of the State of Oregon."

- **Compliance through active rental management and transient room tax payments**

The Applicant operates a rental management program for the cabins but may not force the individual owners to participate. As of May 05, 2022, the Applicant's program includes 75 of the 91 cabins and 189 of the 244 cabin units.

Annually, the Applicant polls the cabin owners not participating in its rental management program regarding how they make their deed-restricted cabin available for overnight rentals. The recent responses include Airbnb, VRBO, Central Oregon Vacation Rentals, Explore Properties, and Meredith Lodging. The Applicant presumes the County has detailed information regarding the rentals in these deed-restricted units, given the cabin owners are required to submit transient room taxes to the County.

- **Compliance by making every unit available for rent**

The eight Ranch House suites, owned by the Applicant, are made available for rent 365 days per year.

The 91 cabins feature flexible configurations that allow, for example, a two-bedroom unit to be rented to one party using both guestrooms or as two separate guestrooms to two different guests. Each guestroom has an exterior entry door, a full bathroom with a shower (some have bathtubs as well), and appliances including a refrigerator, coffee maker, and microwave. When used by an individual reservation, the interior connecting door to the cabin living room is locked from both sides. The concept is like connecting rooms within a hotel.

The Applicant's reservation systems and booking engine allow guests to book an individual cabin guestroom every night of the year, provided the cabins are not entirely reserved. From 2014 to 2021, 21% of the Applicant's total reservations were for one cabin guestroom. Please see Exhibit 6 for additional details regarding rentals by cabin configuration.

For the reasons set forth above, the Applicant respectfully requests that the Planning Commission find that the Applicant's submitted information and additional evidence demonstrate compliance with the required Overnight Lodging Unit Ratio.

EXHIBIT 1

Exhibit A of Brasada Ranch's 2003 Development Plan Application

The map below was included in the 2003 Development Plan Application and set forth a general plan for future trails. The Development Plan Approval recognized that such trails would need to be adjusted to, among other things, "accommodate on-the-ground conditions, address known concerns raised by the BLM, and adapt to market and other conditions." Neither the 2003 Application nor the Development Plan Approval ever refers to this general plan for future trails as the only trails that could ever be constructed and improved within Brasada Ranch.

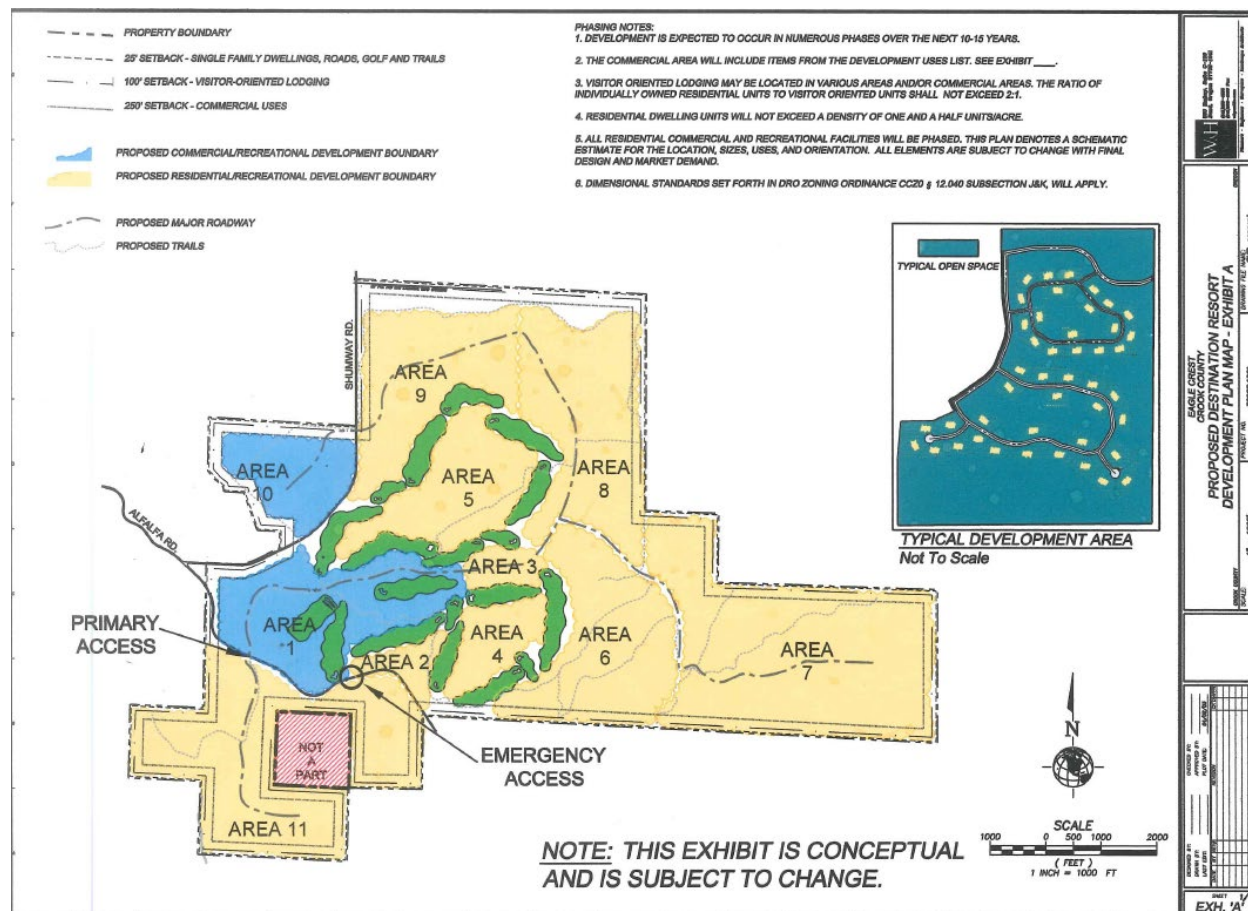

EXHIBIT 2

Phase 3 Plat Showing Common Area Lots

Per the Declaration, which is a recorded document and publicly available, Common Areas are "for the common use and enjoyment of the Owners." In the final recorded Phase 3 plat below, Common Area Lots A, B, and C are clearly shown, totaling 68.1 acres. Therefore, any buyer that today disputes an existing or new trail on a Common Area would have previously known that the land around their lot was Common Area and therefore "for the common use and enjoyment of the Owners."

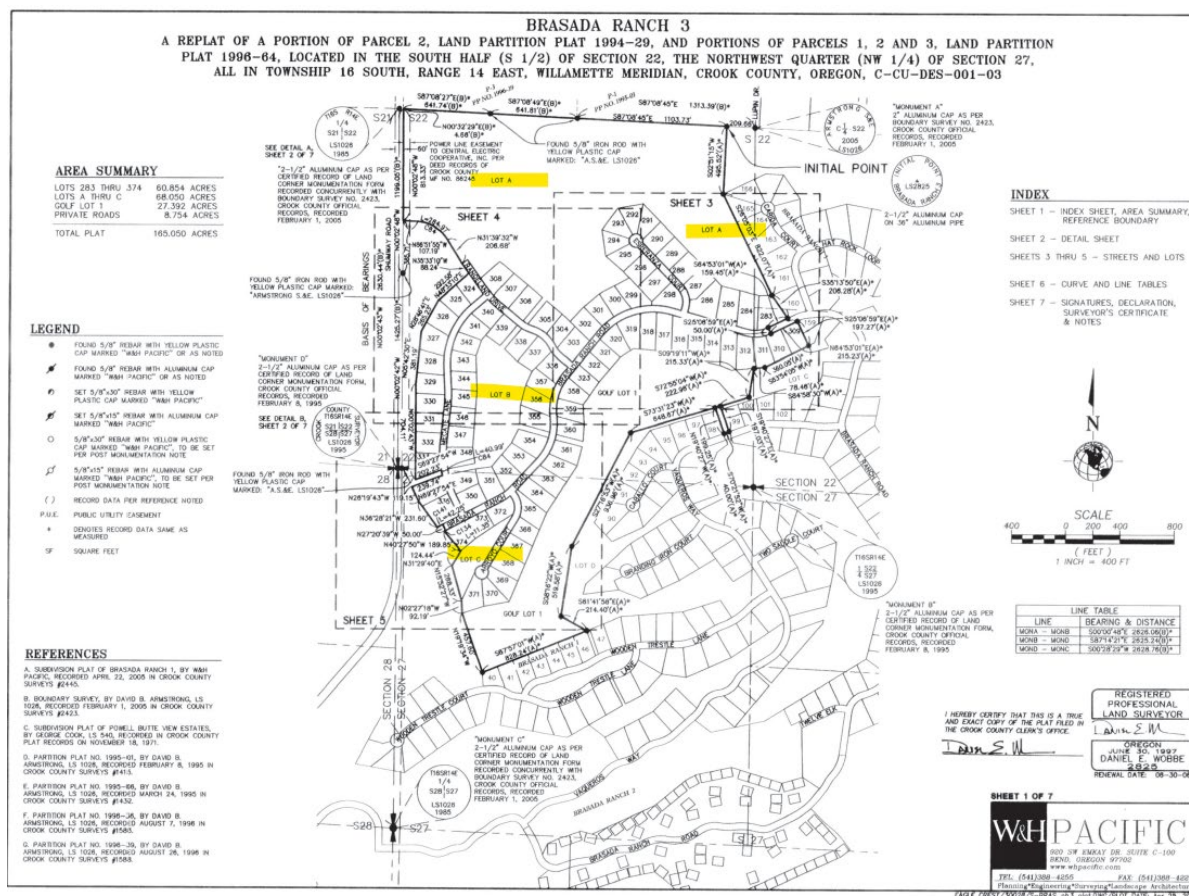

EXHIBIT 3**Section 1.9 of Brasada Ranch's Declaration (Common Areas)**

1.9 “**Common Areas**” means all real and personal property, including easements, that the Association owns, leases or otherwise holds possessory or use rights in for the common use and enjoyment of the Owners, subject to use restrictions that may be described herein or in any

PortInd1-2186698.5 0025924-00017

2

Recorded June 2, 2005
Document No. 2005-200430

Supplemental Declaration. Common Areas shall be designated as such in this Declaration, any Supplemental Declaration, any plat of the Residential Areas, or any conveyance from Declarant to the Association. Common Areas shall include any Improvements thereon, and may be further designated as Public Areas, Restricted Areas, Limited Common Areas, or Neighborhood Common Areas. Common Areas shall also include any Units converted to Common Areas as provided in Section 3.5.

EXHIBIT 5

Unit Reconciliation Map Requested by the Planning Commission

The Planning Commission requested a map showing consolidated lots and Overnight Lodging Units to supplement the existing reporting and demonstrate further compliance. It follows and showcases that, as of May 04, 2022:

- The Applicant has platted 626 gross lots
- There have been 31 lots consolidated (one lot being combined with an adjoining lot to create one lot; lot consolidations within Brasada Ranch may not be reversed)
- The net platted lots are 595
- The total Overnight Lodging Units are 244², including 91 cabins with 236 OLU's and one Ranch House with 8 OLU's; private individuals own the 91 Cabins, and the Ranch House is owned by the Applicant
- Brasada Ranch's current Overnight Lodging Ratio, therefore, is 2.44

² The original Phase 15 submittal reported the destination resort included 243 Overnight Lodging Units; the actual count is 244 including one two-bedroom deed-restricted cabin that was converted to a three-bedroom deed-restricted cabin.

LOTS & OVERNIGHT - LODGING UNITS -

As Requested By
Crook County Planning Commission

“A map illustrating and depicting the number of residential lots and overnight lodging units within the destination resort.”

Please accept three maps: (1) to the left is gross lots and all overnight lodging units; (2) on the next page is net lots including consolidations, and (3) on the third page are the overnight lodging units in a larger format.

**THE FINAL RESULTING OLU RATIO,
AS OF MAY 3, 2022 IS:**

Gross Platted Lots: 626
Consolidated Lots: 31
Net Platted Lots: 595
Overnight Lodging Units: 244
Overnight Lodging Ratio: 2.44

- OVERNIGHT - LODGING UNITS

The map and tables highlight the 244 Overnight Lodging Units available.
The Ranch House is B on the map. All the Cabins are deed-restricted and must be made available for rent 45 weeks per year.

Type	Ownership	Quantity	Total OLUs Per	Total OLUs
Ranch House Suites	Developer-owned	8	1	8
2-Guestroom Deed-restricted Cabin	Individually-owned	59	2	118
3-Guestroom Deed-restricted Cabin	Individually-owned	21	3	63
5-Guestroom Deed-restricted Cabin	Individually-owned	11	5	55
Total		99		244

EXHIBIT 6**Reservations by Guestroom Configuration**

The table below highlights the percent of total reservations by guestroom configuration. From 2014 to 2021, 21% of the Applicant's total reservations were for one cabin guestroom.

Guestroom Configuration	2014	2015	2016	2017	2018	2019	2020	2021	Total
1 Cabin Guestroom	19%	16%	15%	19%	26%	32%	18%	27%	21%
2 Cabin Guestrooms	38%	36%	38%	36%	32%	30%	42%	37%	36%
3 Cabin Guestrooms	17%	20%	18%	16%	15%	11%	15%	12%	16%
4-5 Cabin Guestrooms	12%	15%	15%	14%	13%	13%	13%	9%	13%
1 Ranch House Guestroom	14%	13%	15%	14%	13%	14%	12%	15%	14%

To prepare the table above, the Applicant extracted every reservation from its property management system from 2014 through 2021. The information on the following pages is an extract showing every reservation in 2019, 2020, and 2021 by guestroom configuration, arrival date, departure date, and length of stay. The same information is available for 2014-2018, but due to its total size (1,461 pages), the Applicant has not included it here though it can be shared upon request.

BRASADA RANCH**Property Management System Extract - All Reservations 2019-2021**

**APPLICANT SUBMISSION #2
(CROOK COUNTY REMAND TO PLANNING COMMISSION)
PHASE 15 TENTATIVE PLAT**
Brasada Ranch
File No. 217-22-000451-PLNG

**CROOK COUNTY
MAY 10 2022
PLANNING DEPT**

Applicant: FNF NV Brasada, LLC
Attn: Brent McLean
16986 SW Brasada Ranch Road
Powell Butte, Oregon 97753

Agent: DOWL
Attn: Adam Conway
963 SW Simpson Ave., Suite 200
Bend, Oregon 97702

Lawyer: Brix Law LLP
Attn: Laura Craska Cooper
15 SW Colorado Ave., Suite 3
Bend, OR 97702

The Crook County Planning Commission approved a tentative plat application for Brasada, Phase 15, pursuant to a decision issued March 17, 2022, File No. 217-21-001013-PLNG. In connection with the appeal of the Planning Commission's tentative plat approval to the Crook County Court, the Applicant realized additional information regarding trails was necessary and certain information needed to be clarified or corrected. Therefore, the Applicant provides this submission in advance of the remand hearing in front of the County Planning Commission.

The Applicant provides the location, surfacing, and size of the existing trails around Phase 15 and will have to provide additional information regarding areas where the slope exceeds 25%. The Applicant also agrees with the Staff Report dated May 4, 2022, that trails are not required for the Planning Commission to approve Phase 15. Therefore, the Applicant respectfully requests that the Planning Commission confirm its approval of the Phase 15 tentative plat without delay.

Per CCC 18.116.040(12), the Applicant is not required to seek land use approvals for trails unless the proposed trails are within the 100-year floodplain or on slopes exceeding 25%.

1. Location, Surfacing, and Size of Trails Around Phase 15

The Applicant's Phase 15 Application included a trail map (Exhibit 1), but it did not depict the surfacing or size of the trails. The Applicant has attached an updated Phase 15 trail map (Exhibit 2) which provides the location, surfacing, and size of three existing trails in or around Phase 15.

Trail #1 on Exhibit 2 is an existing trail that was upgraded this winter and spring. Owners and guests use the trail for walking, hiking, and biking.

- The trail is almost entirely outside the boundaries of Phase 15. The green circle in Exhibit 2 denotes the one area where the trail will meet the edges of Phase 15. At this point, the Applicant will add a walkway, striping, signage, and speed bumps that the engineers can review during the roadway reviews.

- The trail is not within the 100-year floodplain.
- The surface is a packed aggregate or crushed stone (unpaved) (Exhibit 3).
- The trail is $\pm 7,900$ linear feet, and $\pm 1,000$ linear feet are on slopes exceeding 25%. The Applicant and contractor that completed the recent upgrades are preparing a report of any cuts made along the slopes exceeding 25%. The Applicant has also contacted multiple civil engineers, and a geotechnical report is scheduled to be completed within eight weeks.
- The trail length is ± 1.4 miles, and it connects to a paved trail on Brasada Ranch Road that runs for ± 3 miles.

The Applicant respectfully requests that the Planning Commission confirm if geotechnical reports are necessary when improvements are proposed to be made to existing trails.

Trail #2 on Exhibit 2 is an existing trail. Owners and guests use the trail for horseback riding, walking, hiking, and biking.

- The trail is not within the boundaries of Phase 15.
- The trail is not within the 100-year floodplain.
- The surface is a weathered high desert (Exhibit 4) (similar to the trail surface throughout the adjacent BLM lands and around Prineville Reservoir). The surface is proposed to be changed to match the surface of Trail #1 (Exhibit 3) by Spring 2023, conditions permitting.
- There are portions of the trail on slopes exceeding 25% noted in gray. If the Planning Commission requests geotechnical reports for improvements to existing trails, the Applicant will have one provided within eight weeks.
- The trail length is ± 1.0 miles.

Trail #3 on Exhibit 2 is an existing trail. Owners and guests use the trail for horseback riding, walking, hiking, and biking.

- The trail is not within the boundaries of Phase 15.
- The trail is not within the 100-year floodplain.
- The surface is a weathered high desert (Exhibit 4) (similar to the trail surface throughout the adjacent BLM lands and around Prineville Reservoir). The surface is proposed to be improved to match the surface of Trail #1 (Exhibit 3) over time as the Applicant continues lot development in this area.
- There are portions of the trail on slopes exceeding 25% noted in gray. If the Planning Commission requests geotechnical reports for improvements to existing trails, the Applicant will have one provided within eight weeks.
- The trail length is ± 1.5 miles.

Trail #4 on Exhibit 2 is an existing trail. Owners and guests use this trail for horseback riding, walking, and hiking.

- The trail is not within the boundaries of Phase 15.
- The trail is not within the 100-year floodplain.
- The surface will remain a weathered high desert (Exhibit 4) (similar to the trail surface throughout the adjacent BLM lands and around Prineville Reservoir).
- There are portions of the trail on slopes exceeding 25% (Exhibit 4), but the Applicant is not proposing any upgrades to this trail.
- The trail length is ± 1.0 miles, and it connects to Alfalfa Road and the Brasada Ranch Equestrian Club.

2. Unplatted Trails on Future Common Area

Trail #1 will enter the boundaries of Phase 15 in one location noted by a green circle (Exhibit 2). The balance of Trail #1 and all other trails shown on Exhibit 2 are outside the boundaries of Phase 15, yet they are or will be actively used by owners and guests. If the County prefers, an additional condition of approval could be added:

- That the Applicant record a temporary easement in favor of the residential owner's association (all owners and guests) over the existing trails (Trails #1, 2, 3, and 4). Such an easement could terminate when the land on which these trails are located is platted, and the trails become common areas. If the Planning Commission proceeds this way, the Applicant requests the right to reconfigure the trails as the property develops.

The Applicant respectfully requests that the Planning Commission confirm if a condition of approval should be added to the Phase 15 approval requiring the Applicant to record a temporary easement in favor of the residential owner's association over the existing trails.

3. Clarity and Correction

An existing trail shown on the original Phase 15 trail map (Exhibit 1) to be abandoned is not shown in the updated Phase 15 trail map (Exhibit 2) for clarity. In addition, a line that was inadvertently included in the original Phase 15 trail map as "Proposed Trail (Future)" has been removed.

The Applicant agrees with the Staff Report dated May 4, 2022, that trails are not required for the Planning Commission to approve Phase 15 and respectfully requests that the Planning Commission confirm its approval of the Phase 15 tentative plat.

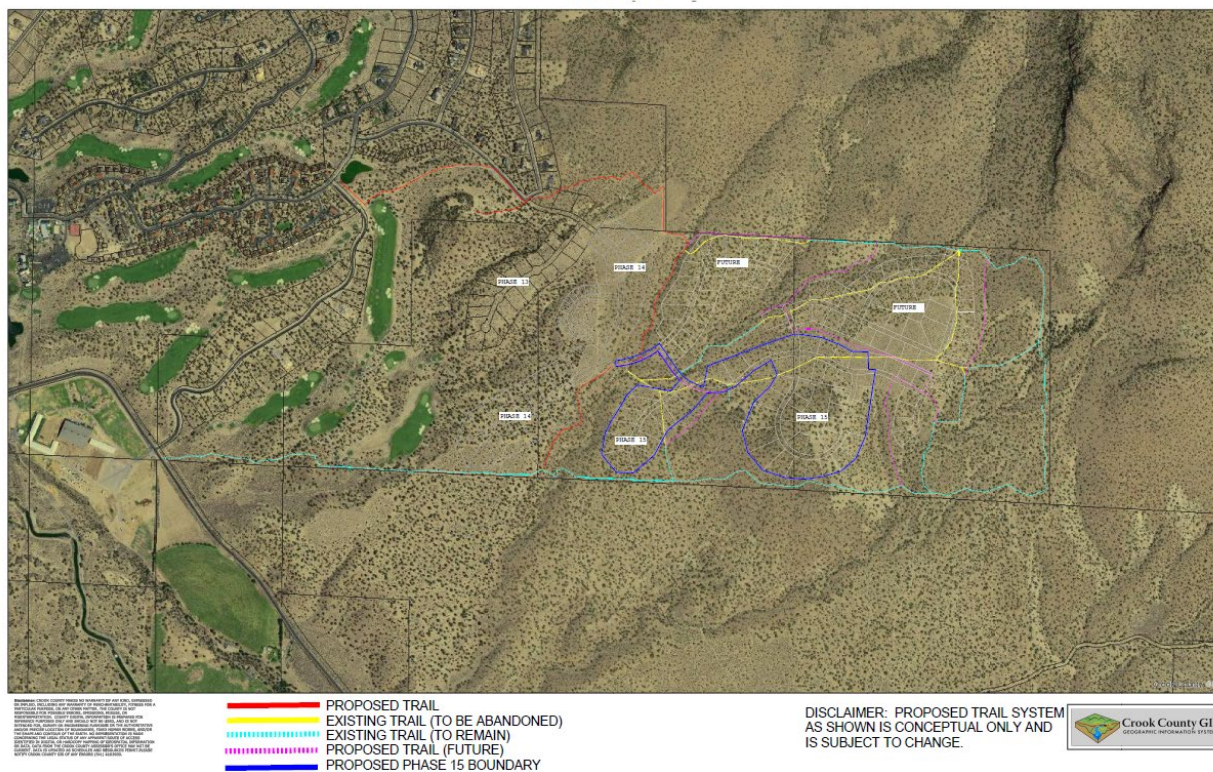

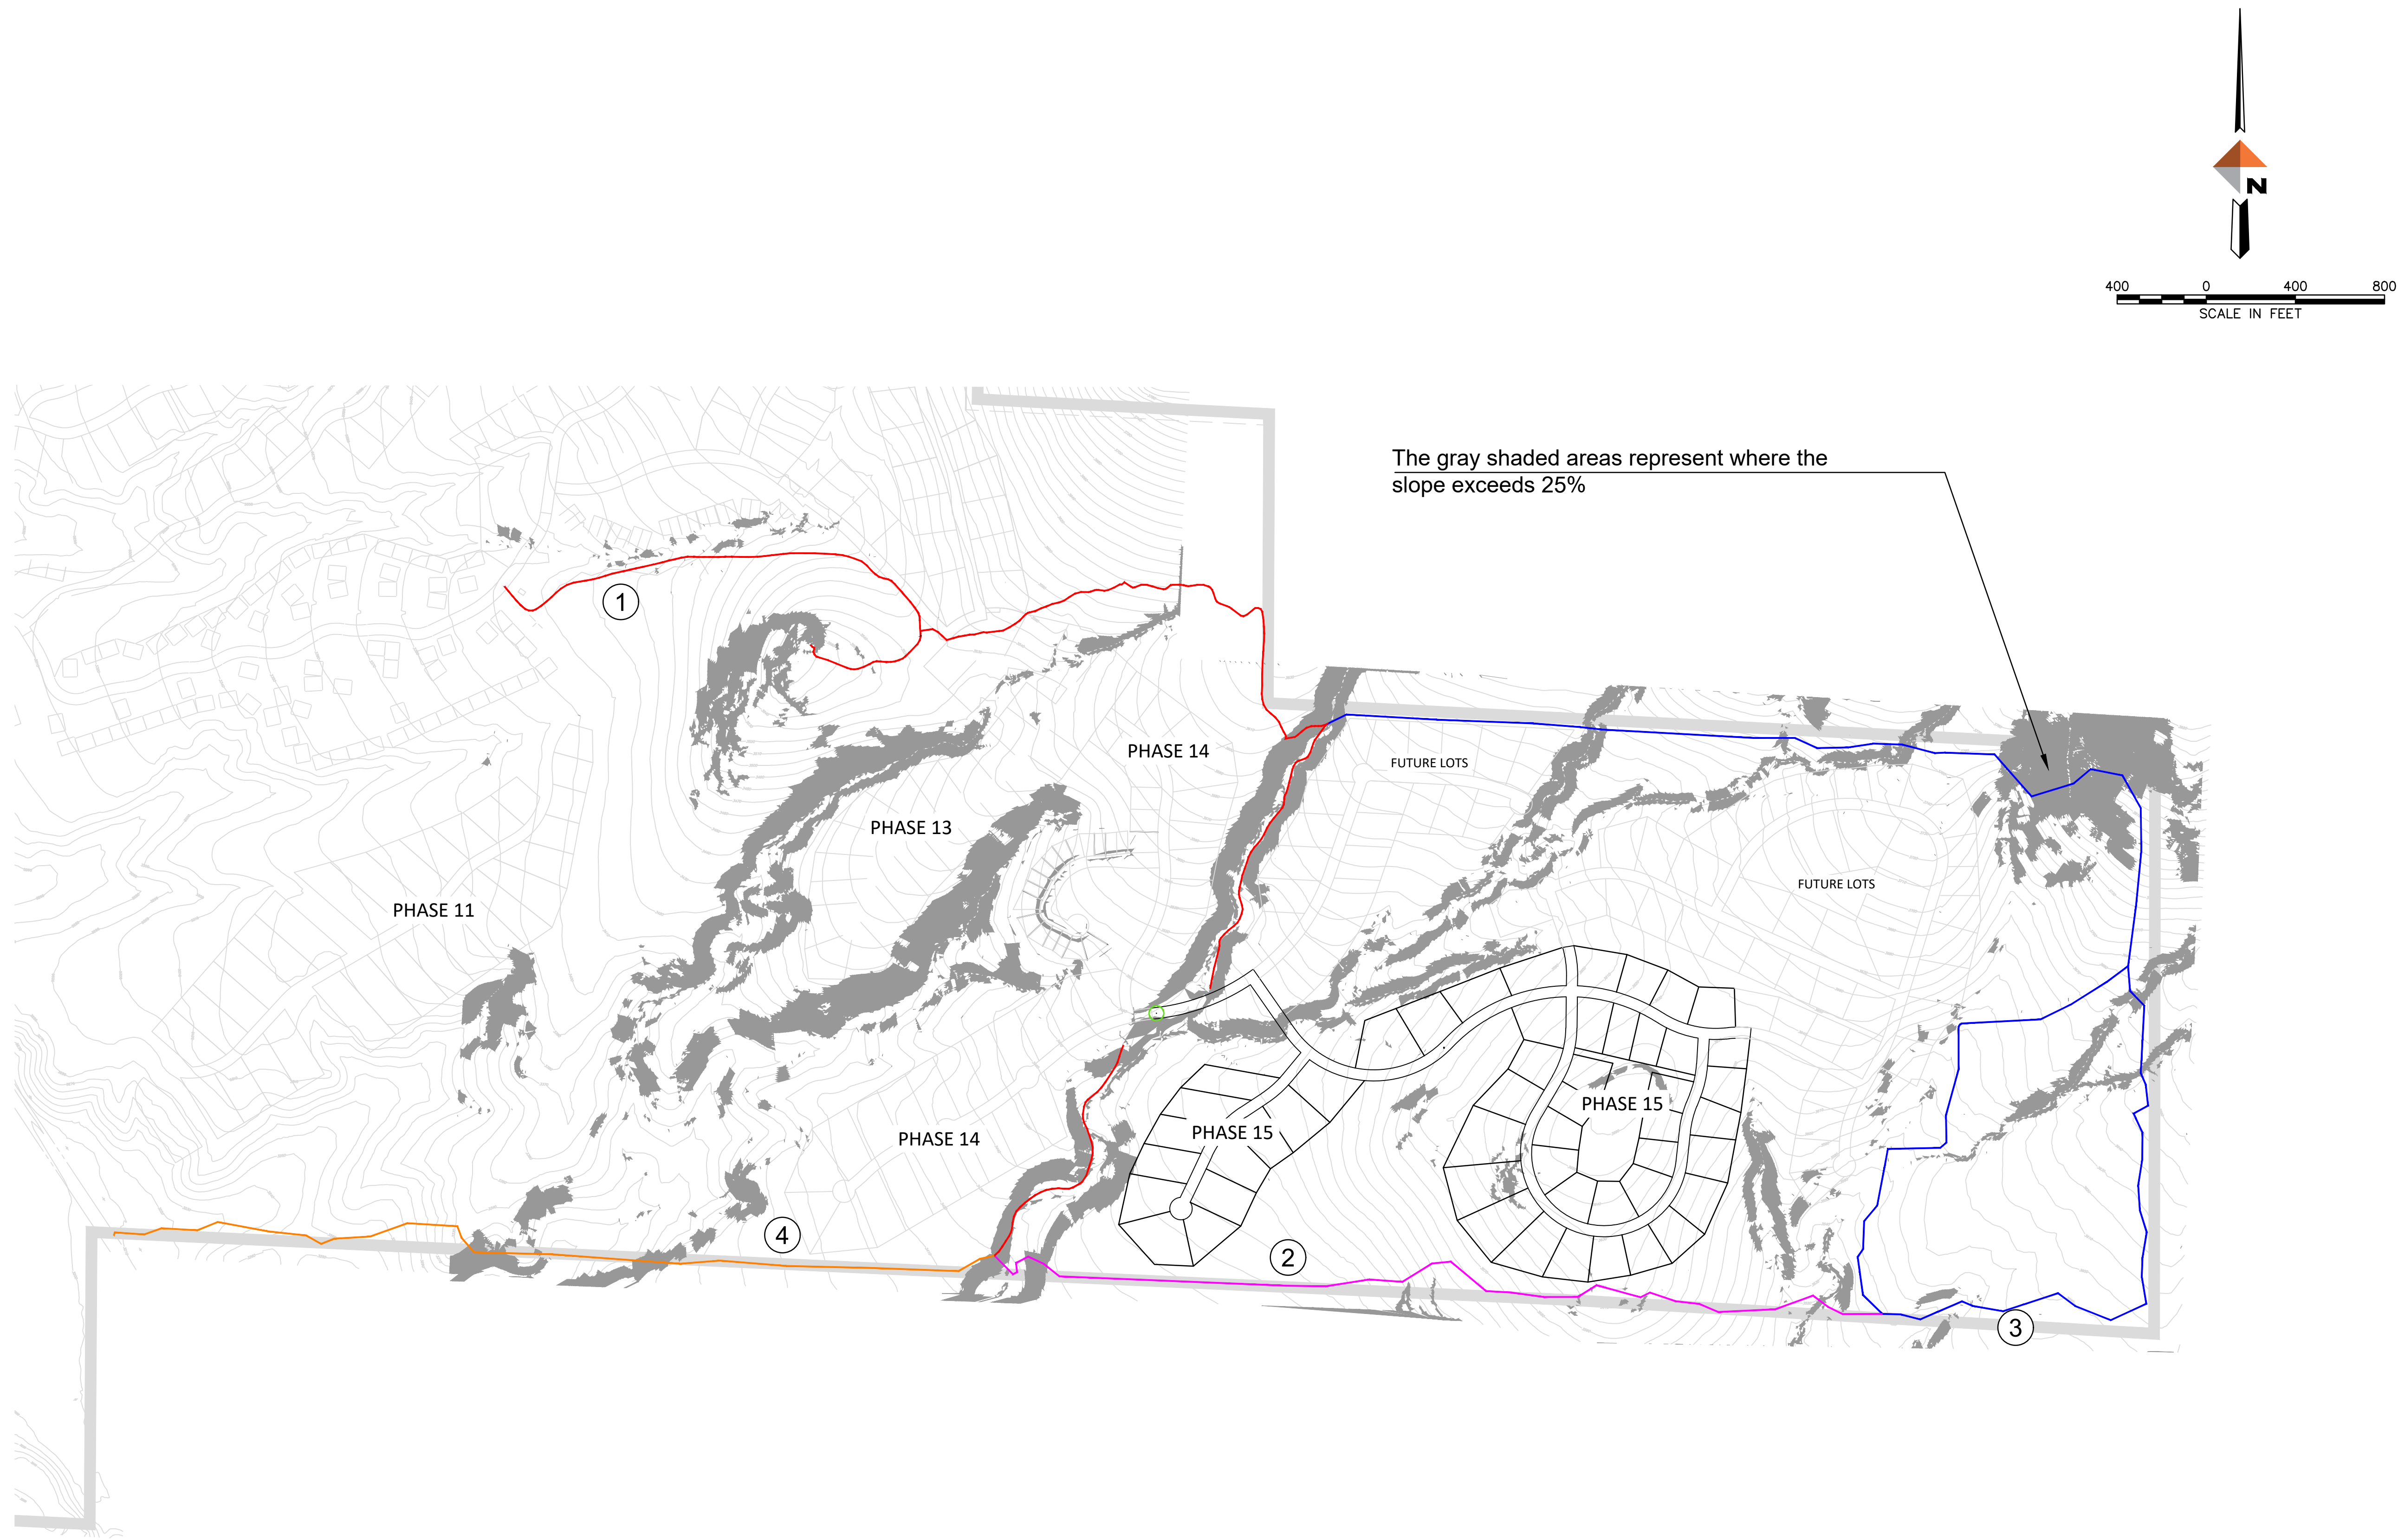

EXHIBIT 1**Original Phase 15 Trail Map****EXHIBIT B**

EXHIBIT 2**Updated Phase 15 Trail Map**

There are four trails noted on this map. They are all existing trails that have been used for decades (long before resort development). The gray shaded areas represent where the slope exceeds 25%. There is one location, noted by a green circle, where a trail will meet the edges of Phase 15; otherwise, all the trails are outside the boundaries of Phase 15.

The Trail map is on the next page.

**Re: Remand of Appeal of Planning Commission Decision
Brasada Ranch Subdivision Phase 15
File Number: 217-21-001013-PLNG**

Crook County Planning Commission:

As you know this office represents BR Community Coalition, a nonprofit corporation presently consisting of 18 residential lot owners in Brasada Ranch (the “Coalition”). The Coalition’s position is clear: Applicant must show the location, surfacing and size of all community trails and paths on the Phase 15 plat. The Coalition’s position is consistent with Condition of Approval No. 15: *“The applicant shall provide a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development.”*

Detailed trail information must be shown on plats.

The intended path will connect residents to the commercial community center and provide overnight transient cabin guests use of the path. The path will provide the equivalent of sidewalks in a subdivision, which will be used for multiple purposes by residents and the public who reserve cabins for overnight lodging at Brasada Ranch.

The path will have a significant impact on homes near the path. To give proper notice to buyers in Phase 15, the path must be located on the final plat after being depicted on the preliminary plat. Notably, the intended path is not an internal nature path. Instead, the Applicant wants to burden Phase 15 residential lots and earlier subdivision lots with an interconnected commercial path. The proposed path is a commercial public path because it provides access to the commercial center, will benefit cabin sales, and benefit cabin transient guest rentals of the cabins. The cabin rent is divided between Applicant and cabin owners. The cabin owners must place their cabins in the rental pool.

Michael W. Peterkin ♦ *Megan K. Burgess* ♦ *Christian Malone* ♦ *Taylor Hale*

Locating the path on the Phase 15 plat eliminates confusion and conflicts with future lot owners and past owners. Attached are samples of Applicant's past maps that are inconsistent and sow confusion about the location and purpose of paths. Applicant's past inconsistent practices require this Commission to make Applicant comply moving forward. Buyers and current owners deserve better. They have a right to certainty. Applicant as developer cannot do whatever it wants whenever it wants.

There is no question the 2003 Final Development Plan (C-CU-DES-001-03) Conditions of Approval apply to all phases of development in Brasada Ranch. The Staff confirmed this point in their report prior to the Appeal, and the Applicant acknowledged this fact in its submission. The Coalition again takes issue with the finding in the original Planning Commission decision that "As the development of the resort has progressed, the Applicant has demonstrated compliance with each of the 33 approval conditions, ensuring compatibility with the area surrounding the project site." The Applicant has not demonstrated compliance with Condition of Approval No. 15 which states:

"15. The applicant shall provide a detailed depiction of the final location, surfacing, and size of all trails within a phase prior to preliminary plat approval for each phase of resort development."

(Emphasis added.)

The plain meaning of Condition 15 means that the Applicant is required to show the final location, surfacing and size of all trails and paths prior to preliminary plat approval. The location, surfacing and size of trails and paths will be final. Finality is not a difficult or overburdensome concept, but rather a mandatory planning requirement.

The Applicant ignores the word "final" in Condition 15. In interpreting a statute or a contract, Oregon Courts look to the plain meaning of the language used, and the Oregon Court of Appeals and Oregon Supreme Court most often look to the definitions provided in the Webster's Third New International Dictionary (unabridged ed 2002). *Kohring v. Ballard*, 355 Or 297, 303-304 n. 2, 325 P3d 717 (2014). The definition of "final" in *Webster's Third* is as follows:

- 1 a** (1): Not to be altered or undone: CONCLUSIVE, DECISIVE
 (2): constituting the ultimate in degree, achievement or utilization:
 approaching perfection: PERFECT: not to be done again: DEFINITIVE

Webster's Third New International Dictionary (Unabridged ed 2002).

Crook County Planning Commission

May 11, 2022

Page 3 of 5

The Oregon Supreme Court has also noted that when consulting dictionaries it is important to use sources close in time with the document whose language you are interpreting. *See, e.g., State v. Perry*, 336 Or 49, 53, 77 P3d 313 (2003). In this case, the Final Development Plan was signed June 4, 2003, so the *Webster's Third* is a reliable and contemporaneous source.

Thus, the Applicant is required to show the final location, surfacing and size of all trails and paths prior to preliminary plat approval in each phase. That means those paths cannot be later altered or not constructed as depicted at the time of each phase, otherwise Condition of Approval No. 15 is meaningless. The Applicant and its predecessor have been permitted, likely unknowingly, to avoid the obligations of this Condition of Approval in prior subdivision phases. That is not a justification or excuse to allow it to continue. Importantly, the interconnected path directly affects present owners use and value of their properties.

The Planning Commission must require the Applicant to demonstrate compliance with Condition of Approval No. 15. This condition is not burdensome. In fact, Applicant has not advanced any good reason why the path would not be located on the plat just like other subdivision improvements. The only way to ensure that the location, surfacing and size of all paths in Phase 15 are conclusively located and described is to require the Applicant to show that information on the preliminary and final plat. That way, the County, the Applicant, the public, including owners in Brasada Ranch, will have notice of the paths. What else could possibly be the purpose of Condition of Approval No. 15 but to provide such finality and certainty?

As the Planning Commission knows, there has been conflict regarding trails in Brasada Ranch. Applicant testified that it has held neighborhood meetings, sought input, and is trying to be responsive to a variety of property owners' concerns. **None of these actions would be necessary if the paths were shown on the final plats.** A potential purchaser should make a purchase decision in Brasada Ranch based on the final location of paths shown on the plat map. Those that want to be near a path can factor the location, size and surfacing of paths into their buying decision. Those that do not want to be near a trail can choose to buy away from paths. Requiring the final location, surfacing and size of paths will provide the predictability, consistency and notice that is expected and required.

As you know from the March 9, 2022 letter and attachments from this office submitted into the record (original record, Ex. 4), Applicant is recently constructing a paved trail system in Brasada Ranch that was not shown on final plat maps or is partly outside the trail easements shown on the Phase 2 plat map. The existence, location, use, and surface of a trail within Brasada Ranch are material factors weighed when consumers buy a Brasada Ranch lot, when designing their homes, when receiving Design Review Committee approval, and when landscaping their lots.

Only platted path easements afford purchasers adequate notice of the future existence of a trail. The final development plan, Condition of Approval No. 15 requires Applicant to show the final location, surfacing and size of all trails in each phase prior to preliminary (tentative plan) plat approval.

The importance of this requirement is further illustrated by the Applicant's most recent submission (Exhibit 3 on Remand, May 10, 2022). After reviewing the May 4 Staff Report on Remand, Applicant realized that several of its existing trails do not have the required land use approval, including geotechnical reports. This issue illustrates that adherence to Condition of Approval No. 15 is imperative because years have passed and as phases have moved forward without compliance, the development now has many trail locations that don't meet the original criteria and require additional approvals. If Condition of Approval No. 15 is enforced and the Applicant is required to show the final location, surfacing and size of trails, similar future problems will be eliminated.

The Applicant should be required to either build the trails out consistent with the preliminary plat prior to lot sales or provide an agreement and security.

Development standards for Brasada Ranch as a destination resort require that prior to closure of lot sales in each phase, "developed recreational facilities" either "shall be constructed prior to sales in that phase or guaranteed by providing an agreement and security in accordance with CCC 17.40.080 and 17.40.090." CCC 18.116.040 (4). "Developed recreational facilities" includes "nature trails". The Coalition concedes that the bond for the 2005 Improvement Agreement was released. However, because the trails Applicant is required to depict in their final location, surfacing and width are "developed recreational facilities" under the Code, Applicant must either construct them prior to lot sales or provide a new agreement and security guaranteeing their construction as represented.

The Coalition respectfully requests that the Planning Commission modify the Decision on remand and specifically condition preliminary plat approval by requiring Applicant to specify trails and depict the final location, surfacing, and size of any trail within or servicing Brasada Ranch Phase 15 and any future phase on the preliminary and final subdivision plat. This ensures compliance with prior and continuing conditions of approval, appropriately protecting current and future owners in Brasada Ranch.

The Applicant does not meet overnight lodging requirements.

Regarding overnight lodging, the Coalition relies on and incorporates its prior arguments, and further points out that the definition of "Overnight lodgings" under

Crook County Planning Commission

May 11, 2022

Page 5 of 5

Crook County Code cannot be ignored when the County, as required, looks at whether the Applicant meets the overnight lodging requirements on a factual basis. *Central Oregon Landwatch vs. Deschutes County*, 285 Or App 267, 294 (2017) (analyzing proper interpretation of ORS 197.435 and holding that whether units qualify as “overnight lodging” under that statute and other authority, is not a theoretical question and analysis, but a factual one that must be demonstrated).

In this instance, Crook County Code section 18.116.030 (5) defines “overnight lodgings” means permanent, separately rentable accommodations, which are not available for residential use. The Applicant has not demonstrated that the accommodations are both permanent and separately rentable, as required. When a person rents out the entirety of a 2-, 3-, or 4-bedroom cabin, none of those “separate” units are permanently, separately rentable. Crook County’s code differs from ORS 197.435(5)(b) in requiring permanency.

Applicant’s overnight lodging offerings do not meet Crook County Code requirements. The Commission should require Applicant to re-analyze and provide documentation of the number of permanent, separately rentable accommodations so that an accurate calculation of the number of additional required units and bonding can be determined.

Sincerely,

Megan K. Burgess

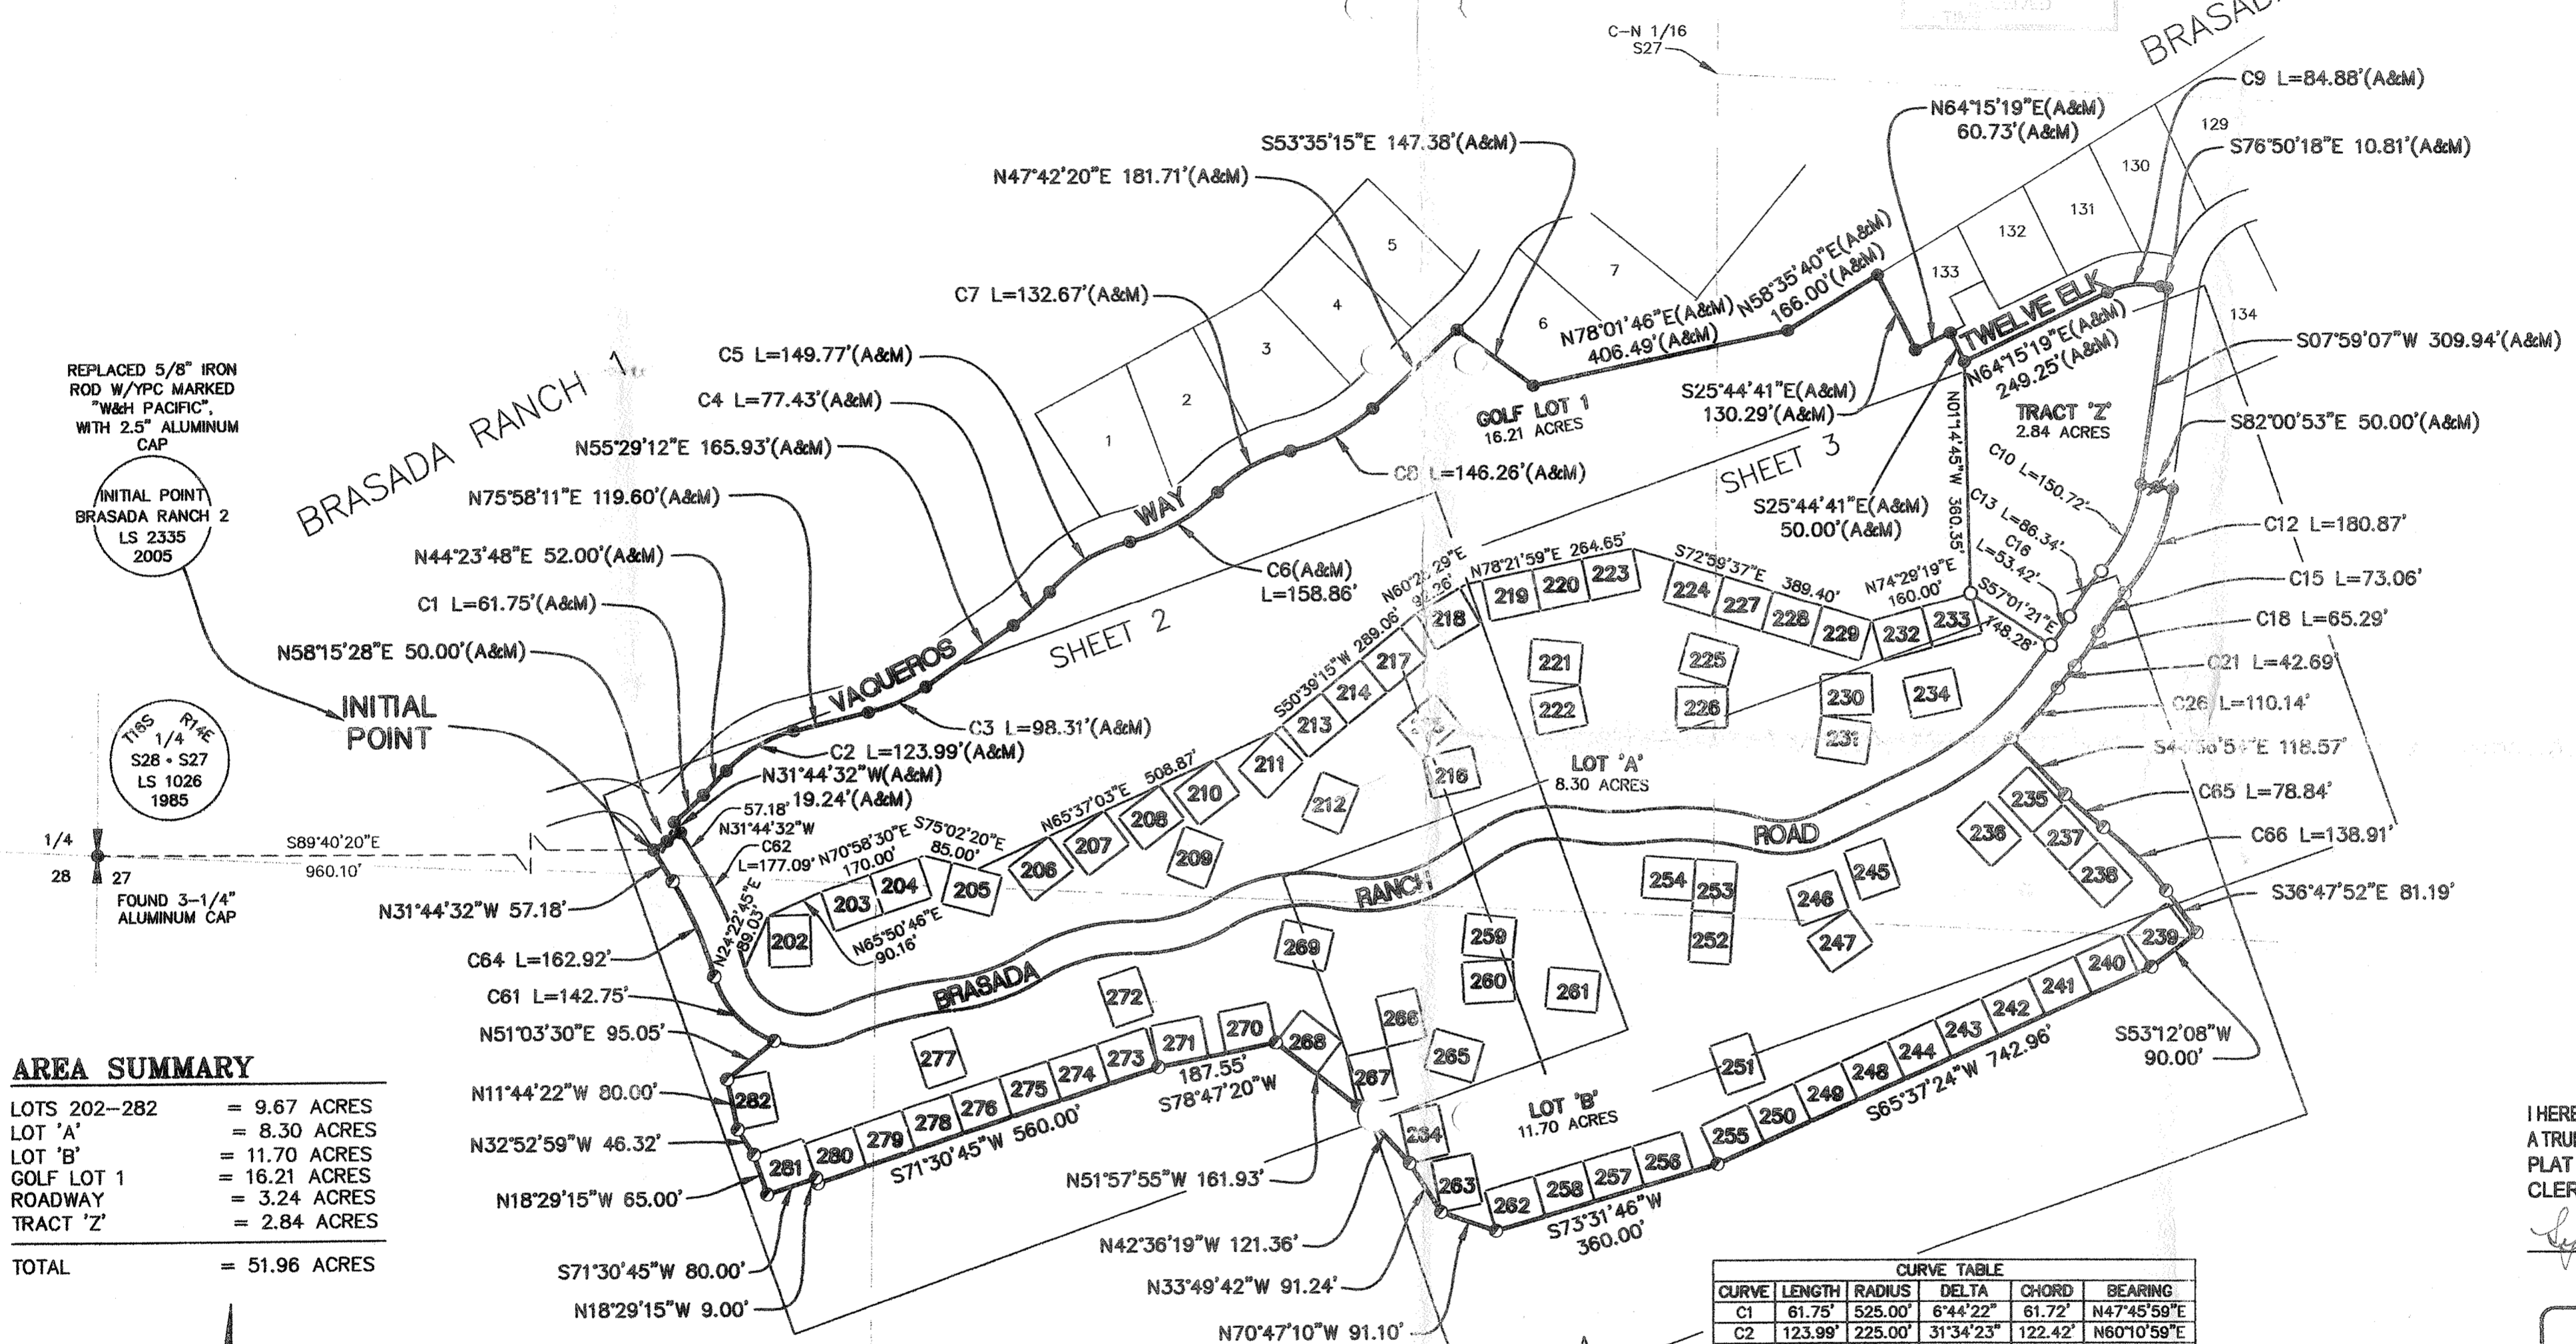

Encl. as stated

**IN THE COUNTY COURT OF THE STATE OF OREGON
FOR THE COUNTY OF CROOK**

**AN ORDINANCE DECLARING A BAN
ON PSILOCYBIN SERVICE CENTERS
AND THE MANUFACTURE OF
PSILOCYBIN PRODUCTS**

ORDINANCE 332

WHEREAS, in November 2020, Oregon voters approved Ballot Measure 109, known as the Oregon Psilocybin Service Act (codified at ORS 475A), which allows for the manufacture, delivery and administration of psilocybin at licensed facilities. In Crook County, the general public voted against Measure 109 by a margin of 64.5% against and 35.5% in favor; and

WHEREAS, ORS 475A.235 provides that the Oregon Health Authority will regulate the manufacturing, transportation, delivery, sale and purchase of psilocybin products and the provision of psilocybin services in the state; and

WHEREAS, the Oregon Health Authority has initiated a rulemaking process to implement the state's psilocybin regulatory program and intends to begin accepting applications for psilocybin-related licenses on January 2, 2023; and

WHEREAS, as of July 31, 2022, the Oregon Health Authority has not completed the rulemaking process for implementing the state's psilocybin regulatory program, and the Crook County is uncertain how the manufacture, delivery and administration of psilocybin at licensed psilocybin facilities will operate within the unincorporated portions of Crook County (i.e. beyond the city limits of the City of Prineville); and

WHEREAS, ORS 475A.718 provides that a county may adopt an ordinance to be referred to the electors of the county prohibiting the establishment of state licensed psilocybin product manufacturers and/or psilocybin service centers in the area subject to the jurisdiction of the county; and

WHEREAS, the County Court seeks to refer to the voters of Crook County the question of whether to establish a ban on state-licensed psilocybin product manufacturers and psilocybin service centers within the County's jurisdictional boundaries.

NOW, THEREFORE, the Crook County Court ordains as follows:

Section One: The above Recitals are incorporated into this Ordinance as Findings of Fact, including but not limited to the following: that Crook County voters voted against Measure 109 by a margin of 64.53% against and 35.47% in favor; that Measure 109 Section 128 created the process whereby a measure may be referred to local voters to consider whether to enact a local ban on psilocybin manufacturers or centers; and that the administrative rules governing such activities, including how they might impact local government or local public health administration, have not been issued for public review.

Section Two: Prohibition. The establishment of psilocybin product manufacturers licensed under ORS 475A.290 and psilocybin service centers licensed under ORS 475A.305 is prohibited in the unincorporated portions of Crook County.

Section Three: Referral. This ordinance is referred to the electors of the County of Crook for approval at the next statewide general election on November 8, 2022.

Section Four: Effective Date. This ordinance takes effect and becomes operative 30 days after the day on which it is approved by a majority of the voters.

Section Five: If any court of competent authority invalidates a portion of this Ordinance, the remaining portions will continue in full force and effect.

BALLOT TITLE

A caption which reasonably identifies the subject of the measure. 10-word limit under ORS 250.035(1)(a).

Prohibits psilocybin-related businesses within Crook County.

QUESTION

A question which plainly phrases the chief purpose of the measure so that an affirmative response to the question corresponds to an affirmative vote on the measure. 20-word limit under ORS 250.035(1)(b).

Shall Crook County prohibit psilocybin-related businesses in the unincorporated areas of Crook County, as permitted by Measure 109?

SUMMARY

A concise and impartial statement summarizing the measure and its major effect. 175-word limit under ORS 250.035(1)(c).

Measure 109 was approved by Oregon voters and allows operation manufacturer, distribution and possession of psilocybin and psilocin. Crook County voters voted 64.53% against Measure 109, with 35.47% in favor. State law provides that a County may adopt an ordinance to be referred to the voters to prohibit the establishment of any of those Oregon Health Authority-registered or -licensed activities.

Approval of this measure by the voters would prohibit the establishment of psilocybin product manufacturers and psilocybin service center operators within the unincorporated area subject to the jurisdiction of the County (that is, outside the jurisdiction of the City of Prineville).

EXPLANATORY STATEMENT

An impartial, simple and understandable statement explaining the measure and its effect for use in the county voters' pamphlet. 500-word limit under ORS 251.345 and OAR 165-022-0040(3).

Approval of this measure would prohibit the establishment and operation of psilocybin-related businesses within the unincorporated area of Crook County (that is, outside the jurisdiction of the City of Prineville). Ballot Measure 109 was approved by Oregon voters in 2020. Crook County voters voted 64.53% against Measure 109, with 35.47% in favor.

Measure 109 included a procedure (codified at ORS 475A.715) allowing local jurisdictions to prohibit psilocybin-related manufacturing and service centers. The process for this would be for the County Court of a County to adopt an

ordinance referring the matter to the voters of Crook County, to consider adopting such a prohibition for the areas of Crook County located outside the jurisdiction of the City of Prineville.

A “yes” vote will prohibit the establishment and operation of psilocybin product manufacturing and service centers within the unincorporated areas (areas outside the jurisdiction of the City of Prineville) of Crook County.

A “no” vote will allow the establishment and operation of psilocybin product manufacturing and service centers within the unincorporated areas (areas outside the jurisdiction of the City of Prineville) of Crook County.

MEMO

TO: Crook County Court

FROM: Eric Blaine, County Counsel

DATE: August 8, 2022

RE: Recommendation for award of Weigand Bridge construction contract
Our File No.: Road # 321(D)

The County received certain grant funds under IGA # 31739 to renovate and length a bridge over a COID irrigation canal along Weigand Road. In furtherance of this, the County engaged engineering firm Anderson Perry to prepare technical specifications and contract documents. A formal Request For Proposals was published, and seven firms submitted bids:

1. Waldon & Sons, Inc.	\$577,046.17.
2. Marcum & Sons, LLC	\$605,785.90.
3. Bent, LLC	\$719,935.00.
4. JAL Construction	\$737,740.00.
5. Cascade Civil Corp.	\$741,043.00.
6. Oregon State Bridge Const. Co.	\$845,000.50.
7. 2KG Contractors, Inc.	\$884,170.00.

The bid form submitted by Waldon & Sons, Inc. contains some errors, but my legal advice is that these errors amount to "minor informalities" under Oregon law, and do not invalidate the bid. For instance, they did not indicate whether they were an Oregon resident bidder. However, their company is registered and in good standing with the Secretary of State's Office, with a principal place of business listed as Bend, Oregon. Sufficient information is readily available from which this information may be discerned.

Bob O'Neal has reviewed the bid form and prices submitted by Waldon & Sons, and recommends that the County pursue awarding the contract to them.

If this recommendation is accepted, I would suggest the following motion:

"I move to issue a notice of intent to award to Waldon & Sons for the Weigand Bridge construction contract, and to authorize Judge Crawford to sign on behalf of Crook County once the required documents have been provided."

The contract was included as a component of the bid packet, so the general public has had the opportunity to review the contract's terms.

Please place this memo and the attached document(s) on the Wednesday, August 17, 2022 County Court Agenda as a DISCUSSION ITEM, for recommended motion.

August 9, 2022

RE: Crook County, Oregon
Central Oregon Canal - Weigand Road Bridge Replacement - 2022
Award of Construction Contract

Dear Bob:

Bids for the Central Oregon Canal - Weigand Road Bridge Replacement - 2022 project were received and opened on July 28, 2022. Seven bids were received. The apparent low bidder for the project is Waldron & Sons, Inc. A bid tabulation of all bids received is attached. The total bid amounts from the bidders are summarized on the following table.

Bidder	Total Base Bid
Waldron & Sons, Inc.	\$577,046.17
Marcum & Sons, LLC	\$598,537.90
Bent, LLC	\$719,935.00
JAL Construction, Inc.	\$737,740.00
Cascade Civil Corp	\$741,043.00
Oregon State Bridge Construction, Inc.	\$845,000.50
2KG Contractors, Inc.	\$884,170.00

The total base bid amount for the apparent low bidder is lower than the Engineer's Estimate of \$698,930.00. We have reviewed the Bid and the accompanying documents provided in the Bidder's Packet as submitted by Waldron & Sons, Inc., and their bid appears to be responsive. We have reviewed the State of Oregon Construction Contractors Board website, and it appears the license held by Waldron & Sons, Inc., is in good standing. We see no reason why Waldron & Sons, Inc., is not qualified to perform the work called for in the Contract Documents.

The Notice of Intent to Award Contract was issued on August 8, 2022, in anticipation of an award by Crook County on August 17, 2022. Per Oregon state rules associated with project funding, the Notice of Intent to Award Contract must be sent to contractors that submitted bids for the project, and then a seven-day protest period begins. Once the required seven-day protest period has expired, if no protests have been filed, and if Crook County elects to award the Contract to Waldron & Sons, Inc., please sign and date the enclosed Notice of Award and return it to me (a PDF scan is acceptable). We will forward the Notice of Award, along with the required Contract insurance and bonding forms, to Waldron & Sons,

Bob O'Neal
August 9, 2022

Inc., so the Contracts, including Performance and Payment Bonds, can be prepared for Crook County's review and approval.

If you have any questions regarding the bidding and award process or any other project information, please feel free to contact me.

Sincerely,

ANDERSON PERRY & ASSOCIATES, INC.

By 
Andy Lindsey, P.E.

G:\Clients\Crook County\Bridges\445-02 Weigand Road Bridge\Correspondence\O'Neal - Award Letter-Contract Weigand.docx

NOTICE OF AWARD

Date of Issuance:

Owner: **Crook County, Oregon**

Engineer: **Anderson Perry & Associates, Inc.**

Project: **Central Oregon Canal - Weigand Road Bridge Replacement - 2022**

Bidder: **Waldron & Sons, Inc.**

Bidder's Address: **64330 Bend-Redmond Highway, Bend, Oregon 97703**

TO BIDDER:

You are notified that Owner has accepted your Bid dated July 28, 2022, for the above Contract, and that you are the Successful Bidder and are awarded a Contract for: Central Oregon Canal - Weigand Road Bridge Replacement - 2022.

The Contract Price of the awarded Contract is: \$577,046.17

You must comply with the following conditions within 15 days of the date you receive this Notice of Award.

1. Notice of Award

Acknowledge acceptance of the Project award in the space provided on this Notice of Award form. Be sure to include the date, as well as the signature and title of the person signing the Award form. **Return all 3 copies to the Engineer.**

2. Agreement Between Owner and Contractor

Date and sign all **3** copies of the attached Agreement form. **Return all 3 copies** to the Engineer.

3. Payment and Performance Bonds

Provide the Construction Performance and Payment Bonds. Enclosed are **3** copies of the Payment Bond and **3** copies of the Performance Bond forms. Include an appropriate Power of Attorney which is properly dated with each of the bonds. **Additionally, note that the date shown on the Payment and Performance Bonds must be on or after the date shown on the Agreement.** The date on the Power of Attorney should be the same as shown on the Bond. These Payment and Performance Bond forms must be used, and no others will be accepted. Return **3** completed copies to the Engineer.

4. Certificate of Insurance

Complete the enclosed Certificate of Insurance form. The enclosed Certificate of Insurance form is the only acceptable form to be used for this project. Standard ACORD forms from the insurance company will be required to be attached to this form. Be sure to include Worker's Compensation certificates. Return all **3** copies to the Engineer.

5. Statutory Public Works Bond

The Contractor and applicable Subcontractors must file a Public Works Bond with the Construction Contractor's Board in accordance with Oregon Laws 2005, Chapter 360, Section 2. Verification that this bond has been filed by the Contractor must be submitted to the Engineer.

6. Other requirements

Failure to comply with these conditions within the time specified will entitle Owner to consider you in default, annul this Notice of Award, and declare your Bid security forfeited.

Within 20 days after you comply with the above conditions, Owner will return to you one fully executed counterpart of the Agreement and Contract Documents.

Crook County, Oregon

Central Oregon Canal - Weigand Road Bridge Replacement - 2022

TABLE OF CONTENTS

	Page
ARTICLE 1 – Bid Recipient.....	1
ARTICLE 2 – Bidder’s Acknowledgements	1
ARTICLE 3 – Bidder’s Representations	1
ARTICLE 4 – Bidder’s Certification	2
ARTICLE 5 – Bid Schedule	3
ARTICLE 6 – Time of Completion	5
ARTICLE 7 – Attachments to this Bid	5
ARTICLE 8 – Defined Terms	5
ARTICLE 9 – Bid Submittal	5

ARTICLE 1 – BID RECIPIENT

- 1.01 This Bid is submitted to:

**Crook County, Oregon
1306 N. Main Street
Prineville, Oregon 97754**

- 1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

- 2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 60 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

- 3.01 In submitting this Bid, Bidder represents that:

- A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

<u>Addendum No.</u>	<u>Addendum Date</u>
<u>1</u>	<u>7-19-22</u>
<u> </u>	<u> </u>
<u> </u>	<u> </u>
<u> </u>	<u> </u>

- B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
- C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.
- D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.
- E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of

such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

- F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.
- G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.
- H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.
- I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.
- J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

- A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;
- B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;
- C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and
- D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:
 - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;
 - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;
 - 3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and
 - 4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

**INSTRUCTIONS FOR
FIRST-TIER SUBCONTRACTOR DISCLOSURE FORM**

1. This form must be submitted within two (2) working hours of the advertised Bid closing date and time. (See disclosure deadline on Disclosure Form and location where form must be submitted.) Working hours include the hours between 8 a.m. and 5 p.m., excluding the noon hour.
2. This form may be submitted to the Owner by one of three means:
 - a. Include the completed form in the envelope containing the Bid, and note on the outside of the envelope that the form is included.
 - b. Submit the completed form to the Owner separately from the Bid, within the time required, to the address listed on the form.
 - c. Fax the completed form to the fax number shown on the form.
3. Reference ARTICLE 22 in the Instructions to Bidders for further instructions relative to this disclosure.

NOTE: It shall be the Bidder's sole responsibility to ensure the form is delivered to the Owner within the required deadline. The Owner assumes no liability for a malfunction of the Owner's equipment or for any other cause. The resulted failure of the Owner to receive the Disclosure Form due to fax problems or any other problem will not relieve the Bidder from meeting the deadline.

Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.
2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.
3. This obligation shall be null and void if:
 - 3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or
 - 3.2 All Bids are rejected by Owner, or
 - 3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).
4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.
5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.
6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.
7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.
8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.
9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.
10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.
11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

BIDDER'S PERFORMANCE AND PAYMENT BOND STATEMENT

(Name of Contractor) Waldron & Sons, Inc, hereinafter referred to as Bidder, is submitting a Bid to **Crook County, Oregon**, pursuant to the latter's Advertisement for Bids for the Project **Central Oregon Canal - Weigand Road Bridge Replacement - 2022**.

Bidder certifies that if it is awarded the Contract, Bidder has the financial ability to obtain good and sufficient bonds issued by a surety to the Owner in sums equal to the amount of the Bid providing for the faithful performance of the Contract and payment of labor and materials.

The surety requested to issue the Performance and Payment Bonds will be

Intact Insurance Bidder hereby authorizes
(Surety Company)

Intact Insurance to disclose any information
(Surety Company)

to the Owner concerning Bidder's ability to supply Performance and Payment Bonds in the amount of the Contract.

Note: Addresses are to be used for giving any required notice.

Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.
2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.
3. This obligation shall be null and void if:
 - 3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or
 - 3.2 All Bids are rejected by Owner, or
 - 3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).
4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.
5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.
6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.
7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.
8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.
9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.
10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall

govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

Principal: Waldron & Sons, Inc

Obligee: Crook County

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: Melissa Wolf, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: sixty million dollars (\$60,000,000) and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this fifth day of March, 2020.

STATE OF MINNESOTA
HENNEPIN COUNTY

By

Paul J. Brehm, Senior Vice President

On this fifth day of March, 2020, before me personally came Paul J. Brehm, Senior Vice President of ATLANTIC SPECIALTY INSURANCE COMPANY, to me personally known to be the individual and officer described in and who executed the preceding instrument, and he acknowledged the execution of the same, and being by me duly sworn, that he is the said officer of the Company aforesaid, and that the seal affixed to the preceding instrument is the seal of said Company and that the said seal and the signature as such officer was duly affixed and subscribed to the said instrument by the authority and at the direction of the Company.

Notary Public

I, the undersigned, Assistant Secretary of ATLANTIC SPECIALTY INSURANCE COMPANY, a New York Corporation, do hereby certify that the foregoing power of attorney is in full force and has not been revoked, and the resolutions set forth above are now in force.

Signed and sealed. Dated 28th day of July, 2022.

Christopher V. Jerry, Secretary

BIDDER'S CERTIFICATION STATEMENTS AS REQUIRED BY

CERTAIN OREGON REVISED STATUTES (ORS)

The Bidder, Waldron & Sons, Inc., certifies to the following:
(Company Name)

- (1) Bidder is registered with the Oregon Construction Contractors Registration Board in accordance with ORS 701.035 through 701.055. The Bidder certifies that Registration Number 147687 allows his/her company to perform Work on Public Works Projects and that this registration is current and valid. The Bidder further certifies that, if awarded the Contract, all Subcontractors performing Work will be registered with the Construction Contractors Registration Board in accordance with ORS 701.035 through 701.055 before the Subcontractors commence Work under the Contract (reference ORS 279C.365).
- (2) Bidder agrees to be bound by and will comply with the provisions of the Oregon Prevailing Wage Law (ORS 279C.800 through ORS 279C.870 and OAR 839-25) and, if applicable, the federal Davis-Bacon Act (40USC1371-1377), which provides for payment of not less than the applicable prevailing wage rate (state or federal, whichever is greater), including fringe benefits, the posting of wage rates on the jobsite, the furnishing of payroll certifications, and other requirements. In addition, the Bidder will comply with ORS 279C.520 and 279C.540 in the hours of employment and the payment of overtime.
- (3) Bidder is in compliance with State of Oregon tax laws in accordance with ORS 305.385.
- (4) Bidder, in accordance with ORS 279A.110, does not discriminate against minorities, women, or emerging small business enterprises in obtaining any subcontracts (reference ORS 279A.110).
- (5) Bidder is a [Non-resident Bidder] or [Resident Bidder] **(circle correct designation)** as defined in ORS 279A.120. "Resident Bidder" means a Bidder that has paid unemployment taxes or income taxes in the State of Oregon during the 12 calendar months immediately preceding submission of the Bid and has a business address in the State of Oregon (reference ORS 279C.365).
- (6) Bidder and Bidder's Subcontractors are not on the Oregon Construction Contractors Board list of corporations, partnerships, or other business entity of which the Contractor or Subcontractor is an owner, shareholder, or officer of the business or was an owner or officer of the business and who have been determined not to be qualified to hold or participate in a public contract for a public improvement.
- (7) Bidder has an employee drug testing program that meets state and federal standards (reference ORS 279C.505).

- 5.02 Bidder acknowledges that (1) each Bid Unit Price includes an amount considered by Bidder to be adequate to cover Contractor's overhead and profit for each separately identified item, and (2) estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids, and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents.

FIRST-TIER SUBCONTRACTOR DISCLOSURE FORM
(OAR 137-049-0360)

PROJECT NAME: Crook County, Oregon - Central Oregon Canal - Weigand Road Bridge Replacement - 2022

BID CLOSING: Date: July 28, 2022 Time: 2:00 PM (Local Time)

DISCLOSURE DEADLINE: Date: July 28, 2022 Time: 4:00 PM (Local Time)

BID OPENING: Date: July 28, 2022 Time: 2:00 PM (Local Time)

This form must be submitted within two (2) working hours after the advertised Bid closing date and time, no later than the DISCLOSURE DEADLINE stated above. Working hours include the hours between 8 a.m. and 5 p.m.

List below the Name, Address, Type of Work Performed, Contact Name, and Telephone Number of each Subcontractor who will be furnishing labor or labor and materials that are required to be disclosed. Enter "NONE" if there are no Subcontractors who need to be disclosed. (IF NEEDED, ATTACH ADDITIONAL SHEETS.)

	NAME/ADDRESS	TYPE OF WORK PERFORMED	DOLLAR AMOUNT OF WORK	CONTACT NAME/PHONE #
1)	Dirt & Aggregate Interchange	Guardrail	37,700.00	503-661-5093
2)	Knife River	Asphalt	41,716.00	541-388-0445
3)				

The above listed first-tier Subcontractor(s) are providing labor or labor and materials with a Dollar Value equal to or greater than:

- a) Five (5) percent of the total Contract Price, but at least \$15,000 (including all alternates). If the Dollar Value is less than \$15,000, do not list the Subcontractor above; or
- b) \$350,000 regardless of the percentage of the total Contract Price.

FAILURE TO SUBMIT THIS FORM BY THE DISCLOSURE DEADLINE WILL RESULT IN A BID SUBMITTED BECOMING NON-RESPONSIVE, AND SUCH BIDS SHALL NOT BE CONSIDERED FOR AWARD!

Form Submitted By (Bidder Name): Waldron & Sons, Inc

2020 GMC DENALI 3500 HD DURAMAX IS A BEAST!
By Merlinsmerc | Friday, January 22, 2021

5.0

Pulling a conventional 10,000 lb trailer over mountain passes is a whole new experience.
Staying at the speed limit up long steep grades did not change the engine...

LOVE OUR TRUCK
By Ron | Friday, December 11, 2020

5.0

The truck doesn't have a sun roof which it was suppose to have

IS GOOD
By David | Monday, April 04, 2022

3.0

Have a good esthetic and look aggressive,the front is very good and look like old and modern.
