

# DON'T LET FENTANYL KILL YOU — HERE'S HOW YOU CAN STAY ALIVE!

**Help one another.  
Do not use alone — pair up.**

**Fentanyl kills quickly.  
Make sure you and friends carry naloxone.**

**Fentanyl comes in pills, pure powder, and powder mixed with other drugs such as heroin and cocaine.  
You cannot see, smell or taste fentanyl.**

**If you suspect an overdose, call 911.  
Every minute counts when saving a life.**

**Call 877-923-4357 at any time to speak with a qualified Oregon substance abuse specialist who is ready to listen and help.**
